F*ck! I'm in My Twenties

It's campy, it's cool, empty, intrusive, trite, and treacly. It's Big Brother singing. Call it what you will -- elevator music, Moodsong ® easy listening, or Muzak ®. For a musical genre that was supposed to offend no one, it has a lot of enemies. Musical cognoscenti decry its insipid content; regular folk -- if they notice -- bemoan its pervasiveness; while hipsters and campsters celebrate its retro chic. Mindful of the many voices, Joseph Lanza's Elevator Music sings seriously, with tongue in cheek, the praises of this venerable American institution. Lanza addresses the criticisms of elites who say that Muzak and its ilk are dehumanized, vapid, or cheesy. These reactions, he argues, are based more on cultural prejudices than honest musical appraisal. Says Lanza, today's so-called mood music is the inheritor of a long tradition of mood-altering music stretching back to the ancients; Nero's fiddle and the sirens of Odysseus being two famous examples. Contemporary atmospheric music, Lanza argues, not only serves the same purpose, it is also the inevitable background for our media-dominated age. One of Lanza's premises, to quote Mark Twain, is that this music is "better than it sounds." "This book will have succeeded in its purpose," he writes, "if I can help effacethe distinction between one person's elevator music and another's prized recording." Joseph Lanza is an author, producer, and music historian. His most recent book is Russ Columbo and the Crooner Mystique.

The 5 Love Languages for Men

Allison Trowbridge harnesses the power of story in a series of letters to an imagined young woman wrestling with the questions that arise as she stands on the precipice of adulthood. Our life's journey is our life's destination. Never in history has a young woman had so many options before her, yet never has she had less direction or guidance on what to do with them. A woman at the precipice of adulthood often finds herself with more questions than answers, with more disenchantment than direction. How is she supposed to "lean in" to a successful career while also building deeply meaningful relationships? How can she care for the community around her while simultaneously developing a global mindset and changing the world? How can she be all that she is destined to be without feeling paralyzed by the pressure of so many prospects? Allison Trowbridge knows this dilemma well. She remembers stepping into her twenties and wishing for a mentor to guide

her through this dizzying season of life. In *Twenty-Two*, she becomes the mentor she was looking for. Drawing from her own experience and from the wisdom of others, she offers advice and counsel in a series of personal letters to "Ashley," a fictional college student looking for mentorship from someone one step ahead in life. Over the course of twenty-two letters, Trowbridge addresses a wide range of practical issues and ties them to larger concerns such as identity, loss, social impact as a lifestyle, wisdom in the ordinary moments, and the profound way God's work is realized in how we live every day. Subtly weaving in today's pressing social concerns—from poverty in our neighborhoods to human trafficking across the globe—*Twenty-Two* will inspire a greater sense of mission and a passion to live more fully as young women embark on their own remarkable journeys.

20 Relationship Secrets for Your Twenties

DeVon Franklin, New York Times bestselling author of *The Wait* and prominent Hollywood producer, reveals that secular and spiritual success are not opposites. To have one, you need the other. Are you tired of living a life paralyzed by fear? Are you anxious to break free of the "beware mentality" that has kept generations of well-meaning people living beneath the fullness of their calling? You're unfulfilled because you've been convinced that you would lose your faith if you pursued the secular ambitions God has put in your heart. However, until you pursue those ambitions you will miss out on the fullness of God and the success you were created to have. For too long there's been a line drawn between the spiritual and the secular, and we have been conditioned to believe that if we cross this line in either direction, we will have gone too far. It's time to break down this barrier so you are free to go further than any believer has gone before. *The Hollywood Commandments* combines spiritual teachings with secular strategies to help you achieve unprecedented success and live the life you were destined to live.

