### Meditations

This unique, practical and accessible healing manual explores the most powerful methods of healing, primarily focusing on guided imagery, a healing technique integrating the connection between mind and body. "Well-researched and authoritative." Belleruth Naparstek, LISW, The Guided Imagery Resource Center

### The Guided Meditation Handbook

"I recommend this thoughtful, experienced guidance for use by psychotherapists, meditation teachers, chaplains, and wellness, sports or personal coaches - in other words, anyone who wants to incorporate their own recorded guided meditation audios into their practice, to enhance their impact during "off hours," with the help of these empowering, adjuvant tools."Belleruth Naparstek ACSW creator of Health Journeys and author of Invisible Heroes, Survivors of Trauma and How They Heal." Do you want to help those you serve reduce their anxiety, cope with pain, improve their sleep and learn self-care strategies that work? In this book, you learn from a guided imagery meditation recording artist and therapist with over 26 years of experience in writing and recording meditations. Glenda's recordings are featured on several meditation Apps, as well as in hospitals and wellness centers. This book will inspire you with 70 healing scripts, give you helpful tips, cover foundational information about imagery and meditation, and offer ideas for writing and recording your own guided imagery meditation scripts. As you read this guide, you will learn how Glenda healed herself with this powerful transformational practice, as well as immerse yourself into the realm of imagery where deep change occurs.

## Invisible Heroes

An inclusive, research-based guide to working the 12 steps: a trauma-informed approach for clinicians, sponsors, and those in recovery. Step 1: You admit that you're powerless over your addiction. Now what? 12-step programs like Alcoholics Anonymous (AA) and Narcotics Anonymous (NA) have helped countless people on the path to recovery. But many still feel that 12-step programs aren't for them: that the spiritual emphasis is too narrow, the modality too old-school, the setting too triggering, or the space too exclusive. Some struggle with an addict label that can eclipse the histories, traumas, and experiences that feed into addiction, or dismisses the effects of adverse experiences like trauma in the first place. Advances in addiction medicine, trauma, neuropsychiatry, social theory, and overall strides in inclusivity need to be integrated into modern-day 12-step programs to reflect the latest research and what it means to live with an addiction today. Dr. Jamie Marich, an addiction and trauma clinician in recovery herself, builds necessary bridges between the 12-step's core foundations and up-to-date developments in trauma-informed care. Foregrounding the intersections of addiction, trauma, identity, and systems of oppression, Marich's approach treats the whole person--not just the addiction--to foster healing, transformation, and growth. Written for clinicians, therapists, sponsors, and those in recovery, Marich provides an extensive toolkit of trauma-informed skills that:

- \* Explains how trauma impacts addiction, recovery, and relapse
- \* Celebrates communities who may feel excluded from the program, like atheists, agnostics, and LGBTQ+ folks
- \* Welcomes outside help from the fields of trauma, dissociation, mindfulness, and addiction research
- \* Explains the differences between being trauma-informed and trauma-sensitive; and
- \* Discusses spiritual abuse as a legitimate form of trauma that can profoundly impede spirituality-based approaches to healing.

## 10 Simple Solutions to Worry

Integrative Nursing uses an evidence-based approach to provide nursing protocols for the management of conditions that respond well to integrative treatment. Alternative and complementary therapies are not presented as substitutes for mainstream medical care, but they are "integrated" into the overall regimen, and always subjected to critical analysis.

## A Handful of Quiet

Throughout our lives we long to love ourselves more deeply and find a greater sense of connection with others. Our fear of intimacy—both with others and with ourselves—creates feelings of pain and longing. But these feelings can awaken in us the desire for freedom and the willingness to take up the spiritual path. In this inspiring book, Sharon Salzberg, one of America's leading spiritual teachers, shows us how the Buddhist path of lovingkindness can help us discover the radiant, joyful heart within each of us. This practice of lovingkindness is revolutionary because it has the power to radically change our lives, helping us cultivate true happiness in ourselves and genuine compassion for others. The author draws on simple Buddhist teachings, wisdom stories from various traditions, guided meditation practices, and her own experience from twenty-five years of practice and teaching to illustrate how each one of us can cultivate love, compassion, joy,

and equanimity.

