Doodled Cats

Discord is a relatively new student of the Magic of Friendship. After all, it was not so very long ago that he was the most notorious villain in all of Equestria. So when he receives a secret invitation from Princess Celestia to join the ponies of Ponyville in their Spring Musical, he jumps at the opportunity to practice what he's learned so far. Things go as smoothly as they can first, but it's not long before the former king of chaos leaves a trail of disaster in his wake, and everypony second-guesses including him in their community production. Whats a draconequus to do? © 2015 Hasbro. All Rights Reserved.

John of the Mountains

"This guide reveals how writers can take advantage of the brain's hard-wired responses to story to captivate their readers' minds through each plot element"--Provided by publisher.

Doodling for Fashionistas

Active learning spaces offer students opportunities to engage, collaborate, and learn in an environment that taps into their innate curiosity and creativity. Students well versed in active learning - the capabilities that colleges, vocational schools and the workforce demand - will be far more successful than those educated in traditional classrooms. Get Active is a practical guide to inform your thinking about how best to design schools and classrooms to support learning in a connected, digital world. From classroom redesigns to schoolwide renovation projects and new building construction, the authors show the many ways that active learning spaces can improve the learning experience.

My Little Pony: Discord and the Ponyville Players Dramarama

Packed with fun and inspirational prompts, doodling exercises, and fashion-related factoids, this title sparks the imagination and inspires fashion lovers to explore, experiment, and brainstorm ways to draw and doodle their favorite outfits and accessories.

Blindsight

Combine your love of classic literature and doodling with this fun, quirky, and inspirational doodle journal! Book lovers, bibliophiles, and literati, get ready to take your clever illustrations and lit memes to the next level. Designed to appeal to seasoned artists and doodle enthusiasts alike, Doodling for Bookworms is packed with more than 50 fun and inspirational prompts, drawing exercises, and literature factoids. With her cute and clever art style, professional illustrator Gemma Correll takes readers on a doodling journey that sparks the imagination and spurs doodlers to explore, experiment, and brainstorm unique ways to doodle their favorite stories and writers. Doodling for Bookworms invites literature aficionados on a doodling adventure through time-treasured books, plays, and writers. From Poe, Austen, and Shakespeare to Romeo and Juliet, Jane Eyre, Dracula, and Frankenstein, readers will discover how to create their own whimsical doodles of their favorite authors and literary characters. With its portable format and plenty of open doodling pages, this series is perfect for on-the-go creative types.

Doodled Dogs

Describes the efforts of a former alcoholic nurseryman, whose near-death experience prompted him to attempt to find the best specimens of the U.S.' 872 known species of trees and use them to propagate their offspring around the world. By the author of A Symphony in the Brain. 25,000 first printing.

Perform Mind-Blowing Science Experiments at Home! You'll have the time of your life conducting these incredible, wacky and fun experiments with your parents, teachers, babysitters and other adults. You'll investigate, answer your questions and expand your knowledge using everyday household items. The Quirky Mommas from the wildly popular Kids Activities Blog and authors of the bestselling 101 Kids Activities That Are the Bestest, Funnest Ever! have done it again with this book of ridiculously amazing, simple science experiments. You can

do things both indoors and outdoors. The handy mess meter, preparation times and notes on the level of supervision will keep your parents happy, and you safe. Experimenting is really fun, and you will have a blast being a scientist! You will be so entertained, you might not notice you're also learning important things about the world around you. Some experiments to master: - Balloon-Powered Car - Burst Soap Clou - CD Hovercraft - Creeping Ink - Bendy Bones - Electromagnet - Paper Helicopters - Unbreakable Bubbles Now put on your lab coat and let's get experimenting!