Almost Adulting

Wickedly hilarious and utterly recognizable, *Girls in White Dresses* tells the story of three women grappling with heartbreak and career change, family pressure and new love—all while suffering through an endless round of weddings and bridal showers. Isabella, Mary, and Lauren feel like everyone they know is getting married. On Sunday after Sunday, at bridal shower after bridal shower, they coo over toasters, collect ribbons and wrapping paper, eat minuscule sandwiches

and doll-sized cakes. They wear pastel dresses and drink champagne by the case, but amid the celebration these women have their own lives to contend with: Isabella is working at a mailing-list company, dizzy with the mixed signals of a boss who claims she's on a diet but has Isabella file all morning if she forgets to bring her a chocolate muffin. Mary thinks she might cry with happiness when she finally meets a nice guy who loves his mother, only to realize he'll never love Mary quite as much. And Lauren, a waitress at a Midtown bar, swears up and down she won't fall for the sleazy bartender—a promise that his dirty blond curls and perfect vodka sodas make hard to keep. With a wry sense of humor, Jennifer Close brings us through those thrilling, bewildering, what-on-earth-am-I-going-to-do-with-my-life years of early adulthood. These are the years when everyone else seems to have a plan, a great job, and an appropriate boyfriend, while Isabella has a blind date with a gay man, Mary has a crush on her boss, and Lauren has a goldfish named Willard. Through boozy family holidays and disastrous ski vacations, relationships lost to politics and relationships found in pet stores, *Girls in White Dresses* pulls us deep inside the circle of these friends, perfectly capturing the wild frustrations and soaring joys of modern life. **BONUS:** This edition includes an excerpt from Jennifer Close's *The Smart One*.

Life Skills

New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, *The Defining Decade* weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. *The Defining Decade* is a smart, compassionate and constructive book about the years we cannot afford to miss.

I'm in My Twenties perfectly captures the new generation currently testing the waters of post-college reality. Twenty Guys You Date in Your Twenties

The Defining Decade for the #Adulting generation—a book that blends storytelling and data to unpack the choices you make in your twenties, why they matter, and how to turn those critical years into a launchpad for the life you want. We tend to think of our twenties as a playground for life: A time for low-consequence experimentation and delaying big decisions. But the truth is that while you're muddling through those years—exploring new cities, dating the wrong people, hopping between jobs—a small shift in your flight path can mean the difference between landing on Mars or Saturn. As the data shows, the choices we make (or put off) during this critical decade about our career, marriage, health, friends, even downtime have the greatest impact on how our lives play out. For example, did you know that people who marry between the ages of 28 and 32 have the lowest risk of divorce? And that the average 25 year old has 20 close friends, but this will shrink to 8 after age 40? And that most of us don't acquire new hobbies after we hit our thirties? Rather than prescribing one correct path (who are we kidding, there's no such thing anyway!), Elizabeth Segran invites readers to think critically and holistically about the life they want to build. With signature warmth and humor, Segran is the guide we all wish we had to show us the way. Blending insightful anecdotes with research from economics, sociology, and political science, *The Rocket Years* is an empowering exploration of these exciting, confusing, wonderful years.

NEW YORK TIMES BEST SELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY: NPR, The New York Times Book Review, Time, Wall Street Journal, Washington Post • The McKinsey Business Book of the Year The full inside story of the breathtaking rise and shocking collapse of Theranos, the one-time multibillion-dollar biotech startup founded by Elizabeth Holmes—now the subject of the HBO documentary The Inventor—by the prize-winning journalist who first broke the story and pursued it to the end. "The story is even crazier than I expected, and I found myself unable to put it down once I started. This book has everything: elaborate scams, corporate intrigue, magazine cover stories, ruined family relationships, and the demise of a company once valued at nearly \$10 billion." —Bill Gates In 2014, Theranos founder and CEO Elizabeth Holmes was widely seen as the female Steve Jobs: a brilliant Stanford dropout whose startup "unicorn" promised to revolutionize the medical industry with a machine that would make blood testing significantly faster and easier. Backed by investors such as Larry Ellison and Tim Draper, Theranos sold shares in a fundraising round that valued the company at more than \$9 billion, putting Holmes's worth at an estimated \$4.7 billion. There was just one problem: The technology didn't work. A riveting story of the biggest corporate fraud since Enron, a tale of ambition and hubris set amid the bold promises of Silicon Valley.
