Journaling by the Moon

When a woman embodies her feminine essence, her whole life is transformed. She becomes attractive, grounded, and sensual. When she walks into a room, everyone appreciates the glow of her feminine radiance. All men notice her, including the healthy, loving, masculine ones she desires. She does not need to project a powerful persona to attract the respect she wants. A forced sense of masculine power is nothing compared to the ecstasy, empowerment, and effortless magnetism that are released when a

woman activates her feminine essence. In this empowering book by inspirational speaker and facilitator in women's spiritual development, Rachael Jayne Groover, you'll discover: 35 practices that will increase your personal presence and magnetism immediately. How to be authentically powerful without intimidating or pushing others away. The 5 mistakes strong, independent women make in relationships with men. How to make peace with your sweet vulnerability and stop living with a guarded heart.

Creating Money

Is it possible to read and relax your way into financial abundance? Can dollars flow to you even if you just sat quietly in your favorite armchair and did "nothing"? Is abundance and prosperity really our natural birthright, as claimed by so many spiritual masters and authors throughout the ages? In his latest book *Dollars Flow To Me Easily*, bestselling author and spiritual explorer Richard Dotts attempts something that he has never done before - to write a book that changes and transforms the reader's innermost perceptions about money as they read it. Richard explains that these spiritual principles have never been about "attracting" more money or stuff into our lives. Instead, these Universal truths all speak of recognizing the inherent abundance that is already there for our taking. Is it any wonder that traditional Law of Attraction techniques which focus on "doing" and "attracting" something from out there to fill a perceived lack in our lives do not create lasting results? But if all our abundance is already right here for our taking, why is it that our bank balance and physical experiences do not always reflect this truth? Is there something we have to do in order to welcome this abundance into our lives? *Dollars Flow To Me Easily* takes an alternative approach to answering these questions. Instead of guiding the reader through a series of exercises to "feel as if" they are already rich, Richard draws on the power of

Free Copy Creating Money Attracting Abundance Sanaya Roman

words and our highest intentions to dissolve negative feelings and misconceptions that block us from manifesting greater financial abundance in our lives. When these blocks are gently dissolved and let go of through absorbing the words in this book, what results are natural physical manifestations of abundance in our everyday experience. As Richard puts it, this technique is so counter-intuitive precisely because it flies in the face of everything we have been taught. We have been taught to tackle our financial issues head-on and to worry about them constantly in order to come up with solutions. But despite this, all our worrying and mental activity has still not resulted in everlasting peace-of-mind and a permanent resolution of the financial issues in our lives. Perhaps the real solution that we need is to simply correct our thinking on the inside, and to realize that there has been no issue and no lack in the first place. When we tend to our inner states and make it our priority when we finally give up the need to do anything to make things happen that is when the Universe can deliver our highest good to us. Dollars Flow To Me Easily takes you through the experiential journey of dropping all your worries, fears and blocks around manifesting money as you read. What remains at the end is the real you - a state in which dollars flow to you easily and a recognition of this truth that has always been a part of your being.

Secrets & Mysteries of the World

When Doreen and her son Grant Virtue were recording podcasts, they noticed that whenever she said the word angel, the recording graphics were shaped like angel wings! So they studied the other words she said and realized that those with a spiritual or loving basis had large graphs. So they experimented with saying negative words and found that their appearance was completely different: tight and small. Similar to Masaru Emoto's work with water crystals, *Angel Words* gives visual proof of the power and impact of speaking in a loving way. You'll come to understand why positive words express the most energy and therefore have the most power to manifest your dreams. You'll also see how negative words have low energy and read how they can actually draw negative experiences to you. This unforgettable book will immediately motivate you to choose positive words!

Fully updated to include Mayweather's battle with UFC star Conor McGregor, reaching the historic 50-0 fight victories that take him past heavyweight legend Rocky Marciano's long-held record. Floyd Mayweather Jr's father was a boxer, as were his two uncles. His dad also dealt drugs and one day brought his work home with him, when he used his son as a human shield to stop a rival dealer from shooting him. The gunman instead shot his father in the leg, curtailing his own ring career. This is the only biography of the planet's wealthiest sports star – and one of the world's most controversial. With exclusive interviews with Mayweather's friends, family, entourage, combined with Tris Dixon's expert knowledge of the sport, this remains an essential purchase for sports fans. Floyd Mayweather Jr has never married, has four children by two women, and is a habitual gambler, known to win and lose millions on a single half of US football or basketball. He is obsessed with money, almost as obsessed as he is about protecting his unbeaten record and his staggering aim to go 49 professional bouts without defeat, to match the achievements of the great Rocky Marciano, a goal that he intends to achieve in late 2015, just shy of his 40th birthday. Tris Dixon explores his extraordinary life story in this searing, insightful and often brutal exposé of one of the greatest athletes the world has ever seen.

Creating Money

Times are Shifting! Do you feel it? Down deep in your soul? This need to connect with something bigger than yourself? Since ancient times we've held rituals to connect to our Divine and to connect to the divine within us. Ritual allows us to connect to the Divine, to create Sacred Space and be present in a way that we are unable to do in our daily lives where 1,001 things need doing in our sleep-deprived lives. But there is a calling for the world to change its energy. This is the call you may have felt down deep in your bones, within your soul. To return to the energy of the Divine Feminine. A gentler, more nurturing way of living, one where peace and love can prosper. One where you can prosper. This journal takes you through a year of rituals aligning with the phases of the moon. The beautiful, powerful moon that is the object of poetry, art and songwriters alike. She commands the tides and even the wolves and coyotes honor her with their baying. She embodies the Divine Feminine and so it is perfect that these rituals align with her cycles. We invite you into the heart of these simple rituals. We invite you to call

down the moon and feel her energy within you as you honor her and yourself during these rituals. They are moments for you, her and your Divine whatever that may look like to you.

That you must "earn" a living, as if living was not an intrinsic right and a great, unbuyable gift.And so the outlook you must have about money is to bless it and say, as if you were speaking to a much-beleaguered friend, "I know that none of this is your fault, my friend. I thank you, and I bless you with Light."The system is indeed built upon the expectation of greed, of unnecessary acquisition, of extreme unevenness in income and social status. It does indeed hold some dark aspects-look at the symbolism of many a paper currency, and you will see there symbols of oppression and the dark arts, proudly displayed.And yet, you are able to overcome these shadowy intentions, just as the prisoner or the slave is able to sing in the cold and the dark.Begin by blessing whatever money you have, whether in an account, or in your pocket. Put your hand on it and say, "I now draw you up to a new level of service to the Light. Behold, all things are new again!" In so doing, you are raising the admittedly low density of Earth money energy to something far higher. You are raising it to its own higher purpose of doing good upon the Earth. Of creating beautiful gardens, of healing and inspiring humanity, of investing in fifth dimensional technology, and in the purification and healing of your water, air, and

crops.Begin now to treat two things very differently: all the money that you have or see, and your own ability to create abundance
