### **My Hero Academia, Vol. 5**

A world of enchanted injustice needs a disenchanting woman in an all-new fantasy series by the Wall Street Journal bestselling author of *The Paper Magician*. The orphaned Elsie Camden learned as a girl that there were two kinds of wizards in the world: those who pay for the power to cast spells and those, like her, born with the ability to break them. But as an unlicensed magic user, her gift is a crime. Commissioned by an underground group known as the Cows, Elsie uses her spellbreaking to push back against the aristocrats and help the common man. She always did love the tale of Robin Hood. Elite magic user Bacchus Kelsey is one elusive spell away from his mastership when he catches Elsie breaking an enchantment. To protect her secret, Elsie strikes a bargain. She'll help Bacchus fix unruly spells around his estate if he doesn't turn her in. Working together, Elsie's trust in--and fondness for--the handsome stranger grows. So does her trepidation about the rise in the murders of wizards and the theft of the spellbooks their bodies leave behind. For a rogue spellbreaker like Elsie, there's so much to learn about her powers, her family, the intriguing Bacchus, and the untold dangers shadowing every step of a journey she's destined to complete. But will she uncover the mystery before it's too late to save everything she loves?

stands for. For the first time, crusading investigative journalist Lee Smith reveals who was responsible and the never before known involvement of Barack Obama, Joe Biden, and senior military officials who engineered a coup against a sitting president. Beginning in late 2015, political operatives, intelligence officials, and the press pushed a conspiracy theory about Trump—he was a Russian asset and spied on his campaign and his presidency in order to undo an election. Because the ultimate goal of the anti-Trump operation is not simply to topple the president but rather to change the character and constitution of the country, the Deep State's machinations didn't stop even after Trump was cleared of charges of "colluding" with Moscow. Their efforts became even more fierce, more desperate, and more divisive, threatening to scar America permanently. In their zeal to bring down President Trump, Deep State conspirators had unwittingly revealed the origins of the anti-Trump operation and exposed corruption at the very highest levels of the Democratic party—including former Vice President Biden and his boss, Barack Obama. Lee Smith brings to this story the same incisive reporting and commentary that distinguished his runaway bestseller, *The Plot Against the President*. His investigation, identifying crimes and abuses committed by senior US officials, was later confirmed by a major Department of Justice report. For *The Impeachment Plot*, Smith again enjoys unrivaled
