Radical Candor

Radical Rest

The Handbag of Happiness (and other misunderstandings, misdemeanours and misadventures) is a collection of rollicking, defiant, punked-up real-life stories where life-changing moments are found in the absurd, and self-improvement is inconvenient and unpleasant.

From The Bathing Costume of Calamity to The Apron Strings of Lament and The Brassiere of Lovelessness, Alannah Hill shares hard-won wisdom from a career in the fashion world, and tells us, in her own imperfect way, how she overcame adversity — and sometimes didn't, despite her best intentions.

A breath of fresh air in a world full of self-improvement courses, wellness retreats and oppressive rules, Alannah flouts convention. She's irreverent, ironic and self-deprecating. She's upbeat and fearlessly frank. She says out loud what other women are thinking. She flirts with trouble and finds the black humour in modern-day chaos and, in doing so, lets readers see that being a bit wrong can sometimes be right.

Radical

Evangelical Christian Publishers Association Top Shelf Book Cover Award We live in a culture that values activity, achievement and accomplishment. Whether in our careers, churches, schools or families, busyness is the norm in our lives, and anything less makes us feel unproductive and anxious. We have to work all the harder, then, to pursue true rest in a 24-7 world that is constantly in motion. John Koessler understands that rest is not automatic or easy to attain. He names the modern-day barriers to becoming people of rest and presents a unique perspective on how pursuing rest leads us to the heart of God. With honest, biblical reflections on trends in our culture and churches, he exposes our misconceptions regarding the concept of rest, as well as offering correction and practices to align our ideas with God's ideal. The book includes reflection and discussion questions designed for both individual and group use. You will discover the true meaning behind Jesus' idea of the yoke of rest and restoration for your mind, body and soul.

Radical Compassion

Diary of a Radical Cancer Warrior

Radical Careering

An award-winning advertising director shares advice on how to find enthusiasm and a sense of purpose in one's career, in a guide for generation-X professionals that makes recommendations about living a lifestyle in accordance with one's salary, setting high goals, and pursuing meaningful achievements. Rest Is Radical

ALLEN/GETTING THINGS DONE

Lair: Radical Homes and Hideouts of Movie Villains

Freedom from addiction is available in the one place that's the most difficult for an addict to be—the present moment. In *Natural Rest for Addiction*, non-duality teacher and addiction specialist Scott Kiloby offers his Natural Rest program for finding recovery from substance abuse—and addictions of all kinds—through the mindful practice of Resting Presence. If you struggle with alcoholism, drug dependency, or some other form of addiction, you know all too well the urges and cravings that drive your habit. *Addiction* tells you that something is wrong,

that you need something outside of yourself to make you well, something to fill the sense of deficiency you carry inside. These feelings are often tied to deep emotional trauma, anxiety, depression, or pain held in the body that has never fully been acknowledged. But what if you could learn to relax into awareness and accept the difficult thoughts, emotions, and sensations that make you feel like you need to do something—anything—to change your experience? This book will guide you, step by step, into the natural, open, peaceful awareness that is available to you at all times. Using the mindfulness-based Natural Rest program for recovery, you'll learn how to tap into this present-moment awareness throughout the day, relieving yourself of worries about the future or past by allowing your thoughts and feelings to come and go as they are, without grasping at or trying to control them. You'll also learn about the Living Inquiries, a process of self-inquiry developed by Scott Kiloby to target the beliefs, trauma, compulsions, and triggers that keep you trapped in the cycle of suffering and seeking. At the heart of addiction is a constant, desperate desire to alter what you're feeling, to escape from the here and now, to find relief. With Natural Rest for Addiction, you'll gain a deeper understanding of the complex issues that underlie addictive behavior and learn how to find peace, freedom, and well-being in the present, one moment at a time.

