Bounce

A journalist describes the struggle of a group of youngsters from a Chicago housing project and their white-collar coaches to triumph in Little League baseball, chronicling their journey from the first practice to the championship game. Reprint.

Stir Up the Gift Within

Seven Summits: The Magical Talent

The Elderine Stone

In a society that purges thirteen-year-olds who are creative, identical twins Aaron and Alex are separated, one to attend University while the other, supposedly Eliminated, finds himself in a wondrous place where youths hone their abilities and learn magic.

Shadow and Bone

Supernatural talents and abilities have been around for ages. Marissa has a special ability, but is afraid to tell anyone. Meeting a special man, Marissa is taken to Serenity. A place of miracles and an extraordinary group of people striving to make the world a better place. Do you believe?

The Little Book of Talent

A Little Book for Christmas

There are jobs requiring skilled workers in the UK, but not all unemployed UK youth are able to make use of these opportunities. Are you a skilled or a professionally qualified person or a UK university graduate of foreign origin wanting to get ahead? Britain has an ageing society. About 20% of the population are pensioners. An ageing society has problems paying it's pensions because there are less people of working age in the UK. To compound matters, there are not enough skilled and hard-working people of working age in the UK than needed. What can the government do? One solution is to raise the retirement age for pension, making people work longer. The government has done that. Immigration of young, skilled and ambitious people is the other solution. Britain's Office of Budget Responsibility has found that allowing more than 140,000 immigrants into Britain a year, equivalent to about 7 million people in 50 years, would help increase the overall number of people who are in work and improve public finances. There are great career opportunities waiting to be taken in Britain. What are the areas in which skills shortages exist in the UK? Which skilled jobs are desperately in need of foreigners because of the local unavailability of talent? In which skilled profession is talent in such short supply that temporary staff can earn as much as £15,000 per week? How do some accountants earn £500 per day? Do UK employers like the work ethic of foreigners? Are those with foreign language skills in demand? What is the government's official view on the UK's skills shortages? Which is the best employer for foreigners in the UK Will I face discrimination at work as a foreigner? Will my foreign name cause problems for me in finding a job? Which is the best employer in Britain for foreigners? How do I set up a business in the UK? Find answers to these and other similar questions in this book. The author Rajiv Immanuel arrived in the UK in 1995 as an international student. Since then he has lived and worked in this country and is now a British citizen. He is a writer of books preparing other foreigners for UK life. This book is one of his series of books designed to help foreigners considering the UK as a place to live, work or study. As a first step, anyone considering coming to live in the UK would need to know what employment they could possibly take up (especially where there would be less competition from locals). As a second step, they need to know where to live. Choosing where to live and work is more complicated than merely living where you get a job. Some parts of the UK are highly dangerous. More than 3500 rapes happened in the Greater London area in 2013. Portsmouth is the rape capital of the UK, closely followed by Peterborough. Nottingham has the highest crime rate in the UK. Which UK towns and cities are crime ridden and best avoided? What precautions must I take to avoid becoming a victim of crime? Which towns and cities are safe and peaceful? This book has all the answers you need. Don't let your UK life end in tragedy. Forewarned is forearmed. Don't be left behind. Enjoy career success in the UK with the right information at hand.

The Clutter Book

How to Leverage Talent You Don't Own Campbell Soup Company and PepsiCo seek advice from anthropologists to understand customer tastes and preferences. Google and Intel engage experts in social science and biomechanics to assess how people think about and use technology. Companies are gaining advantage through a new capability—strategic use of external experts—made possible by technology and the globalization of talent. Leaders everywhere recognize that “lean,” “agile,” and “fast” strategies require new ways to access and leverage—without owning—key talent to fill critical gaps. As managers seek nontraditional sources of strategic talent and experiment with fast, flexible ways of engaging these experts, they need a new roadmap. This book delivers that roadmap. It tells you how to assess, choose, attract, develop, support, and retain your external talent. Authored by thought leaders and bestselling authors in leadership and talent management who teach and consult globally, Agile Talent reveals how companies such as Apple, Uber, Airbnb, Google, IBM, and Bain Capital organize and manage new forms of talent in innovative ways. Supported by survey data and packed with tools and templates for applying these ideas, this book is the ultimate guide for winning the next war for talent.

