Your angels and your guides frequently give signs and symbols in order to help you along your paths of enlightenment and good. Animals are around all of us each day - either as the living, breathing types or through pictures and songs. Spirit invites you to perceive that animals have an energy you can use to find your true passageway through these 44 stunning Higher Intuition cards. Once there, the messages they send help you create your best life. Complications and annoyances can sometimes obscure the clarity of the big picture; however, through the cards you will learn to see and gain higher intuition. The accompanying book includes detailed, positive messages and art that provide you with helpful ideas and divination spreads. With simplistic beauty and a touch of whimsy, Higher Intuitions Oracle helps to clear the cobwebs of indecision in order to take the necessary steps forward.

Offers a tool set of therapeutic processes, affirmations, visualization, and bodywork for the practical application of the transformational belief realignment method . Includes 56 full-color, high-vibration chakra images, one for each main chakra as well as 7 additional empowering images for each chakra . Paperback with lay flat binding Working with Chakras for Belief Change transforms people's unhelpful beliefs through clearing their chakras, raising their vibrations, and creating a fertile space for the New to come in. The Healing InSight Method presented in this practical full-color book is based on affirmations used together with individual chakra work and specific bodywork exercises, including techniques drawn from kinesiology, qigong, whole-brain integration, visualization, and infinity symbol exercises. Psychologist and energy therapist Nikki Gresham-Record channeled 196 common beliefs for each chakra, 1,036 total, which can be fully realigned using this transformational system of complete mind-body-spirit healing. The author organizes the beliefs around the chakra system and explains how unhealthy beliefs can take root within the chakras and the body. She shows how her belief realignment method is capable of changing beliefs and their associated vibrations in the subconscious mind and energy body, thus enabling any blocks to dissolve and your system to open up to the opportunity for change. The 56 high-vibration chakra images

included in this book can be used as a tool for therapeutic guidance as well as for positive manifestation. Each chakra is represented by a main chakra image along with 7 chakra aspect images, affirming potent qualities that we are all able to access when balanced and in harmony within ourselves. The artistry of the chakra images offers an immersion in the vibration of the empowering chakra-related beliefs and aids energetic resonance to help people feel good and begin healing. Also offering case studies and a life-review process to help the reader take stock of their situation before and after they begin the Healing InSight Method, Working with Chakras for Belief Change provides a gentle, energetic, yet potentially life-changing tool for personal growth and development.

This book will empower you to get your feet functioning as they should do, without any medical intervention. Includes a 4-week plan of quick-and-easy exercises to get your feet back into shape, plus solutions for specific foot issues, from plantar fasciitis to fallen arches. This is a uniquely helpful and accessible guide to taking control of your own foot health by holistic health innovator Yamuna Zake. We don't need doctors, orthotics or even surgery to relieve common foot problems, such as plantar fasciitis, bunions, neuromas, arthritis, hammertoes, and flat feet. By learning a correct gait that uses the entire foot to distribute weight, we can relieve and prevent common foot problems without any medical intervention. The book offers an easy-to-follow 4-week program of routines that take just 15 minutes a day during the program and allows readers to fix their feet and take ownership of their body. Each of the four weeks focuses on a different part of the foot: the heel, the arch, the ball and the toes. There are 3-4 exercises in each section and readers try them all and can choose to focus on those exercises in each section that they enjoy most. This programme is then supported with mindful foot practices

to ensure bad habits don't return. Six common foot problems are also explored, including their causes (specific incorrect walking patterns) and ways of preventing and relieving them (exercises plus mindful practices). You won't find any medical concepts or terminology in this book, nor do you need to learn complicated foot anatomy. The whole program is based on what you already know: walking. You'll learn how to walk and stand correctly and to use every part of your feet as nature intended. That's all you need to do!

This is THE book on anger, the first book to explain exactly why we get mad, what anger really is - and how to cope with and use it. Often confused with hostility and violence, anger is fundamentally different from these aggressive behaviours and in fact can be a healthy and powerful force in our lives. What is anger? Who is allowed to be angry? How can we manage our anger? How can we use it? It might seem like a day doesn't go by without

some troubling explosion of anger, whether we're shouting at the kids, or the TV, or the driver ahead who's slowing us down. In this book, the first of its kind, Dr. Ryan Martin draws on 20 years plus of research, as well as his own childhood experience of an angry parent, to take an all-round view on this often-challenging emotion. It explains exactly what anger is, why we get angry, how our anger hurts us as well as those around us, and how we can manage our anger and even channel it into positive change. It also explores how race and gender shape society's perceptions of who is allowed to get angry. Dr. Martin offers questionnaires, emotion logs, control techniques and many other tools to help readers understand better what pushes their buttons and what to do with angry feelings when they arise. It shows how to differentiate good anger from bad anger, and reframe anger from being a necessarily problematic experience in our lives to being a fuel that energizes us to solve problems, release our creativity and confront injustice.