The Handbag of Happiness

Radical Wrongs in the Precepts and Practices of Civilized Man

For many of us, feelings of deficiency are right around the corner. It doesn't take much—just hearing of someone else's accomplishments, being criticized, getting into an argument, making a mistake at work—to make us feel that we are not okay. Beginning to understand how our lives have become ensnared in this trance of unworthiness is our first step toward reconnecting with who we really are and what it means to live fully. “from Radical Acceptance “Believing that something is wrong with us is a deep and tenacious suffering,” says Tara Brach at the start of this illuminating book. This suffering emerges in crippling self-judgments and conflicts in our relationships, in addictions and perfectionism, in loneliness and overwork—all the forces that keep our lives constricted and unfulfilled. Radical Acceptance offers a path to freedom, including the day-to-day practical guidance developed over Dr. Brach's twenty years of work with therapy clients and Buddhist students. Writing with great warmth and clarity, Tara Brach brings her teachings alive through personal stories and case histories, fresh interpretations of Buddhist tales, and guided meditations. Step by step, she leads us to trust our innate goodness, showing how we can develop the balance of clear-sightedness and compassion that is the essence of Radical Acceptance. Radical Acceptance does not mean self-indulgence or passivity. Instead it empowers genuine change: healing fear and shame and helping to build loving, authentic relationships. When we stop being at war with ourselves, we are free to live fully every precious moment of our lives.

Radical Alignment

When Sarah and Tom Arthur were appointed to a suburban church after three years in an urban Christian community, they faced a unique

challenge: how to translate the practices of "radical" faith into their new context. Together with their friends and fellow church members Erin and Dave Wasinger, the Arthurs embarked on a yearlong experiment to implement twelve small practices of radical faith--not waiting until they were out of debt or the kids were out of diapers or God sent them elsewhere, but right now. This book is Sarah and Erin's story, told with humor, theological reflection, and practical insight, exploring such practices as simplicity, hospitality, accountability, sustainability, and social justice--but, most of all, discernment. Along the way readers will consider how God might be calling them to embark on their own year of small but radical changes, right where God has planted them. Each chapter includes discussion questions and suggested readings. Foreword by Jonathan Wilson-Hartgrove. For more information, visit [www.YearofSmallThings.com](<http://www.YearofSmallThings.com>).

The Radical Review

A passionate call to rediscover the political and emotional joy that emerges when we share our lives In an era of increasing individualism, we have never been more isolated and dispirited. A paradox confronts us. While research and technology find new ways to measure contentment and popular culture encourages us to think of happiness as a human right, misery is abundant. Segal believes we have lost the art of "radical happiness"--the liberation that comes with transformative, collective joy. She argues that instead of obsessing about our own well-being we should seek fulfilment in the lives of others. Examining her own experience in the women's movement, Segal looks at the relationship between love and sex, and the scope for utopian thinking as a means to a better future. She also shows how the gaps in care that come from the diminishing role of the welfare state must be replaced by alternative ways of living together and looking after one another. In this brilliant and provocative book, Segal proposes that the power of true happiness can only be discovered collectively.

The Radical Pursuit of Rest

Radical Happiness

Arguing that the acceleration of technological innovation is setting the course for the next stage of human evolution, the author of *Edge City* raises thought-provoking questions about human culture, society, and the very nature of humankind. Reprint. 15,000 first printing.

Felix Holt the Radical by George Eliot

A wide-ranging and knowledgeable guide to the history of radical geography in North America and beyond. Includes contributions from an international group of scholars Focuses on the centrality of place, spatial circulation and geographical scale in understanding the rise of radical geography and its spread A celebration of radical geography from its early beginnings in the 1950s through to the 1980s, and after Draws on oral histories by leaders in the field and private and public archives Contains a wealth of never-before published historical material

Serves as both authoritative introduction and indispensable professional reference

Emergence

A beautifully illustrated journal and guidebook to unleash the enchanted explorer in you and help you embark on a magical night journey to find the wonder and wisdom of nature and creativity. Become the wonder-seeker you truly are as you connect firsthand with nature and creativity. In this magical book, Amy T. Won, artist and enchanted guide, takes you on a personal creative night journey, where you are both explorer and storyteller. Through dreamy watercolour paintings of the enchanting night, you will embark on a gentle voyage of discovery from twilight fairytales and celestial myths to real-life creatures and natural phenomena that come alive under the cloak of darkness. You will learn to set intentions instead of goals, and capture the feeling of wonderment and creative flow, anywhere. Fill-in pages and tangible tools such as the Explorer's Chart invite spontaneity and surprise. Explore to your heart's delight and experience the magic-making. Allow the world around you to whisper in your ears what you wish most to create.