How to develop a perfect memory

“The holy grail for disillusioned cycling fans . . . The book’s power is in the collective details, all strung together in a story that is told with such clear-eyed conviction that you never doubt its veracity. . . . The Secret Race isn’t just a game changer for the Lance Armstrong myth. It’s the game ender.”—Outside
NEW YORK TIMES BESTSELLER • WINNER OF THE WILLIAM HILL SPORTS BOOK OF THE YEAR AWARD
The Secret Race is the book that rocked the world of professional cycling—and exposed, at long last, the doping culture surrounding the sport and its most iconic rider, Lance Armstrong. Former Olympic gold medalist Tyler Hamilton was once one of the world’s top-ranked cyclists—and a member of Lance Armstrong’s inner circle. Over the course of two years, New York Times bestselling author Daniel Coyle conducted more than two hundred hours of interviews with Hamilton and spoke with numerous teammates, rivals, and friends. The result is an explosive page-turner of a book that takes us deep inside a shadowy, fascinating, and surreal world of unscrupulous doctors, anything-goes team directors, and athletes so relentlessly driven to win that they would do almost anything to gain an edge. For the first time, Hamilton recounts his own battle with depression and tells the story of his complicated relationship with Lance Armstrong. This edition features a new Afterword, in which the authors reflect on the developments within the sport, and involving Armstrong, over the past year. The Secret Race is a courageous, groundbreaking act of witness from a man who is as determined to reveal the hard truth about his sport as he once was to win the Tour de France. With a new Afterword by the authors.

"Loaded with bombshells and revelations."—VeloNews "[An] often harrowing story . . . the broadest, most accessible look at cycling's drug problems to date."—The New York Times " 'If I cheated, how did I get away with it?' That question, posed to SI by Lance Armstrong five years ago, has never been answered more definitively than it is in Tyler Hamilton's new book."—Sports Illustrated "Explosive."—The Daily Telegraph (London)

Adam Ant

What's Your Green Goldfish is based on the simple premise that employees are the key drivers of customer experience and that "Happy Employees Create Happy Customers." The book focuses on 15 different ways to drive employee engagement and reinforce a strong corporate culture. It's the second book in the goldfish trilogy. The first book was an Amazon Best Seller entitled, What's Your Purple Goldfish. Purple focused on customers, whereby Green focuses on employees. Both books are based on a revolutionary new approach called marketing g.l.u.e. (marketing by giving little unexpected extras). The book is based on the findings of the Green Goldfish Project, an effort which crowd sourced 1,001 examples of signature added value for employees. Key themes emerged from the Project. The book is filled with over 200 examples. PRAISE FOR WHAT'S YOUR GREEN GOLDFISH "Stan is the sherpa that guides executives along the journey between the heart and mind of business stakeholders. Stakeholders aren't always customers though. At a time when company vision and culture matters more than ever, it takes inspired and engaged employees to bring them to life." - Brian Solis, author of What's the Future of Business #WTF, The End of Business as Usual and Engage "So often overlooked, and so very vital to building company value empowering employees to support each other and the brand. Stan Phelps 'gets' it and Green Goldfish will walk you step-by-step though achieving this critical goal." - Ted Rubin, author of Return on Relationship "Great customer centric organizations only exist because of engaged and empowered employees. The Green Goldfish is packed with awesome examples of what world class companies are doing today to inspire and reward their employees. If you see value in truly building an "A Team," Green Goldfish will be, without question, your single best reference." - Chris Zane, Founder and President of Zane's Cycles, author of Reinventing the Wheel, the Science of Creating Lifetime Customers "Stan Phelps takes customer service to a whole new level by focusing on EMPLOYEE service, and how to do well by your employees - so they take care of your customers. Packed with stories, insights and R.U.L.E.S. any company can follow, this book is a must-read for managers of companies of all shapes and sizes who know that employees don't leave jobs - they leave managers, especially when they don't feel your love and appreciation. Pick this up, and start engaging your team and making more GREEN - Phil Gerbyshak, author of The Naked Truth of Social Media "Our large-scale research shows unequivocally that engaged employees are more likely to work longer, try harder, make more suggestions for improvement, recruit others to

