The Mystery of the Blue Train

In The Blue Last, Richard Jury finally faces the last thing in the

world he wants to deal with—the war that killed his mother, his father, his childhood. Mickey Haggerty, a DCI with the London City police, has asked for Jury's help. Two skeletons have been unearthed in the City during the excavation of London's last bombsite, where once a pub stood called the The Blue Last. Mickey believes that a child who survived the bombing has been posing for over fifty years as a child who didn't. The grandchild of brewery magnet Oliver Tyndale supposedly survived that December 1940 bombing . . . but did she? Mickey also has a murder to solve. Simon Croft, prosperous City financial broker, and son of the one-time owner of The Blue Last is found shot to death in his Thames-side house. But the book he was writing about London during the German blitzkrieg has disappeared. Jury wants to get eyes and ears into Tynedale Lodge, and looks to his friend, Melrose Plant, to play the role. Reluctantly, Plant plays it, accompanied on his rounds of the Lodge gardens by nine-year-old Gemma Trim, orphan and ward of Oliver Tyndale; and Benny Keagan, a resourceful twelve-year-old orphaned delivery boy. And Richard Jury may not make it out alive. A stolen book, stolen lives, or is any of this what it seems? Identity, memory, provenance - these are all called into question in The Blue Last

Devil in a Blue Dress

Edgar award nominee James N. Frey, author of the internationally best-selling books on the craft of writing, *How to Write a Damn Good Novel*, *How to Write a Damn Good Novel II: Advanced Techniques*, and *The Key: How to Write Damn Good Fiction Using the Power of Myth*, has now written what is certain to become the standard "how to" book for mystery writing, *How to Write a Damn Good Mystery*. Frey urges writers to aim high-not to try to write a good-enough-to-get-published mystery, but a damn good mystery. A damn good mystery is first a dramatic novel, Frey insists-a dramatic novel with living, breathing characters-and he shows his readers how to create a living, breathing, believable character who will be clever and resourceful, willful and resolute, and will be what Frey calls "the author of the plot behind the plot." Frey then shows, in his well-known, entertaining, and accessible (and often humorous) style, how the characters-the entire ensemble, including the murderer, the detective, the authorities, the victims, the suspects, the witnesses and the bystanders-create a complete and coherent world. Exploring both the on-stage action and the behind-the-scenes intrigue, Frey shows prospective writers how to

build a fleshed-out, believable, and logical world. He shows them exactly which parts of that world show up in the pages of a damn good mystery—and which parts are held back just long enough to keep the reader guessing. This is an indispensable step-by-step guide for anyone who's ever dreamed of writing a damn good mystery.
