To anyone who says that your 20s don't really matter: Dr. Meg Jay begs to differ. In *The Defining Decade*, the clinical psychologist uses science and real-life stories to argue that our personalities, relationships, and identities can change more in this decade than any other time in our lives. Dr. Jay provides a smart and practical guide to making the most of these transformative years.

How to Save for Retirement in Your 20s, 30s, 40s, 50s and 60s

Investing To Meet Your Goals It may be wise to invest in Certificates of Deposit or Money Market Funds for your short-term goals and the stock market for your medium and long-term goals. Historically, the stock market has out-performed any other type of investment over time, but it's not for the faint of heart.