## **Comprehensive Nursing Care for Parkinson's Disease**

In this second collection of relaxation exercises, Julie Lusk has gathered 30 more ready-to-use scripts from experts in the field of guided imagery. Volume 2 of 30 Scripts for Relaxation, Imagery & Inner Healing offers a wide variety of guided meditations to help you relax more deeply, lose weight, quit smoking, connect with nature, manage physical pain, and converse with your inner, personal guide.

## **Guided Imagery for Self-Healing**

Help yoga students to access a deep state of relaxation with this guided meditation handbook. Offering yoga teachers scripts for guided meditations, students can learn how to cultivate positive emotions and let go of negative ones. Including practical information on how to set the scene for meditation in a yoga class, using music, lighting and props, the book also advises on how to introduce a meditation practice to yoga students. It explores the benefits of meditation for people from all walks of life, including sleep-deprived parents and those suffering from post-traumatic stress. Six scripts are dedicated to Hasta Mudra meditations and utilising the healing power of traditional hand gestures. The scripts can be used to open or close a class, and there is also guidance on how to create original meditations.

## **Guided Imagery**

Pebble meditation is a groundbreaking and completely unique technique to introduce children to the calming practice of meditation. Developed by Zen master, best selling author, and peace Nobel Prize nominee Thich Nhat Hanh A Handful of Quiet contains complete instructions for pebble meditation designed to involve children in a hands-on and creative way that touches on their interconnection with nature. Whether practiced alone or with the whole family, pebble meditation can help relieve stress, increase concentration, nourish gratitude, and can help children deal with difficult emotions. Beautiful color illustrations by Wietske Vriezen, illustrator of Planting Seeds (ISBN-13: 978-1-935209-80-5) and Mindful Movements (978-1-888375-79-4).

## **The Headspace Guide to Meditation and Mindfulness**

First published in 1991 and based on the transcripts of four of Shakti Gawain's audiocassettes, this new edition includes all the original meditations as well as those from more recent works that focus on intuition and prosperity. These meditations can be used to help readers and practitioners tap into creativity; discover their inner child; connect with their inner guide; explore the male and female within; and much more. This new edition is nearly twice as long as the previous one, with twice as many meditations; it also includes a new introduction by the author.

## **Mindfulness Cards**

Kids love yoga—and it's great for them, so much so that the President's Council has added the practice to the fitness activities in the annual President's Challenge. For parents and caregivers looking for a fun and effective new routine for bedtime, innovative educator Mariam Gates presents Good Night Yoga, a playful yet wholly practical book for preparing for sleep. This beautifully illustrated, full-color book tells the story of the natural world as it closes down for the night, while teaching children a simple flow of yoga postures inspired by their favorite characters from nature. Moving from "Sun Breath" to "Cloud Gathering" to "Ladybug & Butterfly" and more, readers learn techniques for self-soothing, relaxing the body and mind, focusing attention, and other skills that will support restful sleep and improve overall confidence and well-being.

## **A Guide for Writing and Recording Guided Imagery Meditations**

Poems inspired by yoga, meditation and the natural world, by long-term practitioner and teacher of yoga.

## **30 Scripts for Relaxation, Imagery & Inner Healing, Volume 2 - Second Edition**

Bestselling guided imagery author Max Highstein offers 100 of his best scripts for counselors, healers, clergy, teachers, psychology students and others. Choose from 100 evocative guided inner journeys that soothe, inspire, and delight. Topics include: - Finding Peace and Calm- Healing and the Mind-Body Connection- Improving Sleep- Emotional Wellbeing and Happiness- Visualization for Success- Learning to Meditate- Higher Guidance and Insight- Connecting with Spiritual Figures- Kids and Family- 12-Step Programs

## **Guided Imagery**

## **The Handbook of Behavior Change**

This book includes 5 free guided meditation mp3's for you to download. The guided meditations are: - Body Awareness Mindfulness Meditation - Deep Relaxation Guided Meditation - Master Your Imagination Mindfulness Meditation - Recentring Mindfulness Meditation - Reduce Stress Guided Meditation This book is a collection of 35 royalty-free therapeutic guided meditations mixing meditation with psychological therapy to create highly effective guided meditations to be read to others to guide them, or recorded to be listened to. Many of these meditations use a mindfulness or focused meditation approach whilst mixing in therapeutic elements from cognitive-behavioural therapy for the listener to hear both to contemplate on or follow during the meditation, and/or to learn to do additionally outside of the meditation setting. These meditations can be for personal use, used with clients and groups, or used to make your own meditation products like CD's or Mp3 downloads. Dan Jones has over 20 years' experience with the healing arts, he has studied various forms of meditation and

therapy. His YouTube videos have been viewed over 1.5 million times, and his self-help mp3's have been downloaded over 500,000 times.

