Two new exhibitions at the Vancouver Art Gallery explore

How to use visual storytelling in content marketing. A visual story, or a visual narrative, is told primarily through visual content. Emphasis on the primarily, otherwise you're left with photography and silent film. Some of the more visual-heavy examples in content marketing include photo-based case studies, videos and 2D and 3D animations.

A Brief History of Children's Picture Books and the Art of

Barnese is the host of Pinestories, a nonfiction storytelling competition which has taken a hiatus, as most events have since COVID, and is now returning to the virtual world of Flagstaff on

Society of Visual Storytelling

Visual storytelling's power comes from the ability to convey a lot of information at a glance. I would argue that a tactile pop-up book is able to convey even more information. There's a sense of scale and wonder you get with 3D representations that two dimensions can never quite cover.
