Islam, Judaism, and the Political Role of Religions in the Middle East

Not Afraid of the Antichrist

Mideast Beast

Records the testimonies of former Muslims who have left the Islamic faith, recording their reasons for leaving the religion and the consequences that they have faced as a result.

Revelation

The Quranic revelation appears six centuries after Jesus. It resumes numerous data found in the Hebraic bible and the gospels since it quotes very frequently from the Torah and the gospels. The Quran directs all Muslims to believe in the scriptures that precede it.

Apocalypse 2027

Are we on the verge of a great apostasy in the church? "For a time is coming when people will no longer listen to sound and wholesome teaching. They will follow their own desires and will look for teachers who will tell them whatever their itching ears want to hear. They will reject the truth and chase after myths." --2 Timothy 4:3-4
Jesus Christ is coming back. It is certainly a Christian's greatest hope during these difficult times. The Bible warns us that the last days will be tumultuous--wars and rumors of wars will spread (Matthew 24:6). In our age, the world seems to be spinning out of control, creating fear,

confusion, and uncertainty. In addition to violence, pestilence, and epidemics, the Bible predicts a great "falling away" from God in the end times. Bible teachers call that "the great apostasy." Are we seeing evidence today in the church of this massive rejection of sound and wholesome teaching? Bestselling authors Mark Hitchcock and Jeff Kinley team up to examine the evidence from the teachers of our time. Are today's teachers allowing people to follow their own desires by telling them what they want to hear, as the Bible clearly predicts? Are major portions of the church ready to abandon sound and wholesome teaching? Together, Mark and Jeff explore alarming trends among today's church leaders and they are simply stunned by what they discover. The great apostasy is coming, but is it closer than we imagine? What does that mean for the future? Let Mark and Jeff be your steady guides to the difficult days ahead.

Mystery Babylon

CHRISTIAN RELIGIOUS BOOK ON THE APOCALYPSE IN THE COMING DECADE

Did God Really Command Genocide?

This volume deals with the varied forms of shame reflected in biblical, theological, psychological and anthropological sources. Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior, recent scholarship has discovered the crucial relevance of social shame evoked by mental status, adversity, slavery, abuse, illness, grief and defeat. Anthropologists, sociologists, and psychologists have discovered that unresolved social shame is related to racial and social prejudice, to bullying, crime, genocide, narcissism, post-traumatic stress and other forms of toxic behavior. Eleven leaders in this research participated in a conference on The Shame Factor, sponsored by St. Mark's United Methodist Church in Lincoln, NE in October 2010. Their essays explore the impact and the transformation of shame in a variety of arenas, comprising in this volume a unique and innovative resource for contemporary religion, therapy, ethics, and social analysis.

The Late Great Planet Earth

Explores the New Testament book of Revelation in a historical first-century context, reinterpreting the book as a scathing attack on the decadence of Rome that was subsequently adopted by early Christians as a weapon against heresy.

Reading Revelation Responsibly

A book of Jewish myth and thinking, the Book of Enoch was a book that was widely used in the first century as a point of reference in Jewish belief. While it is largely unknown exactly when the book was written, it was known to have been written by the time of the New Testament since a passage in the book of Jude comes from this source. While not canonical, this book is an interesting tool to enlightening the myths Jews held onto at the time of Biblical writing.

The Christ Virus

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

The Book of Enoch

A former Palestine Liberation Organization terrorist details his rejection of militant Islam and acceptance of traditional Christian interpretation of biblical prophecies regarding Israel.

Asimov's Guide to the Bible

Most Christians are either misinformed or blissfully unaware of how current events in the Middle East portend the fulfillment of major Bible prophecies. 'From Abraham to Armageddon: The Convergence of Current Events, Bible Prophecy, and Islam, ' explains how past, present, and future events in the Middle East relate to the rise of the Bible's "Islamic Antichrist." From the beginning of the Arab-Israeli conflict, to the birth of Islam, to the rise, demise, and ultimate regeneration of an Islamic empire, or "Caliphate," that will lead to a climactic showdown at Armageddon, T.W. Tramm makes sense of Bible passages that have baffled scholars for centuries: Learn about the mystery of "666"; the seven-headed, ten-horned beast of Revelation and its mysterious 'head wound'; the 'image of the beast'; and much more. (NOTE: This book has an updated cover; the content remains the same.)

