Jesus the Messiah in Muslim Thought

The book *Jesus and Muhammad 2 Rays of the Same Light* takes the reader on a journey through the authentic teachings of Jesus and Muhammad. During the course of this journey, each reader is presented with numerous themes and topics that were excellently addressed by Jesus in the New Testament and that were also superbly addressed by Muhammad in the Quran, thus illustrating profound similarities, complements, and parallels. Providing ample food for thought and reflection, the book provides numerous examples where the teachings of Jesus and Muhammad clearly demonstrate continuity, balance, and congruence. An excellent analysis is made of The Sermon on the Mount, also entitled The Beatitudes, from Jesus while on the mountain compared to The Farewell Sermon, also entitled The Final Sermon, of Muhammad, also delivered while on a mountain. The critical insights and synergy is compelling and indeed thought-provoking, as well as inspirational. The book brilliantly explores the subject of religious interfaith, providing scriptural support from Jesus, as per the New Testament, and from Muhammad, as per the Quran, as an unbiased platform. The book does an excellent job of identifying numerous examples where the teachings of Jesus and Muhammad do indeed portray them as two rays of the same light!

A Muslim Theologian's Response to Christianity

In this riveting novel, beloved international bestselling author Deepak Chopra captures the spellbinding life story of the great and often misunderstood Prophet. Islam was born in a cradle of tribal turmoil, and the arrival of one God who vanquished hundreds of ancient Arabian gods changed the world forever. God reached down into the life of Muhammad, a settled husband and father, and spoke through him. Muhammad's divine and dangerous task was to convince his people to renounce their ancestral idols and superstitious veneration of multiple gods. From the first encounter, God did not leave Muhammad alone, his life was no longer his own, and with each revelation the creation of a new way of life formed and a religion was born. Muhammad didn't see himself as the son of God or as one who achieved cosmic enlightenment. His relatives and neighbors didn't part the way when he walked down the parched dirt streets of Mecca. There was no mark of divinity. Orphaned by age six, Muhammad grew up surrounded by dozens of cousins and extended family to become a

trusted merchant. Muhammad saw himself as an ordinary man and that is why what happened to him is so extraordinary. Rooted in historical detail, Muhammad brings the Prophet to life through the eyes of those around him. A Christian hermit mystic foretells a special destiny, a pugnacious Bedouin wet nurse raises him in the desert, and a religious rebel in Mecca secretly takes the young orphan under his spiritual wing. Each voice, each chapter brings Muhammad and the creation of Islam into a new light. The angel Gabriel demands Muhammad to recite, the first convert risks his life to protect his newfound faith, and Muhammad's life is not a myth but an incredible true and surprisingly unknown story of a man and a moment that sparked a worldwide transformation.

Our Saviour Has Arrived

“A welcome expansion of the fragile territory known as common ground.” —The New York Times When Reza Aslan’s bestseller *Zealot* came out in 2013, there was criticism that he hadn’t addressed his Muslim faith while writing the origin story of Christianity. In fact, Ross Douthat of *The New York Times* wrote that “if Aslan had actually written in defense of the Islamic view of Jesus, that would have been something provocative and new.” Mustafa Akyol’s *The Islamic Jesus* is that book. *The Islamic Jesus* reveals startling new truths about Islam in the context of the first Muslims and the early origins of Christianity. Muslims and the first Christians—the Jewish followers of Jesus—saw Jesus as not divine but rather as a prophet and human Messiah and that salvation comes from faith and good works, not merely as faith, as Christians would later emphasize. What Akyol seeks to reveal are how these core beliefs of Jewish Christianity, which got lost in history as a heresy, emerged in a new religion born in 7th Arabia: Islam. Akyol exposes this extraordinary historical connection between Judaism, Jewish Christianity and Islam—a major mystery unexplored by academia. From Jesus’ Jewish followers to the Nazarenes and Ebionites to the Qur’an’s stories of Mary and Jesus, *The Islamic Jesus* will reveal links between religions that seem so contrary today. It will also call on Muslims to discover their own Jesus, at a time when they are troubled by their own Pharisees and Zealots.

