Junior's Adventures: Storytime Book Set

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

Bringing Up Money Smart Kids

Shows parents how to use the time they have with their children in ways that are productive & enjoyable. Following the strategies the book presents will give parents renewed confidence in their abilities to help their children succeed in school without attempting to be teachers, as well as end many of the hassles associated with school & homework.

The Total Money Makeover

In The Meaningful Money Handbook, personal finance expert and podcaster extraordinaire Pete Matthew guides you through everything you need to KNOW and everything you need to DO to build a secure financial future for yourself and your family. This is achievable for everyone by following three simple steps: 1. Spend less than you earn and clear debt. 2. Insure against disaster. 3. Build up your savings and invest wisely. You will learn: • How to get out of debt as quickly as possible. • Techniques for good financial control, so you can avoid

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

getting into debt again. • The importance of insurance for laying down a foundation on which to build a solid financial plan, which isn't washed away by an unexpected disaster. • How to save and invest simply and efficiently so that you can work your way towards future financial freedom. No matter your starting position, or your existing level of comfort with dealing with your money, Pete Matthew's calm, straightforward and jargon-free approach will appeal to you and help you to set out on the right path. The Meaningful Money Handbook is a practical guide to succeeding with money by cutting out the stuff you don't need to know, and clarifying the essential things you need to do, to make a real difference to your life. Don't put it off any longer - pick up this book and start to take a meaningful approach to your money today.

The MoneySmart Family System

Most parents do more harm than good when they try to teach their children about money. They make saving seem like a punishment, and force their children to view reckless spending as their only rational choice. To most kids, a savings account is just a black hole that swallows birthday checks. David Owen, a New Yorker staff writer and the father of two children, has devised a revolutionary new way to teach kids about money. In *The First National Bank of Dad*, he explains how he helped his own son and daughter become eager savers and rational spenders. He started by setting up a bank of his own at home and offering his young children an attractively high rate of return on any amount they chose to save. "If you hang on to some of your wealth instead of spending it immediately," he told them, "in a little while, you'll be able to double or even triple your allowance." A few years later, he started his own stock market and money-market fund for them. Most children already have a pretty good idea of how money works, Owen believes; that's why they are seldom interested in punitive savings schemes mandated by their parents. The first step in making children financially responsible, he writes, is to take advantage of human nature rather than ignoring it or futilely trying to change it. "My children are often quite irresponsible with my money, and why shouldn't they be?" he writes. "But they are extremely careful with their own." *The First National Bank of Dad* also explains how to give children real experience with all kinds of investments, how to foster their charitable instincts, how to make them more helpful around the house, how to set their allowances, and how to help them acquire a sense of value that goes far beyond money. He also describes at length what he feels is the best investment any parent can make for a child -- an idea that will surprise most readers.

Why Smart Kids Worry

Wise money management and wise living go hand-in-hand, and nowhere else is this truth demonstrated more vividly than in Raising Money-Smart Kids. This easy-to-understand guidebook shows how parents and children can enjoy a lifetime of financial well-being and security--leading to financial independence and family harmony.

Strong Fathers, Strong Daughters

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for Woman's Day "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of Where the Light Gets In "In today's world of social media, the temptation to play the comparison game is stronger than ever. Love Your Life, Not Theirs is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, NBC TODAY and Host of HerMoney with Jean Chatzky Podcast

MoneySmart Kids Financial Training Kit

Love and Logic Money-isms is a collection of wise words that capture the powerful and inspiring truths about raising financially responsible kids. If you would like to know how to: -Set limits without losing your children's love -Do what's best for your kids without feeling guilty -Do what's right in the short term to prevent future financial problems in the long term This book is for you! Giving a child a credit card doesn't teach responsibility. Giving them a chance to earn one by demonstrating maturity and responsibility does. Testimonials: Love and Logic Works like nothing I have ever seen. I have a 13 year old son with mild autism and for us the Love and Logic program has worked brilliantly.- Brenda, Sacramento, CA I can honestly tell you that bed time isn't a chore anymore. I'm glad that we've started using Love and Logic early in our children's lives.- Todd, Manitowoc, WI