Doodling for Foodies

Return to the earth with beautiful photographs and inspirational text. "Morning altars" are colorful mandalas that combine nature, art, and meditation. Incorporating the natural world into the everyday encourages positive well-being, even with the simplest of the earth's gifts, such as leaves, flowers, berries, feathers, and stones. These stunning pieces of art are a peaceful and creative avenue to express gratitude for nature, to practice mindfulness, and to add meaning to daily life. In this book, Day Schildkret guides readers through the creation of morning altars, a seven-step process that includes wondering and wandering, place meditation, clearing space, creating, gifting, walking away, and sharing his art with others. Since his first morning altar, Schildkret has built hundreds more. His work has been warmly received on social media and he teaches workshops on altar building, all with the intention of sharing the positivity and beauty they have brought to his life.

Flora of Middle-Earth

Manic Botanic, Zifflin's Tension Taming Coloring book, invites you to get in touch with nature in all of its glory. In incredible detail, Vinnik has captured some of nature's most dynamic duos. Time slows down so you can explore the undergrowth, and allow yourself to be whisked into a whimsical botanical world. Combining intricate detail with humour and admiration for the creatures it depicts, coloring Manic Botanic is an exercise in mindfulness, and appreciation for the little things.

One Drawing a Day

Colorists will find themselves captivated by these 31 exquisite illustrations. Set against gorgeously detailed backgrounds, the divine beauties are depicted in a variety of poses that range from flying through an enchanted landscape to sitting among a group of forest animals. Pages are perforated and printed on one side only for easy removal and display. Specially designed for experienced colorists, Angels and other Creative Haven® adult coloring books offer an escape to a world of inspiration and artistic fulfillment. Each title is also an effective and fun-filled way to relax and reduce stress.

Flailing at Life

If you're feeling overwhelmed by the prospect of getting a dog or nervous about caring for the one you've already brought home, now you can relax. *Understanding Your Dog for Dummies* helps you recognize not only why your dog behaves the way she does, but in a way that enables you to parlay that into a well-behaved companion who listens (and sits, and speaks, and comes, etc.). Whether your pooch is a mixed breed or purebred, she has a distinct identity that makes her unique. The first step in understanding your dog is to respect the honorable task she was originally bred for and to identify how these inbred impulses influence her personality and behavior. In essence, you need to speak her language if you expect her to learn to understand yours. *Understanding Your Dog for Dummies* gives you everything you need to learn to understand your pooch's unique dialect of "Doglish"—and shows you how to take on the role as pack leader to give your dog the cues, guidance, and consistency she needs to shape and develop good behaviors. Inside you'll discover how to: Read your dog's body language Communicate with your dog Interpret your dog's breed-specific traits Correct dog-behavior-gone-bad Counter anxiety-based behavior Understand and resolve aggressive behavior And so much more! Think of this book as Doglish 101—a prerequisite for every human member of your dog's family. Now, let the training begin!

Doodling for Dog People

Doodled Cats is packed with creative prompts, fun feline facts, and step-by-step doodling projects for the feline fanatic in you—the perfect book for on-the-go artists. In *Doodled Cats*, beloved artist and illustrator Gemma Correll provides inspiration and ideas for doodling a variety of different cat breeds in a fun, quirky style. From a Persian and a Sphynx to a Scottish Fold and Siamese, doodle enthusiasts will learn to draw and doodle all their favorite feline friends, in addition to anthropomorphic cats, fashionable furballs, and even cats in hats! A bonus project demonstrates how to create your own cat-doodled mug. This compact, hardcover book makes the perfect gift for on-the-go creative types and cat lovers alike.