The writings of Yehezkel Kaufman (1889-1963), late Professor of Bible at the Hebrew University of Jerusalem, fall into three main categories: Bible studies, of which the four-volume *History of the Religion of Israel* is the magnum opus; socio-historical analysis of Jewry's fate and existence as a diaspora-nation community, with the two-volume *Golah ve-Nekhar* (Exile and Estrangement) being its most outstanding scholarly undertaking in this regard; finally topical articles dealing with immediate socio-political problems of Zionism and the emerging State of Israel. This book comprises three successive chapters from Yehezkel Kaufman's *Golah ve-Nekhar* which, though intrinsically related to the central topic of that work, constitute a distinct unit of its own. The basic difference between Judaism and Christianity is here defined as two forms of covenant being in conflict with each other.

Jesus and Muhammad

Jesus and Muhammad are two of the best known and revered figures in history, each with a billion or more global followers. Now, in this intriguing volume, F.E. Peters offers a clear and compelling analysis of the parallel lives of Jesus and Muhammad, the first such in-depth comparison in print. Like a detective, Peters compiles "dossiers" of what we do and do not know about the lives and portraits of these towering figures, drawing on the views of modern historians and the evidence of the Gospels and the Quran. With erudition and wit, the author nimbly leads the reader through drama and dogma to reveal surprising similarities between the two leaders and their messages. Each had a public career as a semi-successful preacher. Both encountered opposition that threatened their lives and those of their followers. Each left a body of teaching purported to be their very words, with an urgent imperative that all must become believers in the face of the approaching apocalypse. Both are symbols of hope on the one hand and of God's terrible judgment on the other. They are bringers of peace--and the sword. There is, however, a fundamental difference. Muslims revere Muhammad ibn Abdullah of Mecca as a mortal prophet. Although known as a prophet in his day, the Galilean Jew Jesus was and is believed by his followers to have been the promised Messiah, indeed the son of God. The Quran records revelations received by Muhammad as the messenger of God, whereas the revelations of the Gospels focus on Jesus and the events of his life and death. A lasting contribution to interfaith understanding, Jesus and Muhammad offers lucid, intelligent answers to questions that underlie some of the world's most intractable conflicts.

The Abraham Connection

Translation of Jawab al-sahih li-man baddal din al-masih [The correct answer to those who replaced the religion of Christ], a work whose length & scope have never been equalled in Muslim critiques of the Christian religion & whose depth of insight into the issues that separate Christianity & Islam sets it among the masterpieces of Muslim polemic against Christianity.

Buddha, Jesus and Muhammad

Are jihadists dying for a fiction? Everything you thought you knew about Islam is about to change. Did Muhammad exist? It is a question that few have thought—or dared—to ask. Virtually everyone, Muslim and non-Muslim alike, takes for granted that the prophet of Islam lived and led in seventh-century Arabia. But this widely accepted story begins to crumble on close

examination, as Robert Spencer shows in his eye-opening new book. In his blockbuster bestseller *The Truth about Muhammad*, Spencer revealed the shocking contents of the earliest Islamic biographical material about the prophet of Islam. Now, in *Did Muhammad Exist?*, he uncovers that material's surprisingly shaky historical foundations. Spencer meticulously examines historical records, archaeological findings, and pioneering new scholarship to reconstruct what we can know about Muhammad, the Qur'an, and the early days of Islam. The evidence he presents challenges the most fundamental assumptions about Islam's origins. *Did Muhammad Exist?* reveals: "How the earliest biographical material about Muhammad dates from at least 125 years after his reported death" "How six decades passed before the Arabian conquerors—or the people they conquered—even mentioned Muhammad, the Qur'an, or Islam" "The startling evidence that the Qur'an was constructed from existing materials—including pre-Islamic Christian texts" "How even Muslim scholars acknowledge that countless reports of Muhammad's deeds were fabricated" "Why a famous mosque inscription may refer not to Muhammad but, astonishingly, to Jesus" "How the oldest records referring to a man named Muhammad bear little resemblance to the now-standard Islamic account of the life of the prophet" "The many indications that Arabian leaders fashioned Islam for political reasons" Far from an anti-Islamic polemic, *Did Muhammad Exist?* is a sober but unflinching look at the origins of one of the world's major religions. While Judaism and Christianity have been subjected to searching historical criticism for more than two centuries, Islam has never received the same treatment on any significant scale. The real story of Muhammad and early Islam has long remained in the shadows. Robert Spencer brings it into the light at long last.