Mount Sinai in Arabia

A common objection to belief in the God of the Bible is that a good, kind, and loving deity would never command the wholesale slaughter of nations. Even Christians have a hard time stomaching such a thought, and many avoid reading those difficult Old Testament passages that make us squeamish. Instead, we quickly jump to the enemy-loving, forgiving Jesus of the New Testament. And yet, the question doesn't go away. Did God really command genocide? Is the command to "utterly destroy" morally unjustifiable? Is it literal? Are the issues more complex and nuanced than we realize? In the tradition of his popular *Is God a Moral Monster?*, Paul Copan teams up with Matthew Flanagan to tackle some of the most confusing and uncomfortable passages of Scripture. Together they help the Christian and nonbeliever alike understand the biblical, theological, philosophical, and ethical implications of Old Testament warfare

passages. Pastors, youth pastors, campus ministers, apologetics readers, and laypeople will find that this book both enlightens and equips them for serious discussion of troubling spiritual questions.

Did God Have a Wife?

Rev. ed. of: Marriage and the family. 3rd ed. c2000.

The Qur'an with Annotated Interpretation in Modern English

The world's deadliest bioweapon lies hidden in the bowels of a secret government lab until a terrorist steals it with the objective of cleansing the U.S. of infidels. He finds Christians quarantined in relocation camps across the country an easy target, and unleashes the virus. The deadly disease spreads throughout the sanctuaries, soon mutating into an even deadlier airborne strain which infects nearby cities. In a desperate attempt to prevent a worldwide pandemic, the government prepares an unthinkable attack against its citizens. But reports of one man in a sanctuary who is immune to the virus reach Dr. Jenny George, a virologist with CDC. She convinces the president to postpone the plan for a few hours until she can find the man whose blood may contain an antiviral. But as she arrives at the quarantine camp, she finds the miracle man has disappeared.

Cold-Case Christianity

Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

From Abraham to Armageddon

A highly acclaimed and fascinating examination of Islamic and biblical end-time prophecies. Discover the startling similarities between the biblical Antichrist and Islam's Messiah figure known as Imam al-Mahdi. A must read for anyone interested in Islam, Bible prophecy or the underlying spiritual factors behind many of today's current events.

End Times and the Secret of the Mahdi

Mideast Beast completes and establishes the revolutionary argument introduced in Joel Richardson's Islamic Antichrist, namely that the Antichrist will be a Muslim, whose empire will arise out of the Middle East. Whereas most students of the Bible have long held that some form of humanism or universalist religion would catapult the Antichrist to world power, Mideast Beast: The Scriptural Case for an Islamic Antichrist systematically proves from that the long awaited system of the Antichrist is even now before us and knocking at our door. Through a highly scholarly, theologically grounded, yet simple presentation, Richardson thoroughly corrects the objections of critics, establishing beyond a doubt, the Biblical case for an Islamic Antichrist. With large segments of the Christian missionary movement embracing a heretical method of outreach to Muslims known as "Chrislam" or "The Insider Movement", Mideast Beast cuts to the core of the matter, revealing the true nature and origins of Islam

Why We Left Islam

God's War on Terror

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Marriages and Families

Over the last few decades, celebrated theorists and philosophers have increasingly contemplated the future of humanity through a predictive lens the meaning and purpose of our existence in light of the Bible's end-times narrative. Is it possible that ancient prophets actually foresaw how the world would come to an end and how final salvation including judgment of the nations would precisely transpire? In this wide-ranging and authoritative work, recognized experts from around the globe examine extraordinary developments currently playing out in geopolitics, science and technology, discovery, and even the supernatural, under the microscope of Scripture. The magnitude of individual choices and opportunities that lie just ahead, these experts say, will soon impact all of our lives in unprecedented ways. NOW, FOR THE FIRST TIME, IN I PREDICT YOU WILL *Discern the facts behind whether the Ark of the Covenant has been found *Learn about the Final Roman Emperor and the Vatican's Last Crusade *Finally understand the truth behind the Islamic Mahdi and the secrets of Apollyon *Witness efforts now underway that could lead to the Third Jewish Temple *Discover a hidden agenda that may force mankind into an epic World War *Determine how to prepare for a coming global monetary collapse *Read why some believe we are about to witness angels everywhere *Study the phenomenal prediction involving the next Great Awakening *Examine the case for a coming Global World Government *Grasp the arrival of amazing technology that will transform literally everything

The Coming Apostasy

Geographical and historical evidence illuminates the events and people of the Old Testament

Sinai to Zion

The New York Times best seller *Inside the Revolution* takes you inside the winner-take-all battle for the hearts, minds, and souls of the people of the Middle East. It includes never-before-seen profiles of the Radicals, the Reformers, and the Revivalists. It explains the implications of each movement and the importance of each leader, not only through the lenses of politics and economics, but through the third lens of Scripture as well. Today, wars and revolutions define the modern Middle East, and many believe the worst is yet to come.