Next Nature

Blindsight is the Hugo Award–nominated novel by Peter Watts, "a hard science fiction writer through and through and one of the very best alive" (*The Globe and Mail*). Two months have past since a myriad of alien objects clenched about the Earth, screaming as they burned. The heavens have been silent since—until a derelict space probe hears whispers from a distant comet. Something talks out there: but not to us. Who should we send to meet the alien, when the alien doesn't want to meet? Send a linguist with multiple-personality disorder and a biologist so spliced with machinery that he can't feel his own flesh. Send a pacifist warrior and a vampire recalled from the grave by the voodoo of paleogenetics. Send a man with half his mind gone since childhood. Send them to the edge of the solar system, praying you can trust such freaks and monsters with the fate of a world. You fear they may be more alien than the thing they've been sent to find—but you'd give anything for that to be true, if you knew what was waiting for them. . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Manic Botanic

Tired of flailing at life? Let Toby the Wacky Waving Inflatable Tube Guy guide you on your path to happiness and success. You've seen him everywhere: Toby the Tube Guy is the ubiquitous, happily flapping denizen of car dealerships and strip malls -- but it wasn't always that way. Before he was a household name, Toby struggled with the same personal and professional problems that so often vex his human friends. After a great deal of flailing around -- literally and figuratively -- he found the motivation to live life to the fullest (and wackiest). Over the course of his rise to fame, Toby has learned a lot about life, happiness, and what it takes to succeed. In *Flailing at Life*, he shares this knowledge for the first time, teaching you how to be your own biggest fan, how to avoid letting problems deflate you, and how to know when you're stretched too thin. As an added bonus, Toby's iconic wave is animated for full effect with a lenticular cover!

Tree Hugger: Notebook Journal

Doodling for Foodies is the third in a new adult doodling series designed to appeal to both seasoned artists and first-time doodlers alike. Packed with more than 50 fun and inspirational tips, prompts, and exercises, professional illustrator Gemma Correll sparks the imagination and spurs artists to explore, experiment, and brainstorm ways to draw and doodle their favorite culinary delights with her cute and clever art style. The artist's simple, unique, and whimsical approach is sure to inspire, entertain, and guide artists of any skill level. Doodlers will find inspiration for drawing different types of food, including fruits and veggies, meats, dairy, desserts, breads, and even beverages. One part inspiration and one part instruction, this interactive book not only demonstrates how to draw whimsical dishes and delicacies, but encourages artists to develop their own doodling style and techniques. With its small, portable format and plenty of open doodling pages, this fun and quirky doodle book is perfect for the on-the-go artist.

The Man Who Planted Trees

John Muir, America's pioneer conservationist and father of the national park system, was a man of considerable literary talent. As he explored the wilderness of the western part of the United States for decades, he carried notebooks with him, narrating his wanderings, describing what he saw, and recording his scientific researches. This reprint of his journals, edited by Linnie Marsh Wolfe in 1938 and long out of print, offers an intimate picture of Muir and his activities during a long and productive period of his life. The sixty extant journals and numerous notes in this volume were written from 1867 to 1911. They start seven years after the time covered in *The Story of My Boyhood and Youth*, Muir's uncompleted autobiography. The earlier journals capture the essence of the Sierra Nevada and Alaska landscapes. The changing appearance of the Sierras from Sequoia north and beyond the Yosemite enthralled Muir, and the first four years of the journals reveal his dominating concern with glacial action. The later notebooks reflect his changes over the years, showing a mellowing of spirit and a deep concern for human rights. Like all his writings, the journals concentrate on his observations in the wilderness. His devotion to his family, his many warm friendships, and his many-sided public life are hardly mentioned. Very little is said about the quarter-century battle for national

parks and forest reserves. The notebooks record, in language fuller and freer than his more formal writings, the depth of his love and transcendental feeling for the wilderness. The rich heritage of his native Scotland and the unconscious music of the poetry of Burns, Milton, and the King James Bible permeate the language of his poetic fancy. In his later life, Muir attempted to sort out these journals and, at the request of friends, published a few extracts. A year after his death in 1914, his literary executor and biographer, William Frederick Badè, also published episodes from the journals. Linnie Marsh Wolfe set out to salvage the best of his writings still left unpublished in 1938 and has thus added to our understanding of the life and thought of a complex and fascinating American figure.