Many believe there is nothing like seeing a good movie, one that is enjoyable both in itself and for the thought processes it stimulates. From *The Usual Suspects* and *When Harry Met Sally* to *Gandhi* and *The Color Purple*, this handbook functions as a guide to watching and reflecting upon 75 great films. The author, a philosophy instructor, presents a text designed to lead readers through a series of intellectual gymnastics; to help strengthen critical thinking abilities and to inspire exciting and philosophical thoughts and discussions. "Civil Disobedience," "Death," "Fate and Determinism," "War," "Sexism and Women's Issues," "Gay Rights," "The Greatest Happiness Principle," "Anxiety and Inauthenticity" and "The Holocaust" are examples of the 18 different categories into which the films are divided. Each chapter includes the author's introductory comments to be read prior to watching movies along with a section of "Questions to Ponder" to be considered afterward. Photographs of many movie scenes are included throughout the text. Instructors considering this book for use in a course may request an examination copy [here](#).

Prophets serve as intermediaries between the human and divine worlds, granting them a special status in history across diverse religions and cultures. For Muslims, the Prophet Muhammad (570–632 CE) represents the culmination of the line of monotheistic prophets, including Abraham, Moses and Jesus. In his own lifetime, Muhammad overcame opposition and brought reforms, firmly establishing a thriving community of believers which would become a major world civilisation. Today, the Prophet's life and actions continue to inspire the Muslims

worldwide. The Prophet Muhammad presents an illuminating portrait of Muhammad in his capacity as God's messenger and an exemplary figure to Muslims. Revealing the challenges and triumphs of prophecy, Stephen Burge examines how prophets have inspired faith communities' relationship with the Divine, and one another. In doing so, this engaging account elucidates the enduring influence of prophecy and the profound legacy of the Prophet Muhammad.

The Cross of Christ

In *Islamic Exceptionalism*, Brookings Institution scholar and acclaimed author Shadi Hamid offers a novel and provocative argument on how Islam is, in fact, "exceptional" in how it relates to politics, with profound implications for how we understand the future of the Middle East. Divides among citizens aren't just about power but are products of fundamental disagreements over the very nature and purpose of the modern nation state—and the vexing problem of religion's role in public life. Hamid argues for a new understanding of how Islam and Islamism shape politics by examining different models of reckoning with the problem of religion and state, including the terrifying—and alarmingly successful—example of ISIS. With unprecedented access to Islamist activists and leaders across the region, Hamid offers a panoramic and ambitious interpretation of the region's descent into violence. *Islamic Exceptionalism* is a vital contribution to our understanding of Islam's past and present, and its outsized role in modern politics. We don't have to like it, but we have to understand it—because Islam, as a religion and as an idea, will continue to be a force that shapes not just the region, but the West as well in the decades to come.

The Islamic Jesus

Christianity and Judaism

Much of the world today is convulsed in an epic struggle between the Christian West and Islam. Scholars seeking to understand the issues look back in history to unearth the roots of this conflict. Of great value in this effort are the writings of an eyewitness, a devoted Christian who served as chief financial officer of the Umayyad Empire and wrote at the time Islam was developing. John of Damascus (675-750) authored two major works, the *Heresy of the Ishmaelites* and the *Disputation between a Christian and a Saracen*, to provide an apologetic response to Islam from a Christian perspective. His writings shed light on many questions that are pertinent today: When was the Qur'an actually written? What was the role of the powerful caliph Abd al-Malik in the making of Muhammad? How did the theological issues related to the deity of Christ and the Trinity develop in the early days of Islam? This book delves into the life of John and studies his apologetic writings in detail, utilizing the first English translation from the critical text. It seeks to address these questions thoughtfully, provide valuable insights from the past, and then equip today's church as it engages with Islam.

Message to the Blackman in America

This is a book of live dialogue between representatives of Judaism, Christianity and Islam - the Abrahamic faiths of historical revelation - and is the fruit of twenty years of pioneering interfaith work by The Academy for Judaic, Christian, and Islamic Studies. The participants exchanged views on the significance of Abraham and the founding figures of each faith (Moses, Jesus and Muhammad); examined how the three religions are connected; compared ideas on the nature of revelation, scripture, law and grace; explored the meaning of peoplehood in each community and - in the final section - reflected on how they had been affected by the dialogues.