join their company, and go out of their way to help customers. They even take less sick time. Companies can tap into the enormous value of engaged employees by following the 15 ideas that Stan lays out in this book." - Bruce Temkin, author of *The Six Laws of Customer Experience*

"Too often, the actual employment experience delivered on the job does not measure up to the version sold to job candidates during the interview process. In *What's Your Green Goldfish*, Stan Phelps offers 15 ways to close the gap." - Steve Curtin, author of *Delight Your Customers: 7 Simple Ways to Raise Your Customer Service from Ordinary to Extraordinary* (AMACOM, June 2013)

"In *What's Your Green Goldfish*, Stan Phelps brilliantly applies the idea of 'doing a little something extra' for employees. You know, those people that actually get the work done and keep customers happy. Read it, put some of the ideas to work, and soon you'll be reaping more 'green' from your customers." - Bob Thompson, Founder and CEO, CustomerThink Corp.

Arise Sir David Beckham

Many of us live a mundane existence in which we get up, go to work, come home, and go to sleep. This cycle keeps repeating each and every day. The worst part is that we likely work a job that we don't enjoy doing, but we keep working that job in order to provide for our family. Stop right now and pay attention, because it doesn't have to be that way. This book; *Stir Up the Gift Within*, encourages people to use their talents to do what they love. It teaches people exactly how to find their talents so that they can use them to pursue their passions in life. There are bigger dreams and goals lurking inside each and every one of us; we need to stir up that gift within us. The difference between successful people and ordinary people is that successful people take action and pursue their dreams. Ordinary people tend to accept what life has thrown at them without trying to make any changes or go against the ideals of society in order to seek out that better life. All successful people found a way to use their talents to do what they love. The hardest part was learning how to do it, and that is exactly what you will learn in this book.

Bet on Talent

Presents weekly rules for developing inherent abilities, drawing on cutting-edge science and insights by international trainers in a variety of disciplines to outline techniques that tap the brain's natural programming.

Smartcuts

Lance Armstrong's War is the extraordinary story of greatness pushed to its limits; a vivid, behind-the-scenes portrait of perhaps the most accomplished athlete of our time as he vies for a historic sixth straight victory in the toughest sporting event on the planet. It is

the true story of a superlative sports figure fighting on all fronts—made newly vulnerable by age, fate, fame, doping allegations, a painful divorce, and an unprecedented army of challengers—while mastering the exceedingly difficult trick of being Lance Armstrong, a combination of world-class athlete, celebrity, regular guy, and, for many Americans, secular saint. With a new afterword by the author, featuring in-depth reporting on: Armstrong's unprecedented seventh consecutive Tour de France victory New blood doping allegations Armstrong's continuing personal and legal battles, and his retirement A fascinating journey through the little-known landscape of professional bike racing, Lance Armstrong's War provides a hugely insightful look into the often inspiring, always surprising core of a remarkable athlete and the world that shapes him.