Rich Dad's Rich Kid, Smart Kid

Dave Ramsey's Complete Guide to Money

Almost 50 million Americans have cumulatively borrowed more than \$1.5 trillion to attend college. Roughly one-third of all adults aged 25 to 34 have a student loan. In Education without Debt businessman and philanthropist Scott MacDonald examines the real-life impact of crushing levels of student debt on borrowers and what can be done to fix this crisis. Weaving together stories of debt-impaired lives with stories of personal success achieved with the essential help of financial aid, MacDonald reveals the devastating personal and societal impact of the debt problem and offers possible solutions. He explores the efforts of colleges and private philanthropists to make education affordable and relates his own experience of funding financial aid for

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

need-eligible students at five universities. Education without Debt is a must-read book for anyone concerned about the rising cost of education and what to do about this critical policy and societal issue.

Make Your Kid A Money Genius (Even If You're Not)

Most of us live with the stubborn idea that we'll always have tomorrow to do our most important and valuable work. We fill our days with frantic activity, bouncing from task to task, scrambling to make deadlines, and chasing the next promotion. But by the end of each day we're often left asking ourselves, 'did the work I do today really matter?' Die Empty is a tool for people who aren't willing to put off their most important work for another day. Todd Henry explains the forces that keep us in stagnation and introduces a process for instilling consistent practices into your life that will keep you on a true and steady course. 'You have limited number of days on Earth. This book sends an urgent message- make them count!' Chris Guillebeau, author of The \$100 Startup and The Art of Non-conformity 'In a field crowded with rivals, Todd Henry stands out as a unique and original voice. I love Todd's outstanding thoughts on how each of us possesses a career-in-potential, and it's our challenge to bring it forth so that we can 'die empty.' If you can read this book and not be inspired, you need a 100 percent full-body-and-soul transplant.' Steven Pressfield, author of The War of Art and Turning Pro 'It's a veritable page-turner of insights and new ways to think about how to soak the most creative juices out of your life.' Twist Image 'If you've pondered a life list, books you want to write, trips you want to take, creative projects you want to begin, don't allow those visions to die with you. Let Todd Henry help you make it happen.' Aaron McHugh's Insights Into Work, Life, & Playblog 'Most of the advice is sensible, easy to implement, and a reminder that best efforts are more rewarding than mediocre ones.' Success

HBR's 10 Must Reads on Negotiation (with bonus article "15 Rules for Negotiating a Job Offer" by Deepak Malhotra)

This handbook for parents explains how to teach children the fundamental principles of finance, introducing problem-solving skills that help youngsters understand the importance of a good education and financial planning in their lives.

Love Your Life Not Theirs

WINNER! Mom's Choice Gold Award for parenting books -- Mom's Choice Awards: The best in family-friendly media "My kid is smart, but" It takes more than school smarts to create a fulfilling life. In fact, many bright children face special challenges: Some are driven by perfectionism; Some are afraid of effort, because they're used to

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

instant success; Some routinely butt heads with authority figures; Some struggle to get along with their peers; Some are outwardly successful but just don't feel good about themselves. This practical and compassionate book explains the reasons behind these struggles and offers parents do-able strategies to help children cope with feelings, embrace learning, and build satisfying relationships. Drawing from research as well as the authors' clinical experience, it focuses on the essential skills children need to make the most of their abilities and become capable, confident, and caring people.

