How to Draw People, Monsters and Creatures

So, why learn to draw? Drawing is arguably as important and essential a skill as learning literacy and mathematics. When a child learns to draw, they are encouraged to do two things. The first is to look at the world around them - they begin to understand the connections between color and shape, form and perspective, dimensions and relations. The second is to look within themselves. Once a child learns how to draw, they are able to express themselves in a unique and fascinating way. Every individual has a very different imagination and a particular creative process, even from a young age - however they need a way to vent this imagination and creativity. Learning to draw is the perfect way to do this. Moreover, the better your child becomes at a skill like drawing, the more easily they will be able to express themselves. That is why this book is the perfect guide to the techniques needed in the earliest stages of drawing. Not only will it teach them the basics but more importantly they will have fun whilst they are learning. In no time at all you are sure to see your child's ability go from strength to strength, which will be an incredibly rewarding process for them but also for you!

Drawing Horror-Movie Monsters

People who love kids spend a sizeable amount of their adult life obsessing about how their lives would be with kids in it. They wonder how they can be good parents and be their kids' ultimate companion. They actively or passively prepare for this period of their lives and try to figure out ways to connect with their kids. The kids came with a need to express themselves, and it turns out that drawing is one of these needs. Herein lies the problem; the parent cannot draw. If this is your story, we understand how hard it is for you to confront that wrong notion that you cannot be there for your kids. You do not have to feel this way because you can always get help. Now, that help has come in the form of this drawing book. You do not have to feel like you are not doing enough for your kids in the area of creative expression because now, you can always bring out this book and guide them on how to use it to fulfill their drawing needs. The best part of this is that you will be doing it together; you learn as they learn and at the same time, you get to connect with them on a deeper level. So yes, you may not have much artistic or drawing skill, but you can help your kids develop theirs, and this book and the drawing guides in it will help you get them there. You and your kids are about to have the most amazing creative experience - one that you will talk about for years to come.
