The Warren Buffett Philosophy of Investment: How a Combination of Value Investing and Smart Acquisitions Drives Extraordinary Success

In the world of investing, the name Warren Buffett is synonymous with success and prosperity. Learn how Warren Buffett did it and how you can too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create Buffettology, a one-of-a-kind investment guide that explains the winning strategies of the master. * Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man * Use Buffett's proven method of investing in stocks that will continue to grow over time * Master the straightforward mathematical equipments that assist Buffett in making investments * Examine the kinds of companies that capture Buffett's interest, and learn how you can use this information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett companies" -- companies in which Buffett has invested and which the authors believe he continues to follow -- Buffettology can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

Warren Buffett's Ground Rules

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques."

□Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." □John C. Bogle, founder of The Vanguard Group and author, The Little Book of Common Sense Investing "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book."

□Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, The Warren Buffett Way, Second Edition "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." □Steve Halpern, Editor, www.thestockadvisors.com

The Interpretation of Financial Statements

Compiled by the son of the cofounder of H&R Block, a collection of business quotes and advice from the most successful investor of the twentieth century, Warren Buffett. Warren Buffett, chairman and CEO of Berkshire Hathaway, is widely considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proved himself to be an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the fifth-largest public company in the world, valued at nearly \$350 billion. Buffett is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

and their investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. My Warren Buffett Bible contains nearly three hundred quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

Warren Buffett Speaks

Previous editions of this comprehensive reference book have been called a required reading for students, investors, and writers by "USA Today," and a teeming reservoir of information by the "Oakland Tribune." Updated to reflect the 2006 investment climate, the new edition of Barron's "Finance and Investment Handbook" presents a financial dictionary of more than 5,000 terms, an analysis of many current investment opportunities, guidelines for non-experts on what to look for when reading corporate reports and financial news sources, an up-to-date directory of hundreds of publicly traded corporations in the United States and Canada, and a directory listing the names and addresses of brokerage houses, mutual funds families, banks, federal and state regulators, and other major financial institutions. Here in one big volume is indispensable information for planning and maintaining a healthy investment portfolio.

The Accounting Game

Buffettology

The purpose of this book is to help readers understand the basics of understanding financial statements. Material covered includes a step-by-step instruction on how to read and understand the balance sheet, the income statement, and the cash flow statement. It also covers information about how these three statements are interconnected with one another.

The Basics of Understanding Financial Statements

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in Buffettology and Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

Buffett's Bites: The Essential Investor's Guide to Warren Buffett's Shareholder Letters

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

Using the letters Warren Buffett wrote to his partners between 1956 and 1970, a veteran financial advisor presents the renowned guru's "ground rules" for investing—guidelines that remain startlingly relevant today. In the fourteen years between his time in New York with value-investing guru Benjamin Graham and his start as chairman of Berkshire Hathaway, Warren Buffett managed Buffett Partnership Limited, his first professional investing partnership. Over the course of that time—a period in which he experienced an unprecedented record of success—Buffett wrote semiannual letters to his small but growing group of partners, sharing his thoughts, approaches, and reflections. Compiled for the first time and with Buffett's permission, the letters spotlight his contrarian diversification strategy, his almost religious celebration of compounding interest, his preference for conservative rather than conventional decision making, and his goal and tactics for bettering market results by at least 10% annually. Demonstrating Buffett's intellectual rigor, they provide a framework to the craft of investing that had not existed before: Buffett built upon the quantitative contributions made by his famous teacher, Benjamin Graham, demonstrating how they could be applied and improved. Jeremy Miller reveals how these letters offer us a rare look into Buffett's mind and offer accessible lessons in control and discipline—effective in bull and bear markets alike, and in all types of investing climates—that are the bedrock of his success. Warren Buffett's Ground Rules paints a portrait of the sage as a young investor during a time when he developed the long-term value-oriented strategy that helped him build the foundation of his wealth—rules for success every investor needs today.

The Intelligent Investor

An updated edition of the bestselling collection of timeless wisdom from the world's greatest investor

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

Readers of Warren Buffett's letters to Berkshire Hathaway shareholders have gained an enormously valuable informal education in the art of investing. Broad in scope and long on wisdom, Buffett's letters explain his principles on sound investing, selecting managers, valuing businesses, using financial information profitably, and other vital topics for investors. This newly updated Fourth Edition includes Buffett's latest wisdom on such topics as the financial crisis, the housing bubble, corporate governance, Berkshire Hathaway's acquisition of Burlington Northern Santa Fe, the role of oversight in heavily regulated industries, today's best investing opportunities, and the weaknesses of popular option valuation models. Features investing advice in plain English from one of the world's most legendary investors Includes Buffett's insights on the current financial crisis and recession Offers new and potent insight on good corporate governance and other issues vital to executives and managers For investors, corporate executives, managers, and Buffett fans, *The Essays of Warren Buffett, Fourth Edition* features the kind of wisdom on investing, finance, and leadership that can be found nowhere else.