Smart Parenting for Smart Kids

Is it possible to raise financially responsible kids of any age in a society filled with consumerism and entitlement? New York Times best-selling authors Steve and Annette Economides raised their five kids while spending 77 percent less than the USDA predicted. And the money they did spend was also used to train their children to become financially independent. The MoneySmart Family System will show you how to teach your children to manage money and have a good attitude while they're learning to earn, budget, and spend wisely. Learn how to: Get the kids out the door for school with less stress. End the battle over clothing—forever Teach your children to be grateful and generous. Inspire your kids to help with chores as a member of a winning team. Prepare your kids for their first paying job. Help your kids pay for their own auto insurance, and even pay cash for their own cars. Employ strategies for debt-free college educations. Truly help your adult children when they want to move back home. Be prepared to deal with your adult children when they ask for bailouts. With clear steps for children of every age, The MoneySmart Family System proves that it's never too early, too late, or too hard to start learning financial responsibility. "Every parent or parent-to-be should read this book!" —Dr. Laura Schlessinger

Smart Mama, Smart Money

A practical financial guide covers such topics as eliminating debt, investing simply, making sound financial decisions, and revolutionizing relationships with the flow of money.

Education without Debt

The ultimate parent's guide to raising financially smart toddlers to teenagers. Our children today have more money than in all of history. They face more pressure to spend and to keep up with their friends. The challenge for parents is to teach restraint and responsibility when our society may not put much stock on such values. This book teaches parents what to tell their children about money and how to tell them. The authors share their challenges and successes in plain common sense language. Good money habits are put forth in an easy to

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

follow manner. The chapters are full of practical advice and humour, and you learn to answer difficult questions posed by your children.

The Legacy Journey

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is “enough”? There’s a lot of bad information in our culture today about wealth—and the wealthy. Worse, there’s a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God’s put in their care. They were able to build wealth using God’s ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

The Ultimate Parenting Map to Money Smart Kids

Financial Peace Junior is designed to help you teach your kids about money. It's packed with tools, resources and step-by-step instructions for parents. What can be intimidating is made ultra-easy. There are ideas for activities and age-appropriate chores, and you'll have all the tools you need to make learning about money a part of your daily life. Your kids will love the exciting games and toys. The lessons of working, giving, saving and spending are brought to life through fun stories in the activity book, and kids will love tracking their progress on the dry-erase boards! Financial Peace Junior doesn't just give you the tools to teach your kids to win with money--it shows you how.

The Opposite of Spoiled

In the spirit of Wendy Mogel’s *The Blessing of a Skinned Knee* and Po Bronson and Ashley Merryman’s *Nurture Shock*, *New York Times* “Your Money” columnist Ron Lieber delivers a taboo-shattering manifesto that explains how talking openly to children about money can help parents raise modest, patient, grounded young adults who are financially wise beyond their years. For Ron Lieber, a personal finance columnist and father, good parenting means talking about money with our kids. Children are hyper-aware of money, and they have scores of questions about its nuances. But when parents shy away from the topic, they lose a tremendous opportunity—not just to model the basic financial behaviors that are increasingly important for young adults but also to imprint lessons about what the family truly values. Written in a warm, accessible voice, grounded in real-world experience and stories from families with a range of incomes, *The Opposite of Spoiled* is both a practical guidebook and a values-based philosophy. The foundation of

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

the book is a detailed blueprint for the best ways to handle the basics: the tooth fairy, allowance, chores, charity, saving, birthdays, holidays, cell phones, checking accounts, clothing, cars, part-time jobs, and college tuition. It identifies a set of traits and virtues that embody the opposite of spoiled, and shares how to embrace the topic of money to help parents raise kids who are more generous and less materialistic. But *The Opposite of Spoiled* is also a promise to our kids that we will make them better with money than we are. It is for all of the parents who know that honest conversations about money with their curious children can help them become more patient and prudent, but who don't know how and when to start.

The First National Bank of Dad

As a parent, you want the best for your kids. You work hard to provide them with every advantage. You want them to be safe, smart and healthy. Yet when it comes to money, it's a whole different story. If you're like most people, you'd rather run a mile through a desert with a camel on your back than talk about money with your children. Are you going to follow in your parents' footsteps, keeping financial matters a deep, dark secret? Or do you want your children to have a healthy, balanced attitude toward money? Then it's time to pull your head out of the sand and roll up your sleeves. Gail Vaz-Oxlade, Canada's #1 personal finance expert, believes that teaching kids about money is a parent's job. She knows that building confidence and money skills starts with an age-appropriate allowance to help your kids accomplish important tasks: Making saving a habit Learning the difference between needs and wants Using the "magic jars" to balance competing goals Creating lifelong money management skills What better gift could you give your children than the confidence to control their money, rather than letting their money control them? Let Gail help you raise "Money-Smart Kids."