Radical Relevance: Sharpen Your Marketing Message - Cut Through the Noise - Win More Ideal Clients

One of the most beloved and trusted mindfulness teachers in America offers a lifeline for difficult times: the RAIN meditation, which awakens our courage and heart Tara Brach is an in-the-trenches teacher whose work counters today's ever-increasing onslaught of news, conflict, demands, and anxieties--stresses that leave us rushing around on auto-pilot and cut off from the presence and creativity that give our lives meaning. In this heartfelt and deeply practical book, she offers an antidote: an easy-to-learn four-step meditation that quickly loosens the grip of difficult emotions and limiting beliefs. Each step in the meditation practice (Recognize, Allow, Investigate, Nurture) is brought to life by memorable stories shared by Tara and her students as they deal with feelings of overwhelm, loss, and self-aversion, with painful relationships, and past trauma--and as they discover step-by-step the sources of love, forgiveness, compassion, and deep wisdom alive within all of us. A PENGUIN LIFE TITLE

Journal

The American saxophonist and social activist candidly records his experiences as a man fighting the effects of colorectal cancer, as well as the efforts in his broader fight for artistic expression, social justice, and a life lived in the present.

The China Review, Or, Notes and Queries on the Far East

Revolutionary ideas on how to use markets to bring about fairness and prosperity for all Many blame today's economic inequality, stagnation, and political instability on the free market. The solution is to rein in the market, right? Radical Markets turns this thinking—and pretty much all

conventional thinking about markets, both for and against—on its head. The book reveals bold new ways to organize markets for the good of everyone. It shows how the emancipatory force of genuinely open, free, and competitive markets can reawaken the dormant nineteenth-century spirit of liberal reform and lead to greater equality, prosperity, and cooperation. Eric Posner and Glen Weyl demonstrate why private property is inherently monopolistic, and how we would all be better off if private ownership were converted into a public auction for public benefit. They show how the principle of one person, one vote inhibits democracy, suggesting instead an ingenious way for voters to effectively influence the issues that matter most to them. They argue that every citizen of a host country should benefit from immigration—not just migrants and their capitalist employers. They propose leveraging antitrust laws to liberate markets from the grip of institutional investors and creating a data labor movement to force digital monopolies to compensate people for their electronic data. Only by radically expanding the scope of markets can we reduce inequality, restore robust economic growth, and resolve political conflicts. But to do that, we must replace our most sacred institutions with truly free and open competition—Radical Markets shows how.

Spatial Histories of Radical Geography

Discover the Proven “Low Drama, High Joy” Method for Productive, Empathy-Based Communication and Collaboration. Why do so many organizations, teams, couples, families, and groups who should be working together end up wasting energy on unproductive conflict? Even when everyone has the same general goals, what’s often missing is a deeper alignment based on mutual trust, respect, and empathy. With Radical Alignment, top-level life and business coaches (and happily married couple) Alexandra Jamieson and Bob Gower share their potent method for helping groups to stop clashing and start working together—to jump from “we can’t” to an enthusiastic “hell yes!” The essential tool at the heart of Radical Alignment is the All-In Method: a four-step approach to communication designed to increase clarity, minimize miscommunication, honor each person’s individuality, and build a shared sense of trust and respect for long-term success. With easy-to-follow instruction, Jamieson and Gower bring you: “The Foundations of Great Communication”—what works, what doesn’t, and how to analyze the strengths and weaknesses of your own style “The All-In Method”—a step-by-step walk-through of this proven approach to getting into radical alignment with others “The Method in Action”—examples and exercises for using the All-In Method at work, at home, and in any situation “Scripts, suggestions, guidance, and additional resources for making this a lifelong practice for greater connection and intimacy “We believe passionately that the world needs more aligned teams in our businesses, organizations, communities, families, and intimate partnerships,” write the authors. “This means we need people who are able to have powerful and clear exchanges that build better connections.” Radical Alignment brings you a “low drama, high joy” technique to transform the way you collaborate and communicate in every area of your life.

