Why CEOs Fail

You're the boss. Now make an executive decision. You are the CEO of Fleece Industries. So far, you've made all the right choices. The result: Your life's work -- building a company from an idea scrawled on a bar napkin into a clothing empire -- has reached a major milestone. Fleece is going to have an initial public offering and become a publicly traded company on the New York Stock Exchange. The instant the opening bell rings, you'll be worth tens, if not hundreds, of millions. It's a dream come true. Unfortunately that's when things get complicated. Now come the really hard choices. What would you do if You discovered that a rogue employee had been cooking the books? Your mistress threatened to expose your affair to your wife? You found yourself at the center of an insider-trading scandal? Your daughter turned up in a sex tape on the Internet? You found yourself considering the worst choice of all: MURDER? Step up to the plate. What would you do if you were The CEO?

Exile on Wall Street

Should CEOs act as moral compasses for their companies? Leo Hindery thinks they should. If every CEO did so, then Enron, WorldCom, Adelphia, and Tyco would not have become poster children for greed. They would not have become corporate embarrassments -- living illustrations of all that can go wrong in the corner office. How did these once prestigious companies fall off the ethical cliff? How is it that reputations were destroyed, shareholders lost value, employees (in many cases) lost everything, and, in a few cases, entire companies disappeared? Everyone is pointing fingers, and the new widespread mistrust of public companies may turn out to be more damaging to America's economic future than the billions actually lost in the scandals. Now, one of America's most prominent corporate leaders illuminates the need for more integrity and less greed among executives. In a scathing examination of why leaders have lost their way, Leo Hindery speaks out on the role of the CEO. Does the corporate culture have to be driven by greed? Or can you do good and still make good in the big business world? Leo Hindery, the former CEO and President of companies such as AT&T Broadband, TCI, and the YES Network -- and currently Managing Partner of InterMedia Partners -- forcefully advocates approaching a business career as life's meaningful work, and not merely as a way to accumulate personal wealth. Both fiery and optimistic, Hindery calls upon his fellow executives to conduct themselves with the kind of

integrity that used to be commonplace, but now seems all too rare. Holding his moral yardstick up to some of the worst transgressions in recent memory, Hindery tackles the toughest issues of the day head-on: • Why should the ratio of average CEO pay to average employee pay today be 304:1 -- and in some cases, as high as 2,300:1? • What does it mean when 80 percent of all viewed media content is owned by just 5 companies? • If offshoring is good for the global economy, what needs to be done to make it fair? • What should the role of the board of directors be, and whose job is it to take care of employees? With passion, insight, and humor, Hindery reinvigorates the code of business conduct. It Takes a CEO is a corporate handbook for our times -- not for how to get ahead, but for how to lead with integrity, grace, and heart.

Beyond the Broken Gate

One of the start-up world's most in-demand executive coaches—hailed as the “CEO Whisperer” (Gimlet Media)—reveals why radical self-inquiry is critical to professional success and healthy relationships in all realms of life. Jerry Colonna helps start-up CEOs make peace with their demons, the psychological habits and behavioral patterns that have helped them to succeed—molding them into highly accomplished individuals—yet have been detrimental to their relationships and ultimate well-being. Now, this venture capitalist turned executive coach shares his unusual yet highly effective blend of Buddhism, Jungian therapy, and entrepreneurial straight talk to help leaders overcome their own psychological traumas. Reboot is a journey of radical self-inquiry, helping you to reset your life by sorting through the emotional baggage that is holding you back professionally, and even more important, in your relationships. Jerry has taught CEOs and their top teams to realize their potential by using the raw material of their lives to find meaning, to build healthy interpersonal bonds, and to become more compassionate and bold leaders. In Reboot, he inspires everyone to hold themselves responsible for their choices and for the possibility of truly achieving their dreams. Work does not have to destroy us. Work can be the way in which we achieve our fullest self, Jerry firmly believes. What we need, sometimes, is a chance to reset our goals and to reconnect with our deepest selves and with each other. Reboot moves and empowers us to begin this journey.