Maggie Moore and the Secret School Diary

Clutter has a negative effect on your life. You want to live differently, but you haven't been able to make progress. Marcie Lovett, author of *The Clutter Book*, will motivate you to make the changes you want. Learn to let go of what you don't need and find room for what you value. The direct, accessible writing style and interactive exercises will inspire you to succeed. In this book, Marcie guides you through the process of letting go of the clutter that is keeping you from achieving success. Whether your clutter is caused by things, commitments or thoughts, Marcie encourages you to make the choices to conquer your challenges. If previous attempts at letting go of clutter have not been successful for you, you will benefit from the motivation and wisdom Marcie offers. Written in a straightforward and accessible style, filled with insight and real-life stories, the book enables readers to learn from the experience of others and overcome obstacles to success. You will understand why you keep clutter, save time and money by avoiding unnecessary purchases, discover the habits that hold you back, find ways to fight procrastination and create systems that allow you to retrieve and return items. Whether you want to live with less or live with what you have, this is the book for you.

The Unwanted

Typography is always one of the designer's first considerations when it comes to making a statement, and in recent years the world of lettering and type has exploded in an unprecedented wave of creative discovery. Contemporary artists, typesetters, and designers of all kinds are exploring new horizons in illustrated and hand-drawn lettering, digitally rendered lettering, and 3D lettering. This collection—large in scope but petite in size—surveys the recent lettering renaissance, showcasing a diverse range of talent in gorgeous, eye-catching examples and profiling today's innovators. In a stunning little package that expertly combines a handmade feel with a modern aesthetic, this is the ultimate inspirational collection of

contemporary lettering for design buffs and type enthusiasts alike.

What's Your Green Goldfish?

Born in east London, Beckham began his football career at Tottenham Hotspur but signed schoolboy forms for Manchester United on his 14th birthday. He was part of the team that won the FA Youth Cup in 1992 and, having made his senior debut in 1994, soon established himself as United's right - sided midfielder. Beckham was integral to the club's

Developing Talent in Young People

An easy DIY introduction to business and life analytics that EA or Environmental Analysis presents.

Fairy Dust and the Quest for the Egg

It is taken for granted in the knowledge economy that companies must employ the most talented performers to compete and succeed. Many firms try to buy stars by luring them away from competitors. But Boris Groysberg shows what an uncertain and disastrous practice this can be.

Chasing Stars offers profound insights into the fundamental nature of outstanding performance. It also offers practical guidance to individuals on how to manage their careers strategically, and to companies on how to identify, develop, and keep talent. --Publisher's description.

Little Book of Lettering

Damn Good Advice (For People With Talent!) is a look into the mind of one of America's most legendary creative thinkers, George Lois. Offering indispensable lessons, practical advice, facts, anecdotes and inspiration, this book is a timeless creative bible for all those looking to succeed in life, business and creativity. These are key lessons derived from the incomparable life of 'Master Communicator' George Lois, the original Mad Man of Madison Avenue. Written and compiled by the man The Wall Street Journal called "prodigy, enfant terrible, founder of agencies, creator of legends," each step is borne from a passion to succeed and a disdain for the status quo. Organised into inspirational, bite-sized pointers, each page offers fresh insight into the sources of success, from identifying your heroes to identifying yourself. The ideas, images and illustrations presented in this book are fresh, witty and in-your-face. Whether it's communicating your point in nanosecond, creating an explosive portfolio or making your presence felt, no one is better placed than George Lois to teach you the process of creativity. Poignant, punchy and to-the-point, Damn Good Advice (For People With Talent!) is a must have for anyone on a quest for success.

Hardball

The Secret Race

Orphaned by the Border Wars, Alina Starkov is taken to become the protégée of the mysterious Darkling, who trains her to join the magical elite in the belief that she is the Sun Summoner, who can destroy the monsters of the Fold.

