Manga Mania Shoujo

Shoujo manga is one of the most popular styles of Japanese animation, featuring the most recognizable characters in manga—seen everywhere in comics, books, toys, television, film, and video. Since shoujo is based on stories that focus on peer pressure, romance, and friendship, it initially appealed to young females, but today more and more boys are attracted to this genre, which inevitably includes young male heroes. Best-selling author Christopher Hart once again reveals the secrets and techniques that go into building all the basics of the shoujo style—the big eyes, the miniscule noses, and the cute or angst-ridden expressions. Teen body language is explored. In addition, artists learn to draw teen clothing styles and also different character types, from school kids and cuddly creatures and cute pets to heartthrobs.

Manga Mania Bishoujo

Classic radical feminist statement from the woman who shot Andy Warhol “Life in this society being, at best, an utter bore and no aspect of society being at all relevant to women, there remains to civic-minded, responsible, thrill-seeking females only to overthrow the government, eliminate the money system, institute complete automation and destroy the male sex.” Outrageous and violent, SCUM Manifesto was widely lambasted when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published the book just before she became a notorious household name and was confined to a mental institution. But for all its vitriol, it is impossible to dismiss as the mere rantings of a lesbian lunatic. In fact, the work has proved prescient, not only as a radical feminist analysis light years ahead of its time—predicting artificial insemination, ATMs, a feminist uprising against underrepresentation in the arts—but also as a stunning testament to the rage of an abused and destitute woman. In this edition, philosopher Avital Ronell’s introduction reconsiders the evocative exuberance of this infamous text.