Kid CEO

There's a lot on your shoulders when you're at the top of a business. Your employees rely on you-and so do your customers. But to navigate your company to the best of your abilities, you can't always go it alone. Management expert Oswald R. Viva wants to be your coach. The Making of a CEO: Helping You Deal with the Issues of Running Your Company gives you practical tips for effectively running your business. Targeting his advice to leaders of small and midsize businesses, Viva shows how to evaluate yourself and your decision-making process to see if you're doing what's best for your organization. In easy-to-read, simple language, Viva demonstrates how to set goals, communicate effectively, and empower your employees. Also included are sections on family businesses and planning for your successor, as well as a business owner's personal roadmap and exit planning questionnaire. Viva, the founder and president of V&A Management LLC, a consulting business dedicated to helping small and midsize businesses, has more than twenty years of top corporate management experience in large and small companies. Put his expertise to work for you.

Mr. CEO

CEO Road Rules puts the power of this 3-point leadership model into action with a dynamic scenario learning process that crafts actionable strategies into a Significance Plan for creating a life that truly matters. In a short fictional narrative, inspired by Scrooge and the lessons learned from his night visitors, the authors capture the essence of their eminently practical roadrules work-life balance.

The Broken CEO

When Theodore Davenport decides to switch his mundane job for a career, he walks into Holden House Publishing with enthusiasm and determination to succeed. As he settles into his new role, makes new friends, and dreams of making it to the top, everything is going to plan. Until he meets James Holden, CEO of Holden House. James Holden hasn't been able to stop thinking about his encounter with the timid man he met in a club bathroom last week, and when he discovers the one haunting his dreams is an employee, he can't seem to stop himself from pursuing him. Just a little fun - that's what James tells himself. He can't afford to care for someone who can never reciprocate, not once they find out who he really is. James believes nobody deserves the burden of being attached to him. He's a complicated man. Damaged. Difficult. Demanding. Broken. Is Theodore strong enough to confront James' demons? More importantly, is James? (M/M romance. Not suitable for readers under 18 years of age due to language and sexual content. ***Please note*** This book contains scenes of self harm, mental illness and suicidal ideation which may be uncomfortable for some readers.)

Breaking The Broken Pieces

This is a story of reinvention. Jim Whitehurst, celebrated president and CEO of one of the world's most revolutionary software companies, tells first-hand his journey from traditional manager (Delta Air Lines, Boston Consulting Group) and “chief” problem solver to CEO of one of the most open organizational environments he'd ever encountered. This challenging transition, and what Whitehurst learned in the interim, has paved the way for a new way of managing—one this modern leader sees as the only way companies will successfully function in the future. Whitehurst says beyond embracing the technology that has so far disrupted entire industries, companies must now adapt their management and organizational design to better fit the Information Age. His mantra? “Adapt or die.” Indeed, the successful company Whitehurst leads—the open source giant Red Hat—has become the organizational poster child for how to reboot, redesign, and reinvent an organization for a decentralized, digital age. Based on open source principles of transparency, participation, and collaboration, “open management” challenges conventional business ideas about what companies are, how they run, and how they make money. This book provides the blueprint for putting it into practice in your own firm. He covers challenges that have been missing from the conversation to date, among them: how to scale engagement; how to have healthy debates that net progress; and how to attract and keep the “Social Generation” of workers. Through a mix of vibrant stories, candid lessons, and tested processes, Whitehurst shows how Red Hat has blown the traditional operating model to pieces by emerging out of a pure bottom up culture and learning how to execute it at scale. And he explains what other companies are, and need to be doing to bring this open style into all facets of the organization. By showing how to apply open source methods to everything from structure, management, and strategy to a firm's customer and partner relationships, leaders and teams will now have the tools needed to reach a new level of work. And with that new level of work comes unparalleled success. The Open Organization is your new resource for doing business differently. Get ready to make traditional management thinking obsolete.

It's Broken, Let's Fix It

Possessing technology that allows him to travel across alternate worlds, John Rayburn begins building a transdimensional commercial empire, led by him, his closest friends, and their doppelgängers from several different parallel universes. But not every version of every person is the same, and their agendas do not always coincide. Despite their benign intentions, the group's activities draw unwanted attention from other dimensional travelers who covet their technology and will kill anyone to control it, a threat that culminates in a nuclear standoff for dominance throughout the multiverse. Sequel to The Walls of the Universe At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The CEO

The Open Organization

He had accidentally broken the CEO's shyness, "Sorry, I was wrong. You guys continue ~"The woman turned to leave, but was held back by the CEO, "Since you've seen it, you have to do something!"A certain girl said with a red face, "Boss, I swear, I didn't see anything!" It doesn't matter, you'll see it in the future anyway! "With a single agreement, she had become his private property. There was nowhere to run.