The Psychosocial Implications of Disney Movies

The impact of *The Late Great Planet Earth* cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

The Islamic Antichrist Debunked

The antichrist is among us, here and now. This book proves it by comparing the biblical prophecies about the antichrist with the evidence that those prophecies have been fulfilled. This book documents the man of sin's esoteric confession that he is the antichrist. You will learn how the antichrist has changed times and laws as prophesied by Daniel, and how he is today sitting in the temple of God, "shewing himself that he is God," in fulfillment of Paul's prophesy in 2 Thessalonians 2:4. The beast of Revelation has come into the world, "after the working of Satan with all power and signs and lying wonders, And with all deceivableness of unrighteousness," as prophesied in 2 Thessalonians 2:10.

Why I Left Jihad

"In 'The Islamic Antichrist', Richardson exposes Western readers to the traditions of Islam and predicts that the end times may not be far away. His book will stun readers unaware of the similarities between the Antichrist and the "Islamic Jesus." His research on the relationship between Christian end-time prophecy and Islamic expectations of world domination will shock readers and shape the debate over radical Islam for years to come. This is the book to read to understand Islam's potential role in fulfilling the prophecies of the Bible" --Cover, p. 2.

Antichrist

"Throughout history, the largely gentile Christian Church has utterly failed to heed Paul's warnings, falling headlong into both ignorance and arrogance toward unbelieving Israel almost from the start. The horrific results of this have been seen in the long and bloody history of anti-Semitism against the Jewish people, in the profound blindness of the Church concerning God's unfolding prophetic plans, in a widespread identity crisis, and in its inability to faithfully proclaim the true and full Gospel message. The Church must acknowledge and repent of its long, bloody history and prepare for the days ahead. Discusses the good fruit and growing number of salvations among Jews, particularly in Israel. An appeal to support evangelism among Jews in Israel, as well as prayer and support for that nation in anticipation of the Lord's complete redemption of His people"--

Revelations

From the foreword: "The 'clash of civilizations' thesis is a gimmick, like 'The War of the Worlds,' better for reinforcing defensive self-pride than for critical understanding of the bewildering interdependence of our time. This book, in focusing on the 'self' and the 'other' in Jewish and Muslim thought, is an attempt in this direction." Although the "politicization" of religion or "sacrilization" of politics is not restricted to the Middle East, this phenomenon found its most spectacular expressions in the region. These essays examine, in an original and innovative manner, the complex relation between political and national identity and the three major religions of the contemporary Middle East--Islam, Christianity, and Judaism. Although the focus is on Palestinian-Israeli relations, the study is relevant to the entire history of the modern Middle East. Discussions of the Palestinian-Israeli arena include the conflictive relations between the two national communities and the political role played by religion in shaping the conflict, the escalation of the conflict, and possible avenues for reaching a peace agreement. The contributors, an international group of scholars from Israel, Palestine, Europe, and the United States, explore common theological and political ground shared by Jews and Muslims, a novel comparative approach that could lead to future dialogue along theological as well as political lines. Contents Foreword: Adrift in Similarity, by Edward Said Introduction, by John Bunzl Part I. On Islam and Judaism, Muslims and Jews 1. Daniel Revisited

A timely addition to the literature on the holy book of Islam, this translation provides both the original Arabic verse as well as extensive explanations and

interpretations in modern English. Additional commentary is offered on the the social and historical aspects of Islam, as well as the existence and unity of God, the concept of resurrection, and other theological complexities. Several special glossaries detailing the names of God and Qur'an vocabulary are also included.

Bible, The Qur'an And Science

This volume rejects the notion that Islam's sacred text is error free and cannot be critically evaluated. The study of the Koran must develop and mature. Scholars of Islam are of course familiar with the book's many errors and contradictions, but these inherent flaws have rarely been revealed to a wider public. The Origins of the Koran is an attempt to remedy this deficiency by bringing together classic critical essays which raise key issues surrounding Islam's holy book. Divided into four parts, this important anthology begins with Theodor Nöldeke's first truly scientific study of the Koran. Part Two focuses on the difficulty of establishing a reliable Koranic text, while Part Three examines the Jewish, Christian, and Zoroastrian sources of Muhammad's revelation. Part Four is a consideration of the controversial interpretations of contemporary scholar John Wansbrough, who questions the historical reliability of the earliest Islamic sources. This superb collection, which includes additional selections from Leone Caetani, Arthur Jeffery, David Margoliouth, Andrew Rippin, C.C. Torrey, and more, will prove indispensable to scholars and all those interested in the textual underpinning of one of the fastest growing religions in the world. Ibn Warraq is the highly acclaimed author of *Why I Am Not a Muslim and Defending the West*. He is also the editor of *The Origins of the Koran*, *What the Koran Really Says*, *Leaving Islam*, *The Quest for the Historical Muhammad*, and *Which Koran*.