Radical Acceptance

A certain kind of busyness is crucial to life, allowing us to earn a living, create art, and achieve success. But too often it consumes us and we become crazy busy, nonstop busy, and we expend extraneous effort that gets us nowhere. Marc Lesser’s new book shows us the benefits of

doing less in a world that has increasingly embraced more — more desire, more activity, more things, more exhaustion. Less is about stopping, about the possibility of finding composure in the midst of activity. The ideas and practices that Lesser outlines offer a radical yet simple approach to transforming a lifestyle based on endless to-do lists into a more meaningful approach that is truly more productive in every sense.

The Radical Pursuit of Rest

Learning how to radically rest can help boost physical health, develop stronger emotional resilience, and even change the way we perceive ourselves and the world around us. In this book, Mel Skinner introduces the nine principles and the yoga practices that form Radical Rest, and explores how symptoms of depression, anxiety, addiction, and more can be supported with these practices. The principles provide the foundation and guidelines, while the practices give us an embodied way of understanding and exploring the principles through the felt experience of slowing down. This is an invitation to move toward stillness, and to discover a life more peaceful, contented, and joyful.

Unapologetic

Radical

Evangelical Christian Publishers Association Top Shelf Book Cover Award We live in a culture that values activity, achievement and accomplishment. Whether in our careers, churches, schools or families, busyness is the norm in our lives, and anything less makes us feel unproductive and anxious. We have to work all the harder, then, to pursue true rest in a 24-7 world that is constantly in motion. John Koessler understands that rest is not automatic or easy to attain. He names the modern-day barriers to becoming people of rest and presents a unique perspective on how pursuing rest leads us to the heart of God. The Writings of George Eliot: Felix Holt, the radical

WHAT IS JESUS WORTH TO YOU? It's easy for American Christians to forget how Jesus said his followers would actually live, what their new lifestyle would actually look like. They would, he said, leave behind security, money, convenience, even family for him. They would abandon everything for the gospel. They would take up their crosses daily BUT WHO DO YOU KNOW WHO LIVES LIKE THAT? DO YOU? In Radical, David Platt challenges you to consider with an open heart how we have manipulated the gospel to fit our cultural preferences. He

shows what Jesus actually said about being his disciple--then invites you to believe and obey what you have heard. And he tells the dramatic story of what is happening as a successful" suburban church decides to get serious about the gospel according to Jesus. Finally, he urges you to join in The Radical Experiment -- a one-year journey in authentic discipleship that will transform how you live in a world that desperately needs the Good News Jesus came to bring. (From the 2010 edition)"

Rest, Suggestion, and Other Therapeutic Measures in Nervous and Mental Diseases

This book is a quiet revolution, a guide filled with practical advice to help you curb your obsessions and build boundaries between your work, your job, and your life. From business anecdotes about fulfilling orders to more personal stories about Marlee Grace's recovery from divorce and addiction, this book is full of wisdom and resilience, with plenty of discussion about ritual and routine as ways to create effective and positive creative life change. In her workshops on healing and creative process, Grace helps people acknowledge their blocks and address them by setting distinct parameters that change their behavior. Now, she brings her methods and ideas to the wider world, offering all of us concrete ways to break free from our devices and focus on what's really important--our own aliveness. Part workbook, part advice manual, part love letter, *How to Not Always Be Working* ventures into the space where phone meets life, helping readers to define their work--what they do out of sense of purpose; their job--what they do to make money; and their breaks--what they do to recharge, and to feel connected to themselves and the people who matter to them. Grace addresses complex issues such as what to do if your work and your job are connected, provides insights to help you figure out how much is too much, and offers suggestions for making the best use of your time. Essential for everyone who feels overwhelmed and anxious about our hyper-connected world--whether you're a corporate lawyer, a student, a sales person, or a yoga instructor--*How to Not Always Be Working* includes practical suggestions and thoughtful musings that prompt you to honestly examine your behavior--how you burn yourself out and why you're doing it. A creative manifesto for living better, it shows you how to carve sacred space in your life.

