The Incredibles Top 10s

NASCAR's Extreme Makeover After more than 30 years of stability and continuity, this season will bring about some of the most sweeping changes in NASCAR history, both on the track and in the boardroom. Yellow and black are now replacing traditional NASCAR red at racetracks across the country, as Nextel grabs the cup from Winston. To improve competition and add excitement to the schedule, NASCAR has tinkered with the cars, the schedules, the point system, and even the formula for awarding starting positions. With new leaders and new teams, stock car racing fans will need *The Unauthorized NASCAR Fan Guide 2004* by their side to keep track of who's who and what's what. "I don't think we've ever had a season when so much new was coming all at once," says Richard Petty, seven-time NASCAR champion. "We've had personnel changes and sponsorship changes and rules changes and stuff like that, but never at the same time. Just about everything will be different. It's gonna take some getting used to." With something of interest for every stock car racing fan, *The Unauthorized NASCAR Fan Guide 2004* explains all the new wrinkles. As always, the Fan Guide's favorite sections are back, including a season-by-season summary and the standings for every NASCAR season from 1949 to 2003. * Relive the thrilling 2003 season race by race. * Check out your favorite driver in the Driver Register. * Learn which teams will be running in 2004 in the Team Directory. * Read about the exciting, down-to-the-wire action in the Busch series and Craftsman Truck series. And have at your fingertips hundreds of pages of pure racing adrenaline.

Looks at some of the world's unusual animals, with facts, maps and data supporting the science and geography curricula. This series looks at animals in relation to their physical environment and the rest of the animal kingdom. It uses 'Trading card' feature boxes acting as graphic organizer to help reinforce key facts.