The Worrier's Guide to Life

The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

May The Forest Be With You

Indulge in twelve quick and easy dessert-themed quilting projects—and delicious dessert recipes—from the authors of *Jelly Roll Inspirations*. Bestselling authors Pam and Nicky Lintott have created twelve stunning quilt designs using Moda's all-new *Dessert Rolls*—delicious bundles of five-inch strips cut across the width of the fabric. Each quilt pattern—with tempting names such as *Afternoon Tea*, *Sugar 'n' Spice*, *Pavlova*, and *Marmalade Cake*—can be made with just one *Dessert Roll*, a bundle of pre-cut fabric, so you can be sure that your fabrics will coordinate beautifully to make a gorgeous quilt. As an extra treat, Pam and Nicky have included their family favorite dessert recipes inspired by the quilt design themes for you to bake and enjoy while you craft. • Includes alternative color variations for each quilt design • Step-by-step instructions and easy-to-follow diagrams for quick and easy quilting

Out of My Mind

In his highly provocative first book, Scott Galloway pulls back the curtain on exactly how Amazon, Apple, Facebook, and Google built their massive empires. While the media spins tales about superior products and designs, and the power of technological innovation, Galloway exposes the truth: none of these four are first movers technologically - they've either copied, stolen, or acquired their ideas. Readers will come away with fresh, game -changing insights about what it takes to win in today's economy. Print run 125,000.

Fairies & Fantasy

Dessert Roll Quilts

Fairies, mermaids, and angels have captivated imaginations throughout the centuries. Embodying all that is feminine, sparkly, and magical, these fantastic creatures have found their ways into countless stories, films, and works of art that appeal to people of all ages. And now anyone can discover how to bring them to life in watercolor with this delightful 64-page guide. Inside, artist-author Meredith Dillman shares the methods of her unique artistic style, which is influenced by Pre-Raphaelite paintings, turn-of-the-twentieth-century book illustrations, and

modern-day Japanese manga—a combination that results in beautiful, contemporary artwork. Meredith provides instruction specific to creating the mythical beauties and their whimsical surroundings, showing readers how to draw and paint faces, bodies, hair, clothing, and more. The author also guides readers through several inspiring projects, demonstrating how to re-create the magic step by step.

Morning Altars: A 7-Step Practice to Nourish Your Spirit through Nature, Art, and Ritual

Presents fun and inspirational prompts, doodling exercises, and factoids, for creative cat-lovers with a soft spot for all things feline.

Drawing Cartoons and Comics For Dummies

Packed with fun and inspirational prompts, doodling exercises, and canine-related factoids, this title sparks the imagination and inspires dog lovers to explore, experiment, and brainstorm ways to draw and doodle their favorite furry friends.

The Four

Since 1968, Bernie Krause has traveled the world recording the sounds of remote landscapes, endangered habitats, and rare animal species. Through his organization, Wild Sanctuary, he has collected the soundscapes of more than 2,000 different habitat types, marine and terrestrial. With powerful illustrations and compelling stories, Krause provides a manifesto for the appreciation and protection of natural soundscapes. In his previous book, *The Great Animal Orchestra*, Krause drew readers' attention to what Jane Goodall described as "the harmonies of nature . . . [that are being] one by one by one, snuffed out by human actions." He now explains that the secrets hidden in the natural world's shrinking sonic environment must be preserved, not only for our scientific understanding, but for our cultural heritage and humanity's physical and spiritual welfare. Krause's narrative—supplemented by exclusive access to field recordings from the wild—draws on a compelling range of personal anecdotes, histories, and examples to document his early exploration of this field and to lay the groundwork for future generations.