The Little Book of Talent

"A toolkit for building a cohesive, innovative and successful group culture, from the New York Times bestselling author of The Talent Code. Daniel Coyle spent three years researching the question of what makes a successful group tick, visiting some of the world's most productive groups--including Pixar, Navy SEALs, Zappos, IDEO, and the San Antonio Spurs. Coyle discovered that high-performing groups relentlessly generate three key messages that enable them to excel: 1) Safety - we are connected. 2) Shared Risk - we are vulnerable together. 3) Purpose - we are part of the same story. Filled with

first-hand reporting, fascinating science, compelling real-world stories, and leadership tools that can apply to businesses, schools, sports, families, and any kind of group, The Culture Code will revolutionize how you think about creating and sustaining successful groups"--

The Little Book of Leadership

Follow Maggie's hilarious diary over one school year. She gets the worst part in the school play, her world record attempt goes disastrously wrong and as for her act in the talent show, well, let's just say she didn't expect underpants to fly out of her trumpet and land on the judge's face! Still, at least she has her three best friends, and her diary. A story about friendship, family, and resilience. Perfect for ages 8-12, with lots of doodley illustrations. This version has been checked for typos.

Penguin's Hidden Talent

What is the secret of talent? How do we unlock it? This groundbreaking work provides readers with tools they can use to maximize potential in themselves and others. Whether you're coaching soccer or teaching a child to play the piano, writing a novel or trying to improve your golf swing, this revolutionary book shows you how to grow talent by tapping into a newly discovered brain mechanism. Drawing on cutting-edge neurology and firsthand research gathered on journeys to nine of the world's talent hotbeds—from the baseball fields of the Caribbean to a classical-music academy in upstate New York—Coyle identifies the three key elements that will allow you to develop your gifts and optimize your performance in sports, art, music, math, or just about anything.

- **Deep Practice** Everyone knows that practice is a key to success. What everyone doesn't know is that specific kinds of practice can increase skill up to ten times faster than conventional practice.
- **Ignition** We all need a little motivation to get started. But what separates truly high achievers from the rest of the pack? A higher level of commitment—call it passion—born out of our deepest unconscious desires and triggered by certain primal cues. Understanding how these signals work can help you ignite passion and catalyze skill development.
- **Master Coaching** What are the secrets of the world's most effective teachers, trainers, and coaches? Discover the four virtues that enable these "talent whisperers" to fuel passion, inspire deep practice, and bring out the best in their students. These three elements work together within your brain to form myelin, a microscopic neural substance that adds vast amounts of speed and accuracy to your movements and thoughts. Scientists have discovered that myelin might just be the holy grail: the foundation of all forms of greatness, from Michelangelo's to Michael Jordan's. The good news about myelin is that it isn't fixed at birth; to the contrary, it grows, and like anything that grows, it can be cultivated and nourished. Combining revelatory analysis with illuminating

examples of regular people who have achieved greatness, this book will not only change the way you think about talent, but equip you to reach your own highest potential.

Damn Good Advice (For People with Talent!)

"Chilly? I'd figured you'd be used to it by now, Veronica," said a voice that was, as cliché as this sounds, much colder than I felt. I turned and saw a man towering over me. He had short charcoal hair that was dusted with gray. His skin was olive colored, and his eyes bloodshot. Whoever this was must have really loved black because that's the only color he wore from an inky cloak to scuffed, dark boots. His teeth had a yellowish tint to them that made his already malevolent, twisted smile even more disturbing. Once he saw my face, it faded slightly. "You're definitely not Veronica, are you? You appear shorter, but you certainly look like your predecessor. Excuse me for forgetting people and things change over four hundred years. They say the memory is the first thing to go. Anyway, I was hoping I would get back in time to finish her off, but I guess you will have to do, won't you Lealight?" I stood shivering--not from the cold that was still seeping into my veins, but from the total mortification of standing face to face with Hyvecuous. I was quite sure he didn't come to meet my acquaintance. The above is an excerpt from this epic fantasy novel. It is the first of series by author Sidney McPhail about a team of teenagers living in another dimension and time. Their charge is the protection of their Village using special "talents" and magic. Will they defeat Hyvecuous (a dark force in the Universe) before he destroys their way of life? Read this exciting story to find out!

The Little Book of Stoicism

In the vein of the international bestselling Freakonomics, award-winning journalist Matthew Syed reveals the hidden clues to success—in sports, business, school, and just about anything else that you'd want to be great at. Fans of Predictably Irrational and Malcolm Gladwell's The Tipping Point will find many interesting and helpful insights in Bounce.

