The Best Lawyer You Can be

The Best Lawyer in a One-lawyer Town

The Army Lawyer

A guide to opening and maintaining a solo or small firm law practice.

The Bulletin of the Commercial Law League of America

" Written by Harvard-trained ex-law firm partner Liz Brown, *Life After Law: Finding Work You Love with the J.D. You Have* provides specific, realistic, and honest advice on alternative careers for lawyers. Unlike generic or abstract career guides, *Life After Law* shows lawyers how to reframe their legal experience to their competitive advantage, no matter how long they have been in or out of practice, to find work

they truly love. Brown herself moved from a high-powered partnership position into an alternate career and draws from this experience, as well of dozens of former practicing attorneys, in the book. She acknowledges that changing careers is hard - much harder than it was for most lawyers to get their first legal job after law school - but it can ultimately be more fulfilling for many than a life in law. Life After Law offers an alternative framework and valuable analytic tools for potential careers to help launch lawyers into new fields and make them attractive hires for non-legal employers. "--

there's much more:

- Advice on how to select a law school, along with names and addresses of American Bar Association (ABA)-approved law schools
- An explanation of the law school admissions process, and ways to improve your chances for getting in
- Practical exercises and advice that will give you a head start over other first-year law students
- Information about career opportunities as a lawyer

Written by three experienced lawyers, this book will help you understand the types of problems facing law students and lawyers on a daily basis. Not only will it prepare you for law school, but it will also become your trusted guide on the path to becoming a successful lawyer.

Trusts and Estates

If Frank McCourt had grown up in Depression-era Arkansas, he might write like Dale Bumpers, one of the most colorful and entertaining politicians in recent American history: Atticus Finch with a sense of humor. In *The Best Lawyer in a One-Lawyer Town*, Bumpers tells the story of his remarkable journey from poverty to political legend, and the result is a great American memoir that is already attracting wide acclaim for its clever Southern charm: "How agreeable to read a serious politician's memoir and find it as full of wit, bite, scorn, compassion, and insight as Dale Bumpers himself." -Norman Mailer

"Former Arkansas governor Bumpers served in the Senate for twenty-four years and is currently with a Washington law firm. However, this witty book indicates he may have a new career as a humorist on the printed page. . . . These charming tales from a country lawyer turned national politician are thoroughly enjoyable."-Publishers Weekly "This saga of bootstrapping from an impoverished boyhood to the Arkansas governor's mansion and a distinguished senatorial career could easily serve as a manual for the legislatively inclined. But it is the author's total candor, combined with his facility for humor spun out of rural America's plain talk, that lifts this remembrance well above the ordinary."- Kirkus Reviews Dale Bumpers was reared during the depths

of the Great Depression, in the miserably poor town of Charleston, Arkansas, population 851. He was twelve years old when he saw and heard Franklin Roosevelt, who was campaigning in the state. Afterward, his father assured young Dale that he, too, could be president. Many years later, in 1970, after suffering financial disaster and personal tragedy, Bumpers ran for governor of Arkansas, starting out with one-percent name recognition and \$50,000, most of which was borrowed from his brother and sister. He defeated arch-segregationist Orval Faubus in the primary and a Rockefeller in the general election. He served four years as governor and then twenty-four years in the U.S. Senate. He never lost an election. Two weeks after Bumpers left the Senate, President Bill Clinton called him with an urgent plea to make the closing argument in his impeachment trial. That speech became an instant classic of political oratory. The Best Lawyer in a One-Lawyer Town is the work of a master politician blessed with wry insight into character and a gift for rib-tickling tales. It is a classic American story.

Solo by Choice

"It's no secret that individual lawyers are under siege in a profession with a high incidence of stress, divorce, substance abuse, and suicide. In this groundbreaking multi-dimensional collection, you can find tools and information that enable you to have both a successful career and a happy, satisfied life. These tools will teach you how to harness the transformative power of being more relational and less transactional. The earmark of happy lawyers is the development of emotional intelligence, resilience, and mindfulness practice. The book provides the keys to the kingdom, what is essential to thrive in the competitive environment of lawyering. The material comes from recognized experts who provide step-by-step behavioral guidance of what you need to do. The material is easily accessible. Each chapter has a summary and conclusion. Follow the wisdom and it's guaranteed to change your life and career."--

Science, and Art

"Law students and lawyers report having a significantly higher rate of depression than the general population. When untreated, depression affects lawyers and their clients, families, friends, and colleagues. In addition to the effects of mental health conditions on lawyers' lives, the same disorders can lead to substantial disciplinary issues that threaten attorneys' ability to practice law. Unfortunately, for many struggling with burdens like depression, it is only when they reach their breaking point, or encounter unavoidable professional consequences, that they feel ready to reach out for assistance. So many benefits could be derived if the problems that can grow to consume a lawyer's life and career are solved early. Authors Shawn Healy, Ph.D. and Jeffrey Fortgang, Ph.D. work directly with lawyers, law students, and judges who are suffering because of depression. In this book they offer hope through practical, realistic recommendations to help lawyers and the people who care about them understand the causes and symptoms of depression, various forms of treatment, and how to help a lawyer who may suffer from the condition." -- Publisher's website.