Did Muhammad Exist?

Jesus and Muhammad lived in different times and in different contexts. An absolute comparison of the careers of these two men is not a satisfactory method in understanding the similarities and differences between their teachings. This book approaches this topic from a different perspective. The time that Muhammad preached in Mecca is compared to the time Jesus spent preaching throughout Palestine. This improves the similarities in contexts between them and makes a comparison more valid. The number of similarities outweighs the number of differences when looking at the four books of the Gospel and the chapters of the Qur'an

revealed in Mecca. On issues related to prayer, the Oneness of God, charity, the Hereafter and forgiveness the teachings in these two books are practically the same. A number of core theological issues surfaced in the Book of John do clash with Qur'anic teachings about the person of Jesus. These differences and the possible reasons for them are explored in this book. The conclusion of this book is that Muslims and Christians have more shared values and even theological similarities than differences. It is recommended that Muslims and Christians should spend more time understanding these commonalities.

The Prophet Muhammad

Providing an intimate window into a loving Muslim home, Qureshi shares how he developed a passion for Islam before discovering, almost against his will, evidence that Jesus rose from the dead and claimed to be God. Unable to deny the arguments but not wanting to deny his family, Qureshi struggled with an inner turmoil that will challenge Christians, Muslims, and all those who are interested in the world's greatest religions. Engaging and thought-provoking, *Seeking Allah, Finding Jesus* tells a powerful story of the clash between Islam and Christianity in one man's heart—and of the peace he eventually found in Jesus. "I have seldom seen such genuine intellect combined with passion to match truly a 'must-read' book."—Ravi Zacharias

Jesus and Muhammad

The Cross of Christ: Foundational Islamic Perspectives takes an in-depth look at all of the medieval Muslim scholars considered to have affirmed Jesus' crucifixion. Each chapter provides the important historical and intellectual context for the commentators. As well, critical new translations of key texts are provided, offering important access to vital documents and schools of thought. The author argues that, rather than affirming the historicity of the crucifixion, the Isma'ilis tend to assume its historicity, in order to advance important Isma'ili doctrines. The author also contends that the commentators who explored ways to affirm the crucifixion, nonetheless made extensive use of traditional substitution legends that deny the crucifixion. In order to orient the reader, the book starts by introducing the reader to the Jesus of the Qur'an. It then compares him to the Jesus of the New Testament and the Jesus of extra canonical literature. Upon this Qur'anic skeleton, the author layers a myriad of details found in seventeen works of classic Islamic literature, so that a truly unique, authentic and authoritative Jesus of Islam emerges.

Jesus and Muhammad

Jesus or Muhammad: A Question of Assurance Two people have radically influenced the world: Jesus and Muhammad. One name invokes some people to love their enemies. The other name invokes some people to hate those who insult that name. However, movements in the West with varying agendas, infatuated with words like "co-exist," "tolerance," and "inclusivism," shove all the key differences between faiths under a rug without any discussion over them. Yet History and Experience tell us that it is good to freely talk about differences in order to understand each other's faith. Steven Masood examines how followers of Jesus and followers of Muhammad use different dictionaries for the definition of peace, love, grace, and mercy. He delves into the Bible and the Qur'an, investigating how both present the creation and the patriarchs. While the Bible stops with Jesus and his disciples, the Qur'an brings Muhammad on the scene. Masood deals sensitively with questions like: Is the Qur'an the continuation of the Bible? Did Jesus promise the coming of Muhammad? Is Jesus or Muhammad the "final messenger" with the authority of assurance from God? What guidance was promised to Adam, to restore him and his progeny to God? If Jews, Christians, and Muslims believe in the same God, why the different messages? Steven Masood, PhD, has spent over 30 years studying and working in Christian-Muslim relations. At present, he holds workshops and seminars with a Biblical and Qur'anic perspective on Islam. He has written

several books, including The Bible and the Qur'an: A Question of Integrity. Currently he serves in full-time Christian ministry. More info: www.JesusToMuslims.org