Wired for Story

Doodling for Dog People is packed with creative prompts, fun canine facts, and step-by-step doodling projects for the dog-lover in you—the perfect book for on-the-go artists. In *Doodling for Dog People*, beloved artist and illustrator Gemma Correll provides inspiration and ideas for doodling a variety of different dog breeds in a fun, quirky style. From a Yorkshire Terrier and Gemma's signature Pug to a Greyhound and Standard Poodle, doodle enthusiasts will learn to draw and doodle all their favorite canine companions, in addition to anthropomorphic dogs, canines in costumes, and even dogs in hats! A bonus project demonstrates how to create your own dog-doodled mug, plus, this compact hardcover book makes the perfect gift for on-the-go creative types and dog lovers alike.

The Nature Fix: Why Nature Makes Us Happier, Healthier, and More Creative

Tree Hugger Notebook Journal 6x9 lined paper 150 writing pages Matte cover This cute tree themed journal is a great gift idea for those with a passion for saving the environment, plants, gardening and appreciating nature's beauty. Its handy size is perfect for taking notes, to-do lists, doodling, journaling, sketching and drawing. Use it as a pocket diary to keep daily records of events and experiences and to jot down your thoughts, ideas and memories.

Voices of the Wild

"Highly informative and remarkably entertaining." —Elle From forest trails in Korea, to islands in Finland, to eucalyptus groves in California, Florence Williams investigates the science behind nature's positive effects on the brain. Delving into brand-new research, she uncovers the powers of the natural world to improve health, promote reflection and innovation, and strengthen our relationships. As our modern lives shift dramatically indoors, these ideas—and the answers they yield—are more urgent than ever.

A Voice Crying in the Wilderness (Vox Clamantis in Deserto)

In her hugely popular comic drawings, Gemma Correll dispenses dubious advice and unreliable information on life as she sees it, including The Dystopian Zodiac, Reward Stickers for Grown-Ups, Palm Reading for Millennials, and a Map of the Introvert's Heart. For all you fellow agonizers, fretters, and nervous wrecks, this book is for you. Read it and weepwith laughter

Doodling for Tree Huggers & Nature Lovers

For the first time in softcover, Edward Abbey's last book, a collection of unforgettable barbs of wisdom from the best-selling author of The Monkey Wrench Gang. Notes from a Secret Journal Edward Abbey on: Government-"Terrorism: deadly violence against humans and other living things, usually conducted by a government against its own people." Sex-"How to Avoid Pleurisy: Never make love to a girl named Candy on the tailgate of a half-ton Ford pickup during a chill rain in April out of Grandview Point in San Juan County, Utah." New York City-"New Yorkers like to boast that if you can survive in New York, you can survive anywhere. But if you can survive anywhere, why live in New York?" Literature-"Henry James. Our finest lady novelist."

Creative Haven Elegant Angels Coloring Book

An insightful and essential new survey of Wyeth's entire career, situating the milestones of his art within the trajectory of 20th-century American life This major retrospective catalogue explores the impact of time and place on the work of beloved American painter Andrew

Wyeth (1917-2009). While previous publications have mainly analyzed Wyeth's work thematically, this publication places him fully in the context of the long 20th century, tracing his creative development from World War I through the new millennium. Published to coincide with the centenary of Wyeth's birth, the book looks at four major chronological periods in the artist's career: Wyeth as a product of the interwar years, when he started to form his own "war memories" through military props and documentary photography he discovered in his father's art studio; the change from his "theatrical" pictures of the 1940s to his own visceral responses to the landscape around Chadds Ford, Pennsylvania, and his family's home in Mai? his sudden turn, in 1968, into the realm of erotic art, including a completely new assessment of Wyeth's "Helga pictures"--a series of secret, nude depictions of his neighbor Helga Testorf--within his career as a who? and his late, self-reflective works, which includes the discussion of his previously unknown painting entitled Goodbye, now believed to be Wyeth's last work.

Change Your Life One Doodle at a Time

The best way to learn to draw is to DRAW! And this little book is going to help you do just that. It's filled with 900 inspiring, modern drawings of tulips, roses, zinnias, and more!

Speak

The 101 Coolest Simple Science Experiments

A fully illustrated, interactive art journal featuring 150 prompts that allows the artist to explore their inner-self through drawing.