Lost Scriptures

Originally published in 2006 as *Antichrist: Islam's Awaited Messiah*. Second edition (hardcover) published 2009 as *The Islamic Antichrist*.

The Islamic Antichrist

An indispensable exploration of the runaway bestselling series! From *Left Behind* to *Glorious Appearing*, the books in the *Left Behind* series have sold over 60,000,000 copies worldwide and their popularity continues to grow. What makes the books about the apocalypse so popular? What is it about the end times that fascinates millions around the globe? And what does the Bible really say about the end of the world? In *Rapture, Revelation, and the End Times*, six experts gather to answer these provocative questions and more, guiding readers through the different Christian millennialist views and how they developed. They explore the historical, biblical, social and political issues raised by the *Left Behind* series' religious perspective, present broad questions that curious readers might ask, and encourage us to reflect on the issues the series raises. An entertaining and informative book for fans as well as skeptics, this is a top-notch resource you won't want to be without! *Rapture, Revelation, and the End Times* answers some of the most often-asked questions about this fascinating series of books: * How popular are the *Left Behind* books . . . and why? * What does the Bible say about the end times? * How did *Left Behind*'s particular vision of the end times develop? * When do Christians think the end times will happen? * How are other religions treated in the *Left Behind* series? * What social and political messages appear in the *Left Behind* books? This **MUST-HAVE** book also includes a **READER'S GUIDE** with: *

Reader's Group Discussion Questions * Full Glossary of Religious Terms * Suggestions For Further Reading from a Variety of Perspectives This book has not been approved, licensed, or sponsored by any of the writers, publishers, or distributors of the books in the Left Behind series nor by any person or entity involved in the creation, production, or distribution of any media based on the series.

The Origins of the Koran

Despite the popular theology of our day, Christians should not expect to get out of experiencing the tribulation or the end times. Nowhere in the Bible does the Lord promise us this, say Michael Brown and Craig Keener, two leading, acclaimed Bible scholars. In fact, they say, Jesus promises us tribulation in this world. Yet this is no reason to fear. In this fascinating, accessible, and personal book, Brown and Keener walk you through what the Bible really says about the rapture, the tribulation, and the end times. What they find will leave you full of hope. God's wrath is not poured out on His people, and He will shield us from it--as he shielded Israel in Egypt during the ten plagues. So instead of taking comfort in what God hasn't promised, take comfort in the words of Jesus: He has overcome the world, and we live in his victory.

Antichrist: The Beast Revealed

This richly illustrated, non-technical reconstruction of "folk religion" in ancient Israel is based largely on recent archaeological evidence, but also incorporates biblical texts where possible.

When a Jew Rules the World

A companion volume to *Lost Christianities*, this remarkable anthology of long-lost Christian writings that were never included in the New Testaments includes fifteen additional gospels, thirteen epistles, five non-canonical Acts of the Apostles, Apocalypses and Secret Books, and brief introductions to each. History Dual Main. (Scripture)

I Predict

Daniel Revisited makes the case that the ancient book of Daniel reveals four specific events to occur in the Middle East in the end times prior to the Tribulation. This new look at old assumptions about prophecy and plain reading of Scripture combines a comprehensive study of relevant history with the fresh perspective of today's current events. Not only does it show that the Antichrist will be Muslim, it also identifies four events the author calls Signposts which will occur in a series leading right up to the Tribulation. The first event involving Iraq has already occurred. The second of the four events will be the invasion of the whole Middle East by Iran. The fourth event will witness the Antichrist's emergence.

The Islamic Antichrist

New York Times bestselling author Joel Richardson carefully explores what is arguably the greatest prophetic mystery in all of the Bible. Mystery Babylon is an in-depth look at the prophecy of Revelation 17 and 18. Richardson dissects the longest prophecy in the New Testament the final chapters of the Bible in order to make sense of these deeply elusive and profoundly controversial passages. In his characteristically easy-to-understand style, Richardson works through the history of Christian interpretation of Mystery Babylon, weighing the strengths and weaknesses of each view, making a powerful case for a solution to this prophecy that will rock the prophecy world. Divided into three parts Mystery Babylon Richardson exposit Scripture in part 1, examines the more common positions in part 2, and invites the reader to a powerful conclusion in part 3. "

The Mystery of Catastrophe

Proposes that the Middle East and the Islamic faith--rather than Europe and Christianity--will initiate the End of Times, discussing the connections between the Bible, current world events, the Koran, and the Antichrist.

Rapture, Revelation, and the End Times

The emergence of Radical Islamists should be no surprise to students of Scripture. America is only now understanding their intense passion to rule, not only the Middle East, but the western world as well. Youssef points to passages that show us how biblical prophecy speaks to the awful things to come. Beware of the secret of the Mahdi!