A Magical Night Journey Under the Moon and Stars

Radical Evolution

We live in a hectic world that demands us to always be 'on'. Whether it is pressure at work with deadlines to meet and projects to complete, or families to look after and communicate with - that most of us feel like we're failing at every day - rest is almost always an afterthought. In our busy lives, we've been led to believe that rest, or the notion of rest, is quite the indulgence - something that you get around to only when everything that needs to be done is done, right? Treating rest as a passive activity that comes secondary to work, undermines our chances for a rewarding and meaningful life. In *Radical Rest*, trained nurse and holistic coach Richard Lister will provide you with a series of simple, effective ways to take responsibility for your own health and wellbeing. Through powerful, practical tools and healing modalities, along with

easy yet transformative techniques that you can apply to your everyday routine and life, Radical Rest will enable you to cultivate a relationship with rest, to help your body heal and more importantly, stay in its optimum operating state. So that you can rest AND get more done.

The Year of Small Things

In his bestselling book *Emergence*, Derek Rydall helps you throw aside the self-help books and recognize one simple, radical truth: the answer is already in you. The harder we try to change, the deeper in the hole we get. We find a new partner but have the same old fights. We strive for an ever-bigger paycheck but end up broke at a higher income bracket. This is what happens when the basic principle of life—the Law of Emergence—is disrupted, stopping you from knowing that you are the perfect you. Like an acorn is a perfect acorn that becomes a perfect oak tree, there is not a part of you from beginning to end that isn't exactly what you should be. The Law of Emergence provides the foundation to re-engage with this ancient principle. In this seven-stage framework, spiritual life coach Derek Rydall shows that we aren't lacking anything; everything we need to fulfill our full potential is already inside us. Backed by an ancient truth that has largely been lost, Rydall changes the conversation around how to achieve your potential by showing you how to activate the genius already in you and empower your purpose in life. If you are struggling to improve something about yourself—your health, your mindset, your relationships, then *Emergence* is the book and Derek is the teacher you have been waiting for.

How to Not Always Be Working

Real-life stories from cancer survivors who have used the 9 key factors from the New York Times best-selling Radical Remission, with updated research and a tenth key factor revealed. Following the publication of the New York Times best-selling Radical Remission, thousands of readers have followed the groundbreaking program from Kelly A. Turner, Ph.D., and achieved successful remission--from cancer and more. Radical Hope co-writer Tracy White is one of the many who did so, and together Turner and White explore the real-life application of the Radical Remission principles and the people who have chosen to take this journey. Each chapter shares a survivor's in-depth story and their interpretation of a key factor in the Radical Remission lifestyle. Turner and White provide updated research and new tips for each factor and present a tenth key factor for integration into your healing approach. Male and female, younger and older, these survivors achieved remission by recognizing and committing to the fact that by taking ownership of their approach to healing, they would be giving themselves the best chance for a longer and healthier life. With warmth, realness, and a true sense of hope, Turner and White shine the spotlight on the pure strength of our own being and offer steadfast support and guidance for making the unique and individual decisions that are best suited for your own journey of healing.