Composition, Journal Notebook

Few settings in literature are as widely known or celebrated as J.R.R. Tolkien's Middle-Earth. The natural landscape plays a major role in nearly all of Tolkien's major works, and readers have come to view the geography of this fictional universe as integral to understanding and enjoying Tolkien's works. And in laying out this continent, Tolkien paid special attention to its plant life; in total, over 160 plants are explicitly mentioned and described as a part of Middle-Earth. Nearly all of these plants are real species, and many of the fictional plants are based on scientifically grounded botanic principles. In *Flora of Middle Earth: Plants of Tolkien's Legendarium*, botanist Walter Judd gives a detailed species account of every plant found in Tolkien's universe, complete with the etymology of the plant's name, a discussion of its significance within Tolkien's work, a description of the plant's distribution and ecology, and an original hand-drawn illustration by artist Graham Judd in the style of a woodcut print. Among the over three-thousand vascular plants Tolkien would have seen in the British Isles, the authors show why Tolkien may have selected certain plants for inclusion in his universe over others, in terms of their botanic properties and traditional uses. The clear, comprehensive alphabetical listing of each species, along with the visual identification key of the plant drawings, adds to the reader's understanding and appreciation of the Tolkien canon.

Andrew Wyeth

THE FIRST IN-DEPTH LOOK AT THE ENVIRONMENTAL DESIGNS OF “AMERICA’S FAVORITE ARCHITECT” . . . FRANK LLOYD WRIGHT CONTAINS MANY NEVER BEFORE PUBLISHED PHOTOGRAPHS AND SITE PLANS “ . . . a comprehensive and intriguing look at the work of Frank Lloyd Wright from the outside. It provides a view from the perspective of his designs in settings or landscapes . . . the point of view is to see how the designs of the outside flow into, out of, around, and in a few classic cases, under the architecture of the building.” -- John Crowley, Dean, College of Environmental Design, University of Georgia Shedding light on a fascinating yet previously unexamined topic, *Wrightscapes* analyzes 85 of Frank Lloyd Wright’s designs paying particular attention to site planning, landscape design, community scale and regional planning. The authors include many original diagrams, rare archival material, and some 200 photographs and site plans, many never published before, detailing Wright’s residential and public work and his urban design initiatives. A true collectors item *Wrightscapes* is a pleasure to read and a joy to own. Frank Lloyd Wright is perhaps best remembered for his unmatched mastery of the organic style of architecture – where a structure’s form and material blend harmoniously with its natural surroundings. Less well known, but equally inspirational are the contributions Wright brought to landscape and site design. His creations in this area reflect a holistic, sustainable, and environmentally-sensitive utilization of plants, climate, solar power, and natural lighting. *Wrightscapes* is the first definitive book to address Frank Lloyd Wright’s landscapes and environments. The authors provide a unique new perspective of the man and his work by presenting previously ignored, yet important aspects of his achievements, interests, and career, including little-known facts such as: * Wright originated the visionary concept of a rear living-room opening into a garden terrace -- fifty years before the California architects generally credited with the concept * Wright actually designed the first carport – three decades prior to the date he is said to have “invented” it * During the first forty years of Wright’s career, he personally and professionally interacted with, and was significantly influenced by, designers who today would be described as landscape architects * Wright had a career-long fascination with community-scale planning *Wrightscapes* also chronicles how and why Wright’s famous ecological sensibilities were established, delving into Japanese and European influences as well as forces that shaped both the young and the mature architect. The authors also demonstrate how his design aspirations went far beyond the accepted definitions of architecture. In order to be as complete as possible, *Wrightscapes* even includes a detailed listing of “dos and don’ts” for owners of homes designed by Frank Lloyd Wright Here is truly groundbreaking, richly-illustrated coverage of an important yet unexplored aspect of Frank Lloyd Wright’s genius.