Money Doesn't Grow On Trees

Discover 10 Essential Ways to Make the Most of Your Time "Time is money," as the saying goes, but most of us never feel we have enough of either. time to devote to what you truly love.

Raising Financially Confident Kids

From the bestselling author of Get Clark Smart comes this valuable new resource enabling parents to pass 'Clark Smart' skills for saving and spending wisely on to kids of every age. Clark Howard—bestselling author, money-saving expert, and host of the popular syndicated radio program The Clark Howard Show—is back with more of his winning financial wisdom, this time aimed at helping parents teach kids real-world financial skills for today and every day. Parents of children of all ages—from elementary school through high school, college, and beyond—will benefit from Clark's sound, uncomplicated advice across a comprehensive range of topics. In Clark Smart Parents, Clark Smart Kids, he addresses everything from allowances—when and how much to give—to teaching teens about credit cards and navigating the purchase of a first car—how to get it, pay for it, and insure it—to saving for college, paying off loans, staying out of debt, and much more!

Financial Peace Revisited

Money is one of those subjects that either gets too much or too little attention when it comes to our kids. What most children need is to create a comfortable relationship with money and have an opportunity to be in control of financial decisions. Besides the children growing into adults who have more financial confidence, good parenting on money decreases the chance that the parents will feel the need to help their children out of financial binds. This book, The Ultimate Parenting Map to Money Smart Kids provides practical steps on how you can give your children the financial education they deserve.

Money-Smart Kids

Citing the pivotal role of a father in a daughter's psychological, physical, and spiritual health, a national speaker on teen issues identifies and describes ten virtues that the author believes can be effectively emulated by today's fathers to promote healthy father-daughter relations and overall well-being in young women. Reprint.

Working Parents Can Raise Smart Kids

It's natural to want your kids to have a secure future. But when it comes to teaching the next generation how to handle money, parents are failing. Still there is hope! Financial expert Mary Hunt shows parents how to raise kids who have a healthy relationship with money—even if the parents themselves have made financial mistakes along the way or are struggling financially right now. Drawing from solid statistics and her own hard-won knowledge and experience, Hunt helps parents protect their children from the financial pitfalls of easy credit, an

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

attitude of entitlement, and our culture's chummy relationship with debt. From preschool through the teen years, every stage of a child's development is covered, including how to talk to them about money, how to help them start saving money and giving it away, and how to manage money wisely.

Raising a Screen-Smart Kid

For parents who didn't grow up with smartphones but can't let go of them now, expert advice on raising kids in our constantly connected world. Most kids get their first smartphone at the same time that they're experiencing major developmental changes. Making mistakes has always been a part of growing up, but how do parents help their kids navigate childhood and adolescence at a time when social media has the potential to magnify the consequences of those mistakes? Rather than spend all their time worrying about the worst-case scenario, readers get a bigger-picture understanding of their kids' digital landscape. Drawing on research and interviews with educators, psychologists, and kids themselves, *Raising a Screen-Smart Kid* offers practical advice on how parents can help their kids avoid the pitfalls and reap the benefits of the digital age by:

- using social media to enhance connection with friends and family, instead of following strangers and celebrities, which is a predictor of loneliness and depression
- finding online support and community for conditions such as depression and eating disorders, while avoiding potential triggers such as #Thinspiration Pinterest boards
- learning and developing life skills through technology--for example, by problem-solving in online games--while avoiding inappropriate content

Written by a public health expert and the creator of the popular blog *Rants from Mommyland*, this book shows parents how to help their kids navigate friendships, bullying, dating, self-esteem, and more online.