CEO Road Rules

The Broken Universe

What's the thinking of the best CEO's of the world? How to understand where you are as CEO and top priorities to effort? How to create a vision? How a mission? How a strategy? How a related and sustainable action plan? What's the secret of a successful CEO and Company? How many meetings organize? What's the best agenda for daily, weekly, monthly, quarterly, yearly meetings? These and other questions are clearly analyzed in the book and for all of them you will find effective answers and examples.

It Takes a CEO

The New York Times Bestselling guide for managers and executives. Introducing the new, realistic loyalty pact between employer and employee. The employer-employee relationship is broken, and managers face a seemingly impossible dilemma: the old model of guaranteed long-term employment no longer works in a business environment defined by continuous change, but neither does a system in which every employee acts like a free agent. The solution? Stop thinking of employees as either family or as free agents. Think of them instead as allies. As a manager you want your employees to help transform the company for the future. And your employees want the company to help transform their careers for the long term. But this win-win scenario will happen only if both sides trust each other enough to commit to mutual investment and mutual benefit. Sadly, trust in the business world is hovering at an all-time low. We can rebuild that lost trust with straight talk that recognizes the realities of the modern economy. So, paradoxically, the alliance begins with managers acknowledging that great employees might leave the company, and with employees being honest about their own career aspirations. By putting this new alliance at the heart of your talent management strategy, you'll not only bring back trust, you'll be able to recruit and retain the entrepreneurial individuals you need to adapt to a fast-changing world. These individuals, flexible, creative, and with a bias toward action, thrive when they're on a specific "tour of duty"—when they have a mission that's mutually beneficial to employee and company that can be completed in a realistic period of time. Coauthored by the founder of LinkedIn, this bold but practical guide for managers and executives will give you the tools you need to recruit, manage, and retain the kind of employees who will make your company thrive in today's world of constant innovation and fast-paced change.

1000 CEOs

This is the next People's History of the United States

The Bride and the Broken Wineskin

If any of the following behaviors sound like you or someone you work with, beware! In *Why CEOs Fail*, David L. Dotlich and Peter C. Cairo describe the most common characteristics of derailed top executives and how you can avoid them: Arrogance—you think that you're right, and everyone else is wrong. Melodrama—you need to be the center of attention. Volatility—you're subject to mood swings. Excessive Caution—you're afraid to make decisions. Habitual Distrust—you focus on the negatives. Aloofness—you're disengaged and disconnected. Mischievousness—you believe that rules are made to be broken. Eccentricity—you try to be different just for the sake of it. Passive Resistance—what you say is not what you really believe. Perfectionism—you get the little things right and the big things wrong. Eagerness to Please—you try to win the popularity contest.

Manifesto for a Moral Revolution

"What do you want from me?" "I want you back." He'd broken his "no office affair" policy once and lost his best assistant. Now rich businessman Ayden Stewart needs Maya Richardson back...at any price. Taking the job, Maya tells herself the years apart have cooled their chemistry. So why are they breaking

rule number one again...and again? Ayden makes her want what she can never have—real love. Will it be different this time?

Broken

The Simple Power of a Broken Life serves to bring meaning to and ultimately healing from the suffering and pain that accompanies the broken seasons of our lives. Drawing upon the brokenness of seven individuals from the Scriptures and their respective pain, a picture of hope and usefulness emerges that serves to begin to make sense of the mysteries, betrayals, rejections, heartaches, and disappointments that we all eventually come into contact with in one form or another. Not only do we each matter to God, but our brokenness actually sets us apart as being more likely to be used to impact other lives. Being fully convinced that God uses broken things, we find that our brokenness is the starting point in a deeper, more intimate experience with God. Broken lives may experience a beautiful and simple power in the midst of their pain and suffering that the Father can use as a rich blessing for other wounded souls. My strong desire is that the purpose of your pain and the healing of your heart will lead you into deeper waters of God's grace than you have ever known before and that multitudes of people will be helped on their journey because of your brokenness. Here's to believing that the simple power of your broken life will gloriously transform both you and all the lives God wants to touch through you!