### **F\*ck That**

As a former Buddhist monk with over 10 years of teaching experience, Andy Puddicombe has been acknowledged as the UK's foremost mindfulness meditation expert. Like his readers and students, he began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine-proving that just 10 minutes a day can make a world of difference. Simple exercises, stories and techniques culled from Andy's years of experience will help anyone calm the chatter in their minds. The result? More headspace, less stress. Get Some Headspace also brings us the extraordinary science behind this seemingly simple cure-all. This book and practice will help readers positively impact every area of their physical and mental health through mindfulness, from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships and the list goes on and on.

### **Staying Well With Guided Imagery**

Meditation is an effective, life-long practice that can help people with Asperger Syndrome to steer their own life course and improve wellbeing. This useful guide provides Aspies with a clear explanation of how to reap the benefits of welcoming meditation practices into their lives. In addition to its great value as a relaxation technique, meditation can positively influence emotions, curb anxiety and meltdowns, and promote self-esteem and self-awareness. This book discusses why common Aspie character traits such as dedication and introversion make people with Asperger Syndrome particularly well suited to practicing meditation and offers guidance on choosing the right type of meditation to suit each individual's needs. With useful advice on how to begin, where to meditate, what to wear, and much more, the book shows that meditation can be a powerful everyday technique for personal development and self-discovery.

### **Imaginations 2**

This engaging deck makes it easy to bring awareness, calm, and joy to everyday life. Each card includes an inspiring phrase on the front and a bite-size mindfulness exercise on the back. Packaged in an eye-catching box with foil stamping, the cards are divided into four color-coded mindfulness categories: Rest & Balance, Insight & Awareness, Curiosity & Joy, and Kindness. Users can draw one card to form an intention for the day, or pull several for a more complex reading or to display around the home or office as inspiring mantras. Featuring more than 50 accessible and enlightening practices (plus 8 blank cards for personalization), these cards are an easy way to cultivate mindful moments--anytime and anywhere.

### **Yoga Nidra Meditations**

Bestselling guided imagery author Max Highstein shares indispensable tips and techniques for crafting guided meditations that inspire, uplift, and heal. For counselors, teachers, healers, yoga instructors, clergy—anyone who wants to bring excellence to their work. Brimming with clear instruction on everything from conception to publishing, this book also includes 12 complete guided meditation scripts with notes and analysis. A must-have resource for guided meditation leaders, and the perfect companion to Max Highstein's book, The Healing Waterfall, 100 Guided Imagery Scripts for Counselors, Healers, & Clergy.

### **Meditation for Aspies**

Two anxiety experts team up to provide readers with these ten simple, engaging, proven-effective cognitive behavioral strategies to combat excessive worry, an energy-sapping condition that often leads to more serious anxiety-related problems.

### **Guided Meditations for Health & Wellbeing**

Let this book help you find peace with the challenges that surround you. Because they are f\*cking everywhere. We all have an inner voice. Sometimes it's just not quite as serene as we'd like. Based on the viral video that had everyone from yogis to workaholics raving, F\*ck That is the completely truthful and oddly tranquil guide to achieving your inner peace. From the Hardcover edition.

### **Good Night Yoga**

"This is a wonderful resource for nurses and other healthcare professionals providing care for patients with Parkinson's Disease (PD). This unique book provides readers with access to multiple experts in the field and a wide variety of pertinent topics in the care of patients with PD. This is an excellent addition to the field and will be extremely useful for interdisciplinary teams caring for these patients." Score: 100, 5 stars --Doody's The incidence of Parkinson's is growing as the number of older adults making up the general population increases. The demand for nurses who specialize in the care of patients with movement disorders is also increasing and it is crucial that they have a comprehensive manual for patient care. Lisette Bunting-Perry and Gwyn Vernon have years of experience working with Parkinson's patients and have put together a team of internationally renowned clinicians who provide a truly comprehensive review of the information you need for the care of patients with this complex clinical profile. Comprehensive Nursing Care for Parkinson's Disease covers what is presently known about the disease and current evidence-based standards of care, including management through deep brain stimulation, palliative care for frail older

adults with Parkinson's, medication management, nonmotor complications and psychosocial issues, and complementary and alternative approaches. This is an indispensable bedside companion in caring for those with Parkinson's as well as a much needed catalyst for the evaluation of future patient needs and the further development of comprehensive models of care.