The Contentment Journal

In *Smart Money Smart Kids*, Financial expert and best-selling author Dave Ramsey and his daughter Rachel Cruze equip parents to teach their children how to win with money. Starting with the basics like working, spending, saving, and giving, and moving into more challenging issues like avoiding debt for life, paying cash for college, and battling discontentment, Dave and Rachel present a no-nonsense, common-sense approach for changing your family tree.

Smart but Scattered

"This is the official handbook for Financial Peace University. If you are following Dave's teaching, you already know what is in this book. But if you're new to Dave this is the book for you."--Publisher's website.

THE MEANINGFUL MONEY HANDBOOK

Is it possible to raise financially responsible kids in today's entitlement driven and debt-saturated society? This time tested system developed by NY Times Best Selling authors, Steve & Annette Economides proves conclusively that children can rise above the culture and become financially independent by the time they are 18 years old. MoneySmart Kids don't grow on trees - but they do grow-up in homes where parents intentionally create a system to develop financial independence. The MoneySmart Kids Financial Training Kit helps parents do just that. Steve and Annette developed this system of points, attitudes and earning after a decade of teaching their own five kids

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

to become financially independent--and it worked! This system has been used by thousands of families around the globe with the same results. Parents are encouraged to use money that they are already spending on their children and turn it into an investment in their kids. This investment will yield amazing results as parents nurture the financial development of their children. Skills like a strong work-ethic, generosity, delayed gratification, patience, planning, budgeting, saving, spending wisely, and paying their own way are all by-products of this system. Parents are encouraged to customize the system to their own family's values and needs. The MoneySmart Kids Financial Training Kit includes: * MoneySmart Kids overview and instructions * 3 durable money envelopes with printed ledgers (each with 2 coin envelopes inside) * Point Chart / Time Card * "Copyable" Envelope Ledger cover * Sample Chore List (as a guide to create your own) If you want to use this kit with more than one child, you need to only order the MoneySmart Kids Extra Envelope product.

Raising Money-smart Kids

This simple way to manage your household income and expenses includes a stylish cover, places for your checkbook and check register, memo pad, debit card holders, extra cash-management envelopes and a PDF guide to the envelope system.

Smart Money Smart Kids

When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for too many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty five and starting your first job or fifty five and watching the career clock start to wind down, today is the day to get serious about your retirement. In *Retire Inspired*, Chris Hogan teaches that retirement isn't an age; it's a financial number an amount you need to live the life in retirement that you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own investing decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You don't have to retire broke, stressed, and working long after you want to. You can retire inspired!

Financial Peace Junior

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

year and college students graduating with an average of \$28,000 in debt, Neale S. Godfrey is the definitive expert on the subject and her time-tested advice is more important than ever. *Money Doesn't Grow on Trees* offers exercises and concrete examples on everything from responsible budgeting to understanding the difference between "want" and "need" for children of every age. This revised edition includes entirely new sections that discuss The power of the Internet The tactics of television advertisers The world of eBay Godfrey's years of experience as a mother and a financial expert make *Money Doesn't Grow on Trees* a book no responsible parent can afford to pass up.

Raising Your Money-Savvy Family For Next Generation Financial Independence

This book helps parents effectively use an allowance. John Lanza leverages more than a decade of experience teaching kids the basics of money-smarts to help. Readers will learn through stories of John's kids and others. Designed with the busy parent in mind, this program is simple to implement. The book also addresses the reader's relationship with money, effectively making allowance a journey for both parent and child.

Retire Inspired

Why does my child seem to worry so much? Being the parent of a smart child is great—until your son or daughter starts asking whether global warming is real, if you are going to die, and what will happen if they don't get into college. Kids who are advanced intellectually often let their imaginations ruin wild and experience fears beyond their years. So what can you do to help? In *Why Smart Kids Worry*, Allison Edwards guides you through the mental and emotional process of where your child's fears come from and why they are so hard to move past. Edwards focuses on how to parent a child who is both smart and anxious and brings her years of experience as a therapist to give you the answers to questions such as: •How do smart kids think differently? •Should I let my child watch the nightly news on TV? •How do I answer questions about terrorists, hurricanes, and other scary subjects? Edwards's fifteen specially designed tools for helping smart kids manage their fears will help you and your child work together to help him or her to become more relaxed and worry-free.