Reboot

Disruptive Compassion

Charles Graybar had all of the trappings of a financially successful existence; literally, living the American dream. As he reached his late 30's he was stunned by the realization that his life felt incredibly empty and seemingly without purpose. While experimenting with a self-designed combination of meditation techniques that he used to escape the stresses of corporate life, he stumbled upon a perceptual gateway of sorts in 1993. Through this gateway Graybar learns that communication with three advanced souls is possible. Beyond the Broken Gate is a chronicle of Graybar's search to find meaning in his discovery and the very purpose of life.

The Simple Power of a Broken Life

This book takes a hard look at the behavior of the modern enterprise as it evolves in this increasingly complex universe. It offers a thoroughly candid analysis of the way things really work taking the perspective of people being both the perpetrators and the victims in the corporate game. The objective of this critical analysis is to stimulate thought about the modern enterprise and its interaction with humanity and culture. In essence, to understand things and find ways to improve them.

The Broken Window

SOON TO BE A MAJOR TELEVISION EVENT FROM NBC, STARRING RUSSELL HORNSBY, ARIELLE KEBBEL, AND MICHAEL IMPERIOLI. Lincoln Rhyme faces “an Orwellian nightmare” (The New York Times) as a twisted techno-genius destroys lives with impunity by stealing personal information from behind the impenetrable walls of cyberspace. Rhyme’s cousin Arthur has been arrested on murder charges, and the evidence against the estranged relative Lincoln hasn’t seen in years is perfect—too perfect. Lincoln and his partner Amelia Sachs piece together a deadly pattern of similarly vicious frame-ups that leads them to the imposing Strategic Systems Datacorp—and a master of identity theft and manipulation known only as “522.” But cracking this ingenious killer’s realm places Rhyme and Sachs exactly where “522” wants them—in line to be the next victims.

At the CEO's Pleasure

"5 stars: Exceptional, a must read for any manager or leader" —Sarah Stocks, Chartered Management Institute (CMI) "This book is a highly effective, meaningful and user-friendly guide for anyone trying to manage change in a modern organisation today" —inManagement magazine "If you are looking for a book to give you some hints and tips as to how to manage change better, this will be able to do this. [] There are some great insights for anyone who is responsible for leading change" —Kyomi Wade, Dialogue Review Real stories from real CEOs on implementing successful change initiatives in any organization Change is difficult. In large organizations with established cultures, managing change can be one of the biggest challenges for business leaders and managers. Using a wealth of real stories from real CEOs on how they managed major change initiatives—and the lessons they learned along the way—Change Lessons from a CEO gives professionals and business students powerful and effective guidance on successfully managing change initiatives in any organization. The book's uniquely flexible approach lets readers build their own models for change based on their unique organizational structure, culture, and situation. Throughout, the book emphasizes the importance of authenticity in the change leader's role and how to manifest that authenticity throughout a change initiative. With examples and case studies from multinational corporations, non-governmental organizations, and small and medium-size businesses, this book is a valuable tool for leaders of any organization of any size. Offers real-world insight from CEOs and leaders Ideal for CEOs, managers, leaders of non-profit organizations, consultants, and students in business programs Includes case studies and first-hand accounts of successful change initiatives in a wide range of businesses and organizations of all sizes Change is inevitable. Managing change initiatives successfully can be the difference between organizations and teams that thrive and those that come apart at the seams. For business leaders and students, this book offers practical and proven guidance for doing change right.

Rogue CEO, Stop!

Eve Bryant finds herself moving across the country with only one goal-to rediscover herself and get her life back on track Leaving a disastrous marriage, she swears off men and relationships, but when she meets sexy, charismatic Grant Mitchell, her new rules fly right out the window. Grant is a born and bred businessman, and he always gets what he wants The moment he lays eyes on Eve, Grant is determined she will be his. She's different from other women he knows-too stiff, too prim-but her smile pierces his heart and he longs to see what she's like when she lets her hair down. They discover a powerful and undeniable connection, leading to a fast moving relationship that leaves Eve whirling in its wake. The odds are stacked against them, and trust is hard to come by. A woman scorned, a troubled ex-husband, and a mother bent on orchestrating her son's future to suit her own agenda make for a very rocky road.