A Little SPOT of Talent

Combining NT scholarship with the racy and readable style of a thriller, Theissen succeeds brilliantly in conveying the gospel story in the fresh and imaginative prose of a novel. Here is a wealth of information about Palestinian life and politics.

Chasing Stars

When it comes to running a business, the most important decisions a

leader makes are not about products or locations--they're about people. For the past 33 years, Dee Ann Turner has been recruiting, training, and retaining some of the best employees in the restaurant business. Now she's ready to share her secrets on how to build, sustain, and grow an organizational culture that attracts world-class talent and consistently delights customers, no matter what your industry. In *Bet on Talent*, Turner shows you how to - create a remarkable company culture - select, sustain, and steward talent - nurture internal relationships - create company loyalty that leads to customer loyalty - instill the practice of servant leadership within your organization - treat everyone with honor, dignity, and respect - and much more

Series Quatre

A new and impactful book on leadership from the perspective of leaders. What makes a leader relevant? It's not their place of employment, job title, experience, or status in life?it's their resilience. The true measure of any leader is his or her ability to react based on past experience and gut feelings, respond in real time to current circumstances, and then to recover quickly and move on with new lessons learned. *The Little Book of Leadership* combines classic style with the latest innovations to challenges the reader to self-evaluate every facet of their leadership, coaching, and communication abilities in order to better formulate what actions can be taken to improve their natural skills. Ideas and answers are provided for every challenge. Chapters include information about the 12.5 leadership strengths: From insights to legacy and every element in between. *Morale, Attitude, Resilience, Opportunity, Guts, Measurement, Coach, Celebration, Next-level, and Lost Secret of Leadership* Foreword by Dr. Paul "Doc" Hersey, creator of *Situational Leadership* Other books by Gitomer: *The Sales Bible: The Ultimate Sales Resource, Revised Edition*, also by Wiley, *The Little Red Book of Selling* (Bard Press) *The Little Gold Book of YES! Attitude* (Pearson) Whereas other books rely on theory or philosophy, *The Little Book of Leadership* takes leadership into the real world of business, providing proven methods for becoming a successful leader.

The Red and the Black

A children's full color with a lesson attached. I used ants for the characters because they work hard.

Believing

Penguin helps organize the annual talent show because he cannot identify his own gift, but when the show is over and the performers throw a party to show how much they appreciate Penguin's work, his aptitude becomes clear

Agile Talent

Entrepreneur and journalist Shane Snow (Wired, Fast Company, The New Yorker, and cofounder of Contently) analyzes the lives of people and companies that do incredible things in implausibly short time. How do some startups go from zero to billions in mere months? How did Alexander the Great, YouTube tycoon Michelle Phan, and Tonight Show host Jimmy Fallon climb to the top in less time than it takes most of us to get a promotion? What do high-growth businesses, world-class heart surgeons, and underdog marketers do in common to beat the norm? One way or another, they do it like computer hackers. They employ what psychologists call "lateral thinking: to rethink convention and break "rules" that aren't rules. These are not shortcuts, which produce often dubious short-term gains, but ethical "smartcuts" that eliminate unnecessary effort and yield sustainable momentum. In Smartcuts, Snow shatters common wisdom about success, revealing how conventions like "paying dues" prevent progress, why kids shouldn't learn times tables, and how, paradoxically, it's easier to build a huge business than a small one. From SpaceX to The Cuban Revolution, from Ferrari to Skrillex, Smartcuts is a narrative adventure that busts old myths about success and shows how innovators and icons do the incredible by working smarter—and how perhaps the rest of us can, too.

The Little Book of Talent

Fairy Haven's newest arrival, Prilla, along with Rani and Vidia, embarks on a journey filled with danger, sacrifice, and adventure. The fate of Never Land rests on their shoulders.