### **Yoga Nidra**

A training resource for educators and group leaders containing structured exercises in wellness promotion. The user can mix and match the exercises to create workshops for a groups of any size.

### **Integrative Nursing**

In this powerful book, a pediatrician specializing in teen and adolescent medicine offers a breakthrough mindfulness program to help you deal with stress in healthy ways, improve communication, and reduce conflicts with family and friends. Being a teen is stressful! Whether it's school, friends, or dating, the teen years are full of difficult changes—both mentally and physically. If you're like many teens, you may have difficulty dealing with stress in effective ways. You aren't alone, and there are things you can do to stay calm, no matter how stressful life becomes. All you need to do is stop, breathe, and be mindful and aware in the present moment. The Mindful Teen offers a unique program based in mindfulness-based stress reduction (MBSR) and mindfulness-based cognitive therapy (MBCT) to help you deal with stress. The simple, practical, and easy-to-remember tips in this book can be used every day to help you handle any difficult situation more effectively—whether it's taking a test at school, having a disagreement with your parents, or a problem you are having with friends. If you're ready to uncover your own inner strength and resilience through mindful awareness and take charge of your life, this book will show you how.

### **The Guided Meditation Handbook**

If you want a meditation script that's effective and easy to follow, then you must read on. A meditation script will help you in your meditation session and dramatically improve its effectiveness. Mindful meditation can improve different aspects of your life. Practising mindfulness meditation will help you live better, with less stress and in a healthier manner and will improve your focus and productivity in your overall life.

### **Staying Well With Guided Imagery**

Using the techniques of imagery, total body wellness can be achieved without prescriptive medicine. With this comprehensive, user-friendly primer, readers will learn just what guided sensory imagery is and how to create powerful images in the mind that direct the body to heal--both emotionally and physically.

## **Bridging the Gender Gap**

'I would recommend reading this enjoyable book in which the authors convey practical, creative and compassionate authenticity throughout. I think it will appeal to experienced counsellors, psychotherapists and arts therapists. It will also be a valuable resource to students' - Therapy Today 'Hall et al bring many years of practice and academic experience to their material. The book is accessible in its style and makes extensive use of interesting case histories' - Eisteach (Journal for the Irish Association of Counselling and Psychotherapy) 'fascinating scenarios. a useful book to have - I have really enjoyed reading it' - International Arts Therapies Journal (Online) Guided Imagery is a unique, practical guide to using imagery in one-to-one therapeutic work with clients. Through numerous examples drawn from their own experience, the authors show how the techniques involved can be integrated into everyday practice. The authors describe the different processes of using guided imagery and working from a script and show how drawing can be used to augment imagery work. In addition to planned strategies for using imagery, they also show how images which arise spontaneously during sessions can be harnessed and used to enhance the therapeutic process. The practical strategies and techniques outlined in the book are examined in the context of a variety of theoretical frameworks (the person-centred approach, gestalt, existentialism and psychosynthesis) and research findings. Potential pitfalls and ethical considerations are also explored, making Guided Imagery a useful resource for practitioners and an ideal text for use on counselling and psychotherapy training courses.

## **Guided Meditations, Explorations and Healings**

Using methods he has taught to thousands of patients and health-care professionals since 1972, Dr. Rossman teaches a step-by-step method of harnessing the power of the mind to further one's own physical healing. Versatile and easy-to-learn, mental imagery as explained by Dr. Rossman, can be used to: Achieve deep physiological relaxation Stimulate healing responses in the body Create an inner dialogue and gain a better understanding of one's health Improve health and general well-being. The idea of guided imagery as an aid to the healing process is a recognized key component in the health care equation of mind/body healing. Starting with a discussion of the nature of imagery and how it works, Dr. Rossman presents specific scripts that can be used directly. Scripts include: Exploring Your Imagery Abilities, Basic Relaxation Skills, Deepening Techniques, Your Healing Imagery, Meeting Your Inner Advisor, Symptoms are Symbols, Grounding Your Insight, Learning From Your Resistance, and Your Image of Wellness. A practical and helpful book not only for those facing specific health problems but for all who wish to use the imagination for a wide range of individual purposes unlimited to health situations.