The new couple may not last, no matter how strong their feelings for each other are. Grant is willing to fight to keep Eve in his life, but after recent events, Eve isn't sure she has any fight left to give. Will outside forces drive Eve and Grant apart? Or will they learn there's no love greater than the one you fight the hardest to keep?

The CEO

Once in a while, a book comes along that has the power and the wisdom to speak to the best part of us and awaken our highest selves to the miracle our lives were meant to be. In this truly unforgettable guide, Robin Sharma, author of the national bestseller *The Monk Who Sold His Ferrari* and a man whose life lessons are currently transforming the lives of many thousands of people across the planet, will show you how to access your inner gifts and reshape your whole outer life in the process. With brilliant simplicity and remarkable insight, *The Saint, the Surfer and the CEO* will teach you:

- How to stop betraying your self and live your destiny
- Simple ways to feel a rare amount of fulfillment and joy in your days
- How to reconnect to your inner child like heart for a more passion-filled life
- Lessons to conquer stress, balance life, and feel good about yourself
- A proven process that will revolutionize your relationships and fill your life with love
- How to restore adventure, simplicity, and prosperity into your life
- Powerful principles to become strikingly successful at work
- Practical wisdom to help see a gorgeous vision for your future and then make it a reality

The Broken Pipeline

The Broken Mirror

Ed Young is the senior pastor of Fellowship Church, which has over 18,000 members and has been featured on Fox News, CBS's Early Morning Show, and Good Morning America, as well as in the New York Times, Chicago Tribune, Dallas Morning News, BusinessWeek, and Washington Times, among other major publications. - In 10/03, Ed Young's weekly TV show, *Creative Connection*, debuted at #17 on the Trinity Broadcast Network; nine weeks later it was ranked at #4. In conjunction with these shows, he has launched a *Creative Connection* Web site on which he will promote this title. - *KID CEO* will be aggressively promoted on the Fellowship Church Web site, which averages 10.1 million hits per month. - Ed Young and his wife have been happily married for over 20 years and have four children.

The Ceo Buys in

Many CEOs simply don't know how to lead - their leadership is broken. This book is a guide to fixing broken leadership so that CEOs can become the leader they always wanted to be. The key to leading others is leading yourself - an understanding of our inner dynamics of thinking and feeling can transform the way we lead ourselves, our lives, and consequently the way in which we lead our organisations and those around us. In his first book, *The*

Broken CEO, Chris Pearse explores how many of the challenges you face as a leader, are simply reflections of your own inner dynamics - your thinking and feeling worlds. He shows how turning your attention through 180° from the outer mechanics of the business, to your innermost self, transforms the feeling of being broken, into one of clarity, ease and fulfilment. Inside, you'll discover: - How your thinking creates your experience- What your real responsibilities are as a leader- That your biggest hero can only be you- How to transform conflict into collaboration- That stress is a human construct that you can master- Why your work can only be as good as your rest- How to be the leader you always wanted to beFor those leaders that want to master a deeper, more satisfying and effective approach to running organisations, this book shows the way.

Lynn, Romanek & Borges' The Executive Compensation Disclosure Treatise and Reporting Guide

Self-made billionaire Nathan Trainor feels restless and disillusioned. His company may be thriving, but he can't find a woman who sees him for more than his wealth. With his love life in the red, he meets two other billionaire bachelors at the ultra-exclusive Bellwether Club. The three of them make a wager of the heart: they must find women who love them for who they are, not their money. Savvy office temp Chloe Russell is trying to scrape together the money she needs to support her grandmother. So when a flu epidemic strikes Trainor Electronics and she's promoted to Nathan Trainor's assistant, she jumps at the lucrative opportunity. But then Nathan himself falls ill, and he and Chloe must work from his penthouse while he recuperates. Before long, it's clear there's genuine heat between them, and it's more than just a fever spike. Will Nathan win Chloe's heart and the bet? Or will their differences destroy any chance for love?"

