I've paged through stacks of books on the history of watches. . . . But I hadn't come across a book that actually moved me until I picked up *A Man and His Watch*. The volume is filled with heartfelt stories. T: The New York Times Style Magazine Paul Newman wore his Rolex Daytona every single day for 35 years until his death in 2008. The iconic timepiece, probably the single most sought-after watch in the world, is now in the possession of his daughter Clea, who wears it every day in his memory. Franklin Roosevelt wore an elegant gold Tiffany watch, gifted to him by a friend on his birthday, to the famous Yalta Conference where he shook the hands of Joseph Stalin and Winston Churchill. JFK's Omega worn to his presidential inauguration, Ralph Lauren's watch purchased from Andy Warhol's personal collection, Sir Edmund Hillary's Rolex worn during the first-ever summit of Mt. Everest . . . these and many more compose the stories of the world's most coveted watches captured in *A Man and His Watch*. Matthew Hranek, a watch collector and NYC men's style fixture, has traveled the world conducting firsthand interviews and diving into exclusive collections to gather the never-before-told stories of 76 watches, completed with stunning original photography of every single piece. Through these intimate accounts and Hranek's storytelling, the watches become more than just timepieces and status symbols; they represent historical moments, pioneering achievements, heirlooms, family mementos, gifts of affection, and lifelong friendships.

The Curated Closet

One of the oldest Italian fashion brands in existence today, Gucci was founded in Florence in 1921. Guccio Gucci established his company with the goal of creating opulent luggage for Italy's wealthy and fashionable upper-classes. With the signature Gucci print of dark brown diamonds on a tan background, interlocking G logo and red and green stripe, the brand has gone on to become the last word in Italian luxury. Gucci's signature items - the belt, the bag, the loafer - transcend fleeting fashion trends, and have remained central to the house's identity into the twenty-first century. Under the stewardship of Tom Ford, Gucci epitomized the louche and mischievous 1990s aesthetic. Today, under Alessandro Michele, the brand's combination of romance and toughness is in hot demand. The Little Book of Guccitells the story of this historic yet flourishing house, and the visionary looks that have cemented its place in fashion history.