## **Lovingkindness**

Do you have enough money in your bank account? Are you head over heels in love with your partner? Are you surrounded by loving, caring friendships? Do you love your job? Do you have a close, loving relationship with your family? Are you driving the car of your dreams? Do you have a great relationship with your children? Are you healthy? When on vacation, do you stay in the top, most luxurious hotels in the world?

Do you have peace of mind? Do you live in your dream house? Are you a confident, happy person? Do you have your own successful, thriving business? If you answered Yes to the above questions, then congratulations, you have mastered the art of visualization, whether consciously or unconsciously. You are aware of how powerful this technique can be. You know with 100% certainty that you can have and achieve ANYTHING your heart desires. You have mastered the art of mind power, and truly live the life of your dreams. You desire, you visualize, and you manifest, each and every time. If, on the other hand, you answered No to any of the above questions, then I urge you to learn everything you possibly can about visualization. Learn how it can completely transform your life. In this book, 33 Guided Visualization Scripts to Create the Life of Your Dreams, you will learn what steps to take in order to visualize correctly. There are 33 scripts provided, divided into financial abundance, career, family, relationships, love, health, peace of mind, and addictions. Each script will show you how to engage your senses to boost results and manifest successfully. It doesn't matter how much you currently have in the bank, it doesn't matter if you are in debt up to your eyeballs, it doesn't matter if you feel you will never meet the love of your life, it doesn't matter if you hate your job and feel there is no way out. I promise you here and now, there is a way out. You deserve to have everything your heart desires. Happiness, success, perfect health, loving relationships, financial abundance, and peace of mind are your birthright. And they are there for the taking. Through positive, consistent visualization, your life will change. It will become the life you have always longed for; always dreamed about. There are no limitations with what you can have, achieve or be. Any limitations you feel there are, are only in your mind, and can be eradicated, SHOULD be eradicated. The sky is the limit. Make a promise to yourself that today, from this very moment, is the first day on your journey to total transformation. No more procrastination, no more 'starting on Monday', no more 'I'm too busy.' The time is now. Allow magic and miracles into your life.

### **Go in and In**

Volume 2 of 30 Scripts for Relaxation, Imagery & Inner Healing offers a wide variety of guided meditations to help people relax deeply, lose weight, quit smoking, connect with nature, manage physical pain, and converse with their inner, personal guide. The scripts were developed by experts in the field of guided imagery. Editor, Julie Lusk, provides clear instructions for group leaders and therapists.

### **Thirty Scripts for Relaxation, Imagery & Inner Healing**

Anne Marie weaves a gentle wondrous journey in these scripts. I love her imagery, and what a powerful set up for SoulCollage(R). I will use these again and again! - Jennifer Loudon, Author, JenniferLouden.com Wonderfully imaginative! Anne Marie's Magical Inner Journeys invite deep experiences and unearth truly magical wisdom. - Jill Badonsky, author Step inside any one of these guided imagery scripts, and you will find yourself transported, through your imagination, to inner landscapes that have long been waiting your exploration. Use these on your own, or share with any group you lead that is open to spiritual and personal growth. Included are many resources and suggestions for personal use, suggestions for Facilitator use, as well as tips for how to guide a Magical Inner Journey effectively- before, during, and after the reading of the script. These Magical Inner Journeys were designed with SoulCollagers in mind, however they can be adapted and used in many

different settings and for a wide variety of purposes. Topics include: Inner Voices, Archetypes, Spirituality, Animal Companions, Inner Treasures, Be Here Now, and more.

## **Guided Imagery Work with Kids: Essential Practices to Help Them Manage Stress, Reduce Anxiety & Build Self-Esteem**

Find deeply restorative rest and relaxation with this phenomenal book featuring fourteen of the best yoga nidra experts in the world. Providing amazing insights on yogic sleep and how to build your own practice, Yoga Nidra Meditations helps you foster spiritual development, improve stress management, and enhance physical, emotional, and mental health. Yoga nidra is an empowering meditation done lying down rather than sitting, and it gives you the calm and focus to work through a variety of physical, mental, and emotional issues. This guide presents twenty-four scripts from master practitioners, including Richard Miller, PhD, Kamini Desai, PhD, Swami Shankardev Saraswati, MD, and others. These scripts are developed from ancient and modern traditions, combining the best of both so it's easier to clear your mind, settle your emotions, and reach a unique state of awareness.