The Shadow of the Galilean

The secret to achieving the life you always wanted is found in this book. No matter who you are or what your circumstances are Unqualified Success will give you practical and real tools that can be implemented today to achieve your goals. BE AN UNQUALIFIED SUCCESS The difference between those who achieve massive success and those who only wish they could is not qualification. Instead, everything you need to live the life of your dreams already exists inside of you and can be harnessed and developed through practice. THE CATALYST TO ACT This book teaches the principles and gives you real-life tools to put your own power into action. In doing so, you will have the skills to accomplish anything you want in your life. No matter if you are wanting to take the next massive leap in your career or need the courage to act towards the dream you have been waiting to pursue, this book will help you get there. "As a business leader, the principles in Unqualified Success resulted in tens of millions in growth, positioned me as a leader in my industry, gave me the courage to launch a technology company, write a book, and more importantly, have fun and confidence doing it." "Rachel Stewart has absolutely nailed the #1 foible in mind

management-how we undermine and discredit ourselves-and teaches specifically what to do about it! So genuine, so accurate, so doable! This is the best, most well-written book on personal success thus far in the 21st century. 100% Unqualified Endorsement." Dr. Dennis R Deaton, author The Book on Mind Management www.unqualifiedtools.com

The Talent Code

This compelling, highly actionable guide shows you how to deal more effectively with whatever life throws at you and live up to your best self. A mix of timeless wisdom and empowering advice, The Little Book of Stoicism will point the way to anyone seeking a calm and wise life in a chaotic world.

Unqualified Success: Bridging the Gap From Where You Are Today to Where You Want to Be to Achieve Massive Success

"This book is a breakthrough, a lyrical, powerful, science-based narrative that actually shows us how to get better (much better) at the things we care about."—Seth Godin, author of Linchpin "Anyone who wants to get better at anything should read [Peak]. Rest assured that the book is not mere theory. Ericsson's research focuses on the real world, and he explains in detail, with examples, how all of us can apply the principles of great performance in our work or in any other part of our lives."—Fortune Anders Ericsson has made a career studying chess champions, violin virtuosos, star athletes, and memory mavens. Peak distills three decades of myth-shattering research into a powerful learning strategy that is fundamentally different from the way people traditionally think about acquiring new abilities. Whether you want to stand out at work, improve your athletic or musical performance, or help your child achieve academic goals, Ericsson's revolutionary methods will show you how to improve at almost any skill that matters to you. "The science of excellence can be divided into two eras: before Ericsson and after Ericsson. His groundbreaking work, captured in this brilliantly useful book, provides us with a blueprint for achieving the most important and life-changing work possible: to become a little bit better each day."—Dan Coyle, author of The Talent Code "Ericsson's research has revolutionized how we think about human achievement. If everyone would take the lessons of this book to heart, it could truly change the world."—Joshua Foer, author of Moonwalking with Einstein

Lance Armstrong's War

A manual for building a faster brain and a better you! The Little Book of Talent is an easy-to-use handbook of scientifically proven, field-tested methods to improve skills—your skills, your kids' skills, your organization's skills—in sports, music, art, math, and business. The product of five years of reporting from the world's greatest talent

hotbeds and interviews with successful master coaches, it distills the daunting complexity of skill development into 52 clear, concise directives. Whether you're age 10 or 100, whether you're on the sports field or the stage, in the classroom or the corner office, this is an essential guide for anyone who ever asked, "How do I get better?"

Praise for The Little Book of Talent "The Little Book of Talent should be given to every graduate at commencement, every new parent in a delivery room, every executive on the first day of work. It is a guidebook—beautiful in its simplicity and backed by hard science—for nurturing excellence."—Charles Duhigg, bestselling author of *The Power of Habit* "It's so juvenile to throw around hyperbolic terms such as 'life-changing,' but there's no other way to describe The Little Book of Talent. I was avidly trying new things within the first half hour of reading it and haven't stopped since. Brilliant. And yes: life-changing."—Tom Peters, co-author of *In Search of Excellence*
