A street smart, inspiring, practical and utterly honest book for renewing or resuming your career. Millions of mid- and late-career professionals are wondering why our careers are dying. We've been fired, downsized, job-eliminated, or we've left work voluntarily to raise children, care for loved ones, or go to school. Our unemployment rate is more than three times the national average. It takes twice as long to get hired, usually for far less money than we were making. Is it age discrimination? Maybe. But it's not that simple. So many of us have lagged on skills and technology, shrugged off social media, or ignored the rate of change and let younger people become the face of our profession's future. Our "track record" really doesn't matter. We want to come back, but we aren't ready. *Coming Back* offers clear advice, including: -Make yourself visible and relevant by sharing articles and information on your field with colleagues and on social media. -Use LinkedIn to build your network in your industry and identify

decision makers. -Tell interviewers about what you will do—don't rely on what you have done. -Stop grousing about "those millennials" and start working with them. -Volunteer strategically to build leadership skills and networks. Coming Back shows how you can save a career if still employed or get one back if cast out. Fawn Germer, one of the nation's most popular leadership experts and global motivational speakers, has personally interviewed more than 300 CEOs, senior executives, professors, lawyers, organizational experts, industry leaders and professionals. The result is a tactical, tough-love call to action: to learn, re-tool, connect, grow, and get ready to work again.

This is not just the story of Jeff — Grandpa— Coffey's amazing return to play college basketball at the age of forty six. It is a book about faith. Faith that God will not only provide for entire civilizations and countries but faith that He is there when we as individuals need Him most. Through his own experiences of COMING BACK from setbacks, injuries, heart attacks, job losses, a false arrest, and all of life's curveballs Jeffery has maintained a happy and positive attitude. Jeffery examines why these things happened to him and how he came back from each of these instances. Why do bad things happen to good people? Why do seemingly good things happen for bad people? Jeffery explains that life will never be perfect so live each day for what it is, just one more gift from God. See how Jeffery L. Coffey despite all the obstacles he faced did return to Caldwell Community College in 2006 at age forty six and became Grandpa —oldest college basketball player—.

You Can't Win is the true story of one woman's courageous battle with a debilitating addiction and the forces that wanted to keep her dependent on gambling. losing everything, including her family and ultimately her life. When she attempts to pull herself out of the spiral of depression and defeat, she is beaten back through a blatant disregard of the law by the powerful Detroit casinos. She comes to learn that the influence of casino profits on the political system is overwhelming and that the economic interests of the state far outweigh the social costs. In the end, she can't win on the slots, but with the love and support of her husband, she can put a broken life back together

Big Papi

Raised in the Dominican Republic, signed by the Seattle Mariners, and released by the Minnesota Twins, David Ortiz landed in baseball-crazy Boston, of all places. Generally regarded as an underachiever to that point in his career, Ortiz blossomed into one of the most feared and adored sluggers in baseball while altering the course of the game's history, helping Boston win its first World Series in eighty-six years and thereby breaking the infamous "Curse of the Bambino." Along the way, Ortiz established his place as a truly Ruthian figure in the annals of our national pastime: an imposing figure in the batter's box, yet an endearing man to the young, particularly in his native Dominican Republic, where he has focused his charitable efforts on improving the health of children. The son of two caring parents, and a loving father of three, Ortiz is a hero to many. Now, in his memoir, the man affectionately known as "Big Papi" recounts his life from growing up in an impoverished area of the Dominican Republic (where baseball is king) to his ascension in Boston (where he became one). Ortiz discusses, in detail, his historic and record-setting performances as a member of the Red Sox, his exploding popularity, the challenges of playing in Boston, and life in the Red Sox clubhouse. BIG PAPI is a unique memoir by a charismatic man who appeals to young and old, on the baseball field or off.

It's London, 1969 and the Old Bailey sees the end of what was the longest and most expensive trial ever held, dubbed 'The trial of the century?': starring notorious Kray Twins, Ron and Reg. Unlike the real verdict, in this fictional story, the verdict is 'Not Guilty?' and Ron and Reg, still in their prime and mid-30s, walk free. This book is an alternative outcome at what could have happened had this been the case. After years of relentless microscopic research in many fields down to their personalities, ambitions, likes, mannerisms and much more, this aims to do justice to their legacy had they not been incarcerated and had they continued as free men. Regrouping, settling scores, making up for lost time and overall settling sights high as they always did.