## **Magical Inner Journeys**

Social problems in many domains, including health, education, social relationships, and the workplace, have their origins in human behavior. The documented links between behavior and social problems have compelled governments and organizations to prioritize and mobilize efforts to develop effective, evidence-based means to promote adaptive behavior change. In recognition of this impetus, The Handbook of Behavior Change provides comprehensive coverage of contemporary theory, research, and practice on behavior change. It summarizes current evidence-based approaches to behavior change in chapters authored by leading theorists, researchers, and practitioners from multiple disciplines, including psychology, sociology, behavioral science, economics, philosophy, and implementation science. It is the go-to resource for researchers, students, practitioners, and policy makers looking for current knowledge on behavior change and guidance on how to develop effective interventions to change behavior.

## **The Mindful Teen**

Their own naturally rich imaginations are one of the best resources for healing children or helping them through difficult times. Guided Imagery for Healing Children and Teens shows parents, caregivers, and wellness practitioners how to tap into this powerful source of healing to help children overcome the pain and discomfort of anything from a minor fever to cancer. This easy-to-use manual includes an explanation of mind-body medicine and imagery, real-life case studies from the authors experience, and much rich, scripted imagery for both the younger child and teenager. Equipped with these valuable tools, children can connect with their self-healing abilities, strengthen their self-esteem, and enjoy their own imaginations!

## **Trauma and the 12 Steps, Revised and Expanded**

From the revered meditation teacher Stephen Levine, here is a volume of guided meditations for the deeper healing of spirit, mind, and body. The culmination of decades of personal and professional explorations into the process of human consciousness, *Guided Meditations, Explorations and Healings* is an indispensable source book, filled with resources for healing and the deepening of awareness. Essential reading for anyone facing pain, severe illness, addiction, or other forms of suffering, in these pages Levine presents practical processes for the deep exploration of the mind and body, which are used widely in meditation centers, hospices, and hospitals around the world. Now, in this remarkable work, they are offered for the benefit of all who are drawn to looking inward—and all who seek the healing power of a merciful awareness.

## **33 Guided Visualization Scripts to Create the Life of Your Dreams**

Using the techniques of imagery, total body wellness can be achieved without prescriptive medicine. With this comprehensive, user-friendly primer, readers will learn just what guided sensory imagery is and how to create powerful images in the mind that direct the body to heal—both emotionally and physically.

## **Structured Exercises in Wellness Promotion**

A toolbox of scripts for practicing a popular relaxation technique with child clients. Guided imagery is a relaxation technique that uses sensory visualizations to engage the mind and imagination for healing. It is a simple, versatile therapeutic tool that uses “scripts” to help clients focus and guide their imagination, and has been shown to alleviate a host of common emotional issues in kids, from anxiety and insecurity to stress, anger, and the effects of bullying. Easier to practice than meditation or hypnosis, guided imagery allows kids to quickly focus, integrate their thoughts, emotions, and feelings, and practice self-compassion, all without the need for extraordinary discipline or time investment. This concise book lays out all the essential guidelines for using this helpful healing practice in therapy, counseling, and any type of helping work with children. The opening chapters present the groundwork, explaining what guided imagery is, how it differs from mindfulness and hypnosis, how it works, and how to integrate it into therapy practice. The second half of the book offers dozens of detailed, ready-to-use guided imagery scripts for therapists to follow in their work with children. This rich collection of scripts is organized around the most common issues children present with in therapy, accompanied by helpful notes for working with particular age groups, and illustrated in practice through illuminating case vignettes. Issues addressed include: • Anxiety and tension • Stress management • Low self-esteem • Emotional health • Difficulty showing empathy • Social stress • Low energy and lack of motivation And much more. Readers will learn techniques to treat a range of child problems and encourage inner healing, happiness, and goal achievement. Small in format, therapists can consult this guide any time they want to use a script with a child during the therapy hour. It’s an adaptable tool for novice and experienced therapists alike to achieve maximum benefits in a minimum amount of time, even with no prior knowledge of guided imagery. Guided imagery scripts

can be used in conjunction with any therapeutic approach, and are easily adapted to fit particular needs. With the scripts, skills, and essential principles in *Guided Imagery Work with Kids*, professionals will have everything they need to begin applying this effective method in their work with young clients.