The Art of Allowance

Die Empty

Journal your way to contentment in just 90 days. #1 New York Times best-selling author Rachel Cruze guides you on a 90-day journey toward contentment—where you actually love your life and not someone

Access Free Smart Money Smart Kids Raising The Next Generation To Win With Money

else's. Let's be honest: We've all compared ourselves to others. You scroll through social media and see someone's latest vacation and think, "Must be nice" Just like that, you feel like your life isn't good enough. Rachel knows the struggle is real because she's experienced the same thing. So, she created a 90-day journal to help you stop comparing your life to others and be happier than you've ever been. The Contentment Journal is divided into 30-day increments: The first 30 days focus on gratitude - where you'll recognize the blessings in your life. The next 30 days focus on humility - where you'll think of others more and of yourself a little less. The last 30 days focus on contentment - where you'll be happy for others and not want what they have. Study after study backs up that your relationships, health, decision-making skills, kindness, and even sleep can get better with gratitude. The Contentment Journal will help you grow and change in ways you can't yet imagine. Through personal stories and daily writing prompts, Rachel will guide you day by day, week by week to feeling more thankful. Motivational quotes and reflection pages will encourage you to keep going! If you give Rachel 5-10 minutes a day for 90 days, she'll help you adjust your whole outlook, so you avoid the comparisons and experience lasting contentment.

Clark Smart Parents, Clark Smart Kids

There's nothing more frustrating than watching your bright, talented son or daughter struggle with everyday tasks like finishing homework, putting away toys, or following instructions at school. Your "smart but scattered" 4- to 13-year-old might also have trouble coping with disappointment or managing anger. Drs. Peg Dawson and Richard Guare have great news: there's a lot you can do to help. The latest research in child development shows that many kids who have the brain and heart to succeed lack or lag behind in crucial "executive skills"--the fundamental habits of mind required for getting organized, staying focused, and controlling impulses and emotions. Learn easy-to-follow steps to identify your child's strengths and weaknesses, use activities and techniques proven to boost specific skills, and problem-solve daily routines. Helpful worksheets and forms can be downloaded and printed in a convenient 8 1/2" x 11" size. Small changes can add up to big improvements--this empowering book shows how. See also the authors' Smart but Scattered Teens and their self-help guide for adults. Plus, an academic planner for middle and high school students and related titles for professionals.

A Parent's Guide to Raising Money Smart Kids

The New York Times bestseller that is a must-read for any parent! From Beth Kobliner, the author of the bestselling personal finance bible Get a Financial Life—a new, must-have guide showing parents how to teach their children (from toddlers to young adults) to manage money in a smart way. Many of us think we can have the “money talk” when our

kids are old enough to get it...which won't be for years, right? But get this: Research shows that even preschoolers can understand basic money concepts, and a study from Cambridge University confirmed that basic money habits are formed by the age of seven. Oh, and research shows the number one influence on kids' financial behaviors is mom and dad. Clearly, we can't afford to wait. *Make Your Kid a Money Genius (Even If You're Not)* is a jargon-free, step-by-step guide to help parents of all income levels teach their kids—from ages three to twenty-three—about money. It turns out the key to raising a money genius isn't to teach that four quarters equal a dollar or how to pick a stock. Instead, it's about instilling values that have been proven to make people successful—not just financially, but in life: delaying gratification, working hard, living within your means, getting a good education, and acting generously toward others. More specifically, you'll learn why allowance isn't the Holy Grail when teaching your kid to handle money, and why after-school jobs aren't always the answer either. You'll discover the right age to give your kid a credit card, and learn why doling out a wad of cash can actually be a good parenting move. You don't need to be a money genius to make your kid a money genius. Regardless of your comfort level with finance—or your family's income—this charming and fun book is an essential guide for passing along enduring financial principles, making your kids wise beyond their years—and peers—when it comes to money.
