Remarkably, even though millions upon millions of us do believe in God, when we are asked why we have such faith, we become tongue-tied and struggle to give a reason for our hope. No wonder those who don't believe God exists remain unconvinced—there's too few of us ready to

speak on God's behalf! Ken Boa and Robert Bowman have provided a resource that tackles the most profound arguments from philosophy, science, sociology, psychology, and history and presents twenty clear, concise, and compelling evidences that show that faith in God—and specifically Jesus Christ—is reasonable.

This book is a unique study of Shi'a Islam as it lives in the minds and hearts of people in a Southwest Iranian village. The central segment of the text is presented in the form of edited interviews conducted in the course of anthropological fieldwork both before and after the Iranian revolution. The individuals, representing all major socio-economic and educational backgrounds, speak in their own words. Loeffler discovers that what people make of their religion is characterized by not only an unexpected diversity, but by an astounding sophistication. His format of presenting these views gives justice to the highly individualized character of religious worldviews. This feature has gone unrecognized in Islamic studies because the preferred methodology of working with composite and generalized accounts has made it impossible to detect. In his conclusion, Loeffler formulates a new theory of religion based on the emerging paradigm of evolutionary epistemology and the dialectic between the individual and the religious system. This area of Islamic studies remains untouched by scholars preoccupied with historical texts and orthodox doctrines of established religious authorities.

In this book you will come to know my upbringing that details aspects of your son(s), brother(s) and nephew(s) life. An upbringing that maybe similar if not identical. This book tells the journey of a young teenager growing up on the eastside of Detroit. Poor, drug addicted Mother, an absent of a Father. Like so many of our Black youth today. An upbringing that pressured me into a life of drug selling. Then eventually an assault with intent to rob and assault with intent to murder. I was later captured and sent to the Michigan Department of Correction for 18.7 years of my life. This book will allow you into my 18.7 year journey as a prisoner. It will allow you to see the ups and downs and the good and bad that I had to struggle and cope with beginning at the age of 22. In the midst of a dark period in my life. I was able to find a life giving teaching that lead to my repentance from a criminal way of thinking. And the reformation of a criminal way of acting. The reader will see that there is an answer to the pain and struggles within our youth today. And that committing a crime, going in and out of prison, neither dying a premature death is not worth the value of their lives. If you are in prison then this book will let you see how I made it 18.7 years trouble free. I am one of those who was fortunate to make it out alive, well and

with a sound mind. To let my young brothers and the world know. That it's never too late to repent and reform, and to be a blessing to yourself, your Mother, your family and the world! --DONALD P. LONG

Modernist Islam was a major intellectual current in the Muslim world during the 19th and 20th centuries. Proponents of this movement typically believed that it was not only possible but imperative to show how "modern" values and institutions could be reconciled with authentically Islamic ideals. This sourcebook brings together a broad range of writings on modernist Islam from across the Muslim world. It makes available for the first time in English the writings of many of the activists and intellectuals who made up the early modernist Islamic movement. Charles Kurzman and a team of section editors, each specializing in a different region of the Islamic world, have assembled, translated, and annotated the work of the most important of these figures. With the publication of this volume, an English-speaking audience will have wider access to the literature of modernist Islam than did the makers of the movement themselves.