The Broken Ladder

She was a minor double, a perfect double that a young lady had arranged to accompany him. She could suppress her feelings for him, but how could someone as astute as him remain in the dark?

The Alliance

From USA Today bestselling authors, Willow Winters and Lauren Landish, comes a seduction office romance. I'm used to dominating the boardroom and getting what I want. But I've never wanted anyone like her. Even though I have the world at my beck and call, it no longer excites me. Nothing does. Until she comes along. My Rose. Her deep blue eyes. Her tempting curves. They call to me, consuming my thoughts like nothing has in years. I should walk away, but the soft sighs spilling from her plump lips are addictive. I've never felt such desire. I've never wanted like this. I shouldn't fall this deep and I know it. There's a reason I keep everyone away, and I need to remember that. But now that I have her in my grasp, I can't let her go.

Reforming the Broken Heart of Leadership

A former director of the Federal Emergency Management Agency outlines ten lessons in such areas as responsibility, team building, planning, and taking

action, profiling real-life heroes and their triumphs in the face of disasters. 35,000 first printing.

Stronger in the Broken Places

Blessed Not Broken introduces you to ten women who have overcome their broken dreams and circumstances to receive varied, but wonderful blessings and lessons. Each author tells her unique story about dreaming, planning, working, failing, praying, and becoming the CEO of her own business, her family, her purpose-driven life. In these stories, these women also speak frankly and openly about the challenges of honoring promises made to spouses, to their children, to themselves, and ultimately, to God. Though each woman is distinct, and the particular struggles each faces are different, their shared quest to fulfill God's purpose, and rise to their potential is the inspirational thread that binds them all together. As you meet these valiant women through the stories they tell, be touched, be motivated, be entertained, be changed be blessed.

The Broken Promises of America: G-Z

A timely examination by a leading scientist of the physical, psychological, and moral effects of inequality. Today's inequality is on a scale that none of us has seen in our lifetimes, yet this disparity between rich and poor has ramifications that extend far beyond mere financial means. In *The Broken Ladder* psychologist Keith Payne examines how inequality divides us not just economically, but has profound consequences for how we think, how our cardiovascular systems respond to stress, how our immune systems function, and how we view moral ideas like justice and fairness. Experiments in psychology, neuroscience, and behavioral economics have not only revealed important new insights on how inequality changes people in predictable ways, but have provided a corrective to our flawed way of viewing poverty as the result of individual character failings. Among modern, developed societies, economic inequality is not primarily about money, but rather about relative status: where we stand in relation to other people. Regardless of their average income, countries or states with greater levels of income inequality have much higher rates of all the social problems we associate with poverty, including lower average life expectancies, serious health issues, mental illness, and crime. *The Broken Ladder* explores such issues as why women in poor societies often have more children, and have them younger; why there is little trust among the working class that investing for the future will pay off; why people's perception of their relative social status affects their political beliefs, and why growing inequality leads to greater political divisions; how poverty raises stress levels in the same way as a physical threat; inequality in the workplace, and how it affects performance; why unequal societies become more religious; and finally offers measures people can take to lessen the harm done by inequality in their own lives and the lives of their children.

The Broken Promises of America: A-F

This book cries out to the church to surrender to Jesus as its only head. May we return and put on the garment of praise, the wedding dress of the bride of Christ.

The Making of a CEO

No one ever said we'd save the world by playing it safe. As the daily newsfeed full of suffering and injustice scrolls by, it's all too easy to question what one person can really do to enact the profound change the world needs. Like moviegoers, we often watch and witness with care, but assume the script has already been written. *Disruptive Compassion* dares to make a bold counter: you possess the power to provoke real and meaningful change. Why? Because God has empowered you to rewrite the story of tomorrow. Over 2,000 years ago, Jesus created a model for revolutionaries that has been followed ever since. These principles are just as powerful to guide our journey today. With raw and inspiring stories from the world's most desperate places and his own journey to find meaning, *Convoy of Hope* founder and CEO Hal Donaldson will take you on a tour along the frontlines of courage and compassion. Let this book be your crash course in what it means to become a revolutionary, as you learn how to evaluate the resources you already have, navigate real concerns and risks, check your motives, and ultimately become equipped as an agitator with purpose. With principles and insights gleaned from two decades of relief work, Hal reveals what he's learned from the journey and what we can take with us as we join the revolution. *Disruptive Compassion* be your invitation to move beyond pity, helplessness, and outrage, and let it be your playbook for making a difference right where you are.