### **Guided Imagery for Groups**

Please note that if this title is purchased in eBook/Kindle format, the audio (CD) portion will not be included. One of the most enjoyable parts of a yoga class comes when we rest in savasana—the "corpse" pose—and realize deep serenity, a sense of effortless joy, and a glimpse into our true nature as unqualified presence. How is this so? Master teacher Richard Miller explains that this experience is a manifestation of yoga nidra, the meditative state of mind-body union at the heart of all yoga practice. A powerful integration of book and CD audio learning, *Yoga Nidra* is an ancient tantric yoga path that leads to inner freedom. Through accessible language appropriate for any level of practice, Miller takes us step-by-step through the traditional techniques of relaxation and meditation to help us move toward the realization of "unqualified presence"—the ultimate aim of yoga—a goal unreachable through posture practice alone. Through his expert guidance, students will experience: Deep relaxation for relief from day-to-day stress The development of "one-pointedness"—a key to spiritual awakening Healing from painful emotions, such as fear, grief, and anger More effective and energizing sleep, and much more Suitable for both beginners and advanced practitioners—but new to most Westerners—*Yoga Nidra* provides an unmatched way to experience the culmination of the art of yoga, and the deeper physical, emotional, and spiritual rewards that are its promise.

### **The Healing Waterfall**

### **Guided Meditation Scripts**

If you or someone you love has suffered a traumatic event, you know the devastating impact it can have on your life and your spirit. Life-threatening accidents, illnesses, assaults, abusive relationships—or a tragedy like 9/11—all can leave deep emotional wounds that persist long after physical scars have healed. Survivors become "invisible heroes," courageously struggling to lead normal lives in spite of symptoms so baffling and disturbing that they sometimes doubt their own sanity. Now there is new hope for the millions affected by posttraumatic stress disorder (PTSD). Drawing on more than thirty years' experience as a therapist and on the most recent cutting-edge research, Belleruth Naparstek presents a clinically proven program for recovery using the potent tool of guided imagery. She reveals how guided imagery goes straight to the right side of the brain, where it impacts the nonverbal wiring of the nervous system itself, the key to alleviating suffering. Filled with the voices of real trauma survivors and therapists whose lives and work have been changed by this approach, *Invisible Heroes* offers:

- New understanding of the physical, cognitive, emotional, and behavioral effects of PTSD, who is most susceptible, and why symptoms can get worse rather than better with time
- Important insights into how the brain and body respond to trauma, why conventional talk therapy can

actually impede recovery, and why the nonverbal, image-based right brain is crucial to healing • A step-by-step program with more than twenty scripts for guided-imagery exercises tailored to the three stages of recovery, from immediate relief of anxiety attacks, flashbacks, nightmares, and insomnia, to freedom from depression and isolation, to renewed engagement with life • A helpful guide to the best of the new imagery-based therapies, and how to incorporate them into an overall recovery plan Belleruth Naparstek concludes with the inspiring words of survivors who have found their way back to peace, purpose, and a deep joy in living. Her compassionate, groundbreaking book can lead you and those in your care to the same renewal and healing. From the Hardcover edition.

## **Guided Imagery for Healing Children and Teens**

WINNER OF THE SAN DIEGO BOOK AWARD The second book in the Imaginations series, *Imaginations 2: Relaxation Stories and Guided Imagery for Kids* is an essential resource for every parent and teacher who wants to help children learn to calm their bodies and relax their minds. The benefits of relaxation for kids include: \*Reduced stress \*Better concentration and focus \*Enhanced ability to learn \*Improved behavior and sleep \*Increased self-esteem Learning to relax is important for people of all ages, and children who can relax are more prepared to handle big changes in their lives. Relaxation stories and guided imagery can also help ease symptoms associated with ADD, ADHD, autism, depression, and sleep disorders. Wildly imaginative and beautiful illustrations accompany the whimsical stories of *Imaginations 2*, which teaches children a fun way to relax that makes their minds calm and their bodies feel good. Guided meditations include: Tight and Soft A Fall Day Wintertime Springtime Summertime Rainbow Flower Garden The Thunder Drum The End of the Rainbow Nighttime Animal Adventure Lavender Fields Rainbow Bubbles Butterflies Mandalas Sunset Dinosaur Friend In the Desert Making Chocolate More Loving Kindness