Getting Things Done

In her New York Times bestseller, *Radical Remission: Surviving Cancer Against All Odds*, Dr. Kelly A. Turner, founder of the Radical Remission Project, uncovers nine factors that can lead to a spontaneous remission from cancer—even after conventional medicine has failed. While getting her Ph.D. at the University of California, Berkley, Dr. Turner, a researcher, lecturer, and counselor in integrative oncology, was shocked to discover that no one was studying episodes of radical (or unexpected) remission—when people recover against all odds without the help of conventional medicine, or after conventional medicine has failed. She was so fascinated by this kind of remission that she embarked on a ten month trip around the world, traveling to ten different countries to interview fifty holistic healers and twenty radical remission cancer survivors about their healing practices and techniques. Her research continued by interviewing over 100 Radical Remission survivors and studying over 1000 of these cases. Her evidence presents nine common themes that she believes may help even terminal patients turn their lives around.

Less

A manifesto from one of America's most influential activists which disrupts political, economic, and social norms by reimagining the Black Radical Tradition. Drawing on Black intellectual and grassroots organizing traditions, including the Haitian Revolution, the US civil rights movement, and LGBTQ rights and feminist movements, *Unapologetic* challenges all of us engaged in the social justice struggle to make the movement for Black liberation more radical, more queer, and more feminist. This book provides a vision for how social justice movements can become sharper and more effective through principled struggle, healing justice, and leadership development. It also offers a flexible model of what deeply effective organizing can be, anchored in the Chicago model of activism, which features long-term commitment, cultural sensitivity, creative strategizing, and multiple cross-group alliances. And *Unapologetic* provides a clear framework for activists committed to building transformative power, encouraging young people to see themselves as visionaries and leaders.

Natural Rest for Addiction

Radical Candor is the sweet spot between managers who are obnoxiously aggressive on the one side and ruinously empathetic on the other. It is about providing guidance, which involves a mix of praise as well as criticism, delivered to produce better results and help employees develop their skills and boundaries of success. Great bosses have a strong relationship with their employees, and Kim Scott Malone has identified three simple principles for building better relationships with your employees: make it personal, get stuff done, and understand why it matters. *Radical Candor* offers a guide to those bewildered or exhausted by management, written for bosses and those who manage bosses. Drawing on years of first-hand experience, and distilled clearly to give actionable lessons to the reader, *Radical Candor* shows how to be successful while retaining your integrity and humanity. *Radical Candor* is the perfect handbook for those who are looking to find meaning in their job and create an environment where people both love their work, their colleagues and are motivated to strive to ever greater success.

The Radical

WHY DO BAD GUYS LIVE IN GOOD HOUSES? From Atlantis in *The Spy Who Loved Me* to Nathan Bateman's ultra-modern abode in *Ex Machina*, big-screen villains often live in architectural splendor. From a design standpoint, the villain's lair, as popularized in many of our favorite movies, is a stunning, sophisticated, envy-inducing expression of the warped drives and desires of its occupant. *Lair: Radical Homes and Hideouts of Movie Villains*, celebrates and considers several iconic villains' lairs from recent film history. From futuristic fantasies to deathtrap-laden hives, from dwellings in space to those under the sea, pop culture and architecture join forces in these outlandish, primarily modern homes and in *Lair*, which features buildings from fifteen films, including: *Dr. Strangelove Or: How I Learned to Stop Worrying and Love the Bomb* *Star Wars* *The Incredibles* *Blade Runner* *2049* *You Only Live Twice* *The Ghost Writer* *Body Double* *North by Northwest*. Edited by acclaimed architect Chad Oppenheim with Andrea Gollin, *Lair* includes interviews with production designers and other industry professionals such as Ralph Eggleston, Richard Donner, Roger Christian, David Scheunemann, Gregg Henry, and Mark Digby. Contributors include director Michael Mann, cultural critic Christopher Frayling, museum director Joseph Rosa, and architect Amy Murphy. Architectural illustrations and renderings by Carlos Fueyo provide multiple in-depth views of these spaces.

Radical Remission

Examines the ways in which the gospel is contradicted by the American dream and challenges Christians to join in a one-year experiment in authentic discipleship that promises spiritual transformation through the word of God.