Change Lessons from the CEO

This is the next *People's History of the United States*.

Blessed Not Broken: Journey to Finding Purpose in Marriage, Motherhood & Entrepreneurship as a CEO Wife

Dynamic leaders are created from the inside out. They are those individuals who have discovered that their identity as leaders are found in the integrity of being a child of the creator God, rather than being shaped by their abilities, performances, and successes. This book uncovers the underlying reality of why Christian leaders stray off the path of faithfully living out their calling. Centered in the formative spirituality of Fr. Adrian van Kaam, Dr. Fred Meadows links the many anomalies of leadership to what van Kaam labels as functionalism—a self-sufficient mode of operation, initiated by internal pride that pushes us to define ourselves in terms of our accomplishments ... we are what we do! Functionalism blocks our ability to see from a higher perspective and to experience transcendence. By rediscovering the ancient practices of silence, solitude, meditation on the Word (*lectio divina*), journaling, prayer, and practicing community, pastors, ministry leaders, and laity alike can begin the process of reforming broken leadership. Acknowledging their souls as well as their abilities, leaders are able to renew and reconnect with their calling, and minister out of the overflow of God's presence, while maintaining a healthy and dynamic inner life that fosters being conformed to the image and life of Jesus Christ.

CEO! The Bed is Broken!

An insider points out the holes that still exist on Wall Street and in the banking system *Exile on Wall Street* is a gripping read for anyone with an interest in business and finance, U.S. capitalism, the future of banking, and the root causes of the financial meltdown. Award winning, veteran sell side Wall Street analyst Mike Mayo writes about one of the biggest financial and political issues of our time – the role of finance and banks in the US. He has worked at six Wall Street firms, analyzing banks and protesting against bad practices for two decades. In *Exile on Wall Street*, Mayo: Lays out practices that have

diminished capitalism and the banking sector Shares his battle scars from calling truth to power at some of the largest banks in the world and how he survived challenging the status quo to be credited as one of the few who saw the crisis coming Blows the lid off the true inner workings of the big banks and shows the ways in which Wall Street is just as bad today as it was pre-crash. Analyzes the fallout stemming from the market crash, pointing out the numerous holes that still exist in the system, and offers practical solutions. While it provides an education, this is no textbook. It is also an invaluable resource for finance practitioners and citizens alike.

Be CEO

"An instant classic." —Arianna Huffington "Will inspire people from across the political spectrum." —Jonathan Haidt An essential shortlist of leadership ideas for everyone who wants to do good in this world, from Jacqueline Novogratz, author of the New York Times bestseller *The Blue Sweater* and founder and CEO of Acumen. In 2001, when Jacqueline Novogratz founded Acumen, a global community of socially and environmentally responsible partners dedicated to changing the way the world tackles poverty, few had heard of impact investing—Acumen’s practice of “doing well by doing good.” Nineteen years later, there’s been a seismic shift in how corporate boards and other stakeholders evaluate businesses: impact investment is not only morally defensible but now also economically advantageous, even necessary. Still, it isn’t easy to reach a success that includes profits as well as mutually favorable relationships with workers and the communities in which they live. So how can today’s leaders, who often kick off their enterprises with high hopes and short timetables, navigate the challenges of poverty and war, of egos and impatience, which have stymied generations of investors who came before? Drawing on inspiring stories from change-makers around the world and on memories of her own most difficult experiences, Jacqueline divulges the most common leadership mistakes and the mind-sets needed to rise above them. The culmination of thirty years of work developing sustainable solutions for the problems of the poor, *Manifesto for a Moral Revolution* offers the perspectives necessary for all those—whether ascending the corporate ladder or bringing solar light to rural villages—who seek to leave this world better off than they found it.

The Saint, the Surfer, and the CEO

Explores the symptoms and causes of BDD, in which a victim is obsessed with perceived flaws in her appearance, and describes therapies used to treat the disorder.