Security Analysis: Sixth Edition, Foreword by Warren Buffett

"This book—the fullness, depth, and beauty of Sarah Bessey's faith and artistic genius—is a miracle" (Glennon Doyle, #1 New York Times bestselling author of *Love Warrior*) and an unforgettable and life-affirming exploration of how trauma can strengthen your faith and miracles can be found in unexpected places. In the brief instant Sarah Bessey realized that her minivan was, inevitably, going to hit the car on the highway on the bright, clear day of the crash, she knew intuitively that it would have life-changing consequences. But as she navigated the winding path from her life before the accident—as a popular author, preacher, and loving wife and mother—to her new life after, inhabiting a body that no longer felt

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

like her own, she found that the most unexpected result was how it shook her deeply rooted faith, upending everything she thought she knew and held so dearly. Weaving together theology and memoir, Sarah delivers "a well-written reminder of seeing the miracles in life's highs and lows" (Library Journal). The road of healing leads to Rome where she met the Pope (it's complicated) and encountered the Holy Spirit in the last place she expected. She writes about her miraculous healing, learning to live with chronic pain, and the ways God makes us whole in the midst of suffering. She invites us to a path of knowing God that is filled with ordinary miracles, hope in the face of overwhelming evidence to the contrary, and other completely reasonable things. Insightful, profound, and unexpected, "Sarah's writing is so breathtaking, sometimes you think you are reading poetry. The story is so thrilling, sometimes you think you are devouring a novel. And the Spirit she describes is so compelling, you'll swear you experienced a revival. You won't put it down once until you close the last page" (Jen Hatmaker, New York Times bestselling author).

Warren Buffett on Business

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Warren Buffett's successful perspective. Buffett and Clark clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham (*The Interpretation of Financial Statements*, 1937), this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Potential investors will discover:

- Buffett's time-tested dos and don'ts for interpreting an income statement and balance sheet
- Why high

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

research and development costs can kill a great business □ How much debt Buffett thinks a company can carry before it becomes too dangerous to touch □ The financial ratios and calculations that Buffett uses to identify the company with a durable competitive advantage -- which he believes makes for the winning long-term investment □ How Buffett uses financial statements to value a company □ What kinds of companies Warren stays away from no matter how cheap their selling price Once readers complete and master Buffett's simple financial calculations and methods for interpreting a company's financial statement, they'll be well on their way to identifying which companies are going to be tomorrow's winners -- and which will be the losers they should avoid at all costs. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

The Warren Buffett Portfolio

Many books on investing merely hint at how to make money in stocks or how to invest like Warren Buffett, but few provide concrete examples or the tools necessary to do so. This book examines some of Warren Buffett's past stock purchases and clearly breaks down the process and calculations used to determine why the companies were considered undervalued. The information within this book will help beginners and more experienced investors learn exactly: What are stocks How to buy stocks What is value investing What is fundamental analysis How to calculate financial ratios What qualities make for a good company and stock How to determine the value of a company How to compare companies within the same industry How to ensure you're not paying too much for a stock If want to learn how to invest in the stock market, or simply want to ensure you're buying stocks at the right price, then look no further.

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

This book will help you uncover undervalued stocks with the greatest potential for long-term financial security and growth.

The Interpretation of Financial Statements

This book IS: Completely interactive with over 10 hours of video content. A starting point for amateur and intermediate investors to finally understand the content found in *The Intelligent Investor*, *Security Analysis*, and *The Wealth of Nations*. Easy to understand, yet covers complex topics for stocks, bonds, and preferred shares. Did you know Warren Buffett, the world's wealthiest stock investor, is quoted as saying three books have shaped his investment philosophy? For more than half a century, he used the information provided in these three books to go from nothing - to a massive \$39 billion net worth. The three books that gave him this wisdom are: *The Wealth of Nations* (pub. 1776) by Adam Smith, *Security Analysis* (pub. 1934) by Benjamin Graham, and *The Intelligent Investor* (pub. 1949), also by Benjamin Graham. In fact, Benjamin Graham was Buffett's professor at Columbia and the most influential financial advisor he ever had. So, have you ever tried reading Graham's books? Many might agree the books are as exciting as listening to Ben Stein read the 30th page of *The Wall Street Journal*. It is time we fixed that. Instead of keeping these billion-dollar secrets hidden behind thousands of pages of financial jargon, I wrote one simple guide - *Warren Buffett's Three Favorite Books*. If you're looking for a guide that explains how the wealthy really think and buy assets, you're in the right place. This isn't a get-rich-quick book. Instead, this is where your investing techniques take a turn in the road. This book will teach you how to accumulate assets and become very wealthy over decades of wise decisions and proper asset valuation. The best part about the book is the methods are taught in an easy-to-follow and

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

understandable scenario for all to enjoy!

Accounting Made Simple

How to Think Like Benjamin Graham and Invest Like Warren Buffett wraps a lifetime of investing wisdom into one highly accessible package. An intelligent guide to analyzing and valuing investment targets, it tells investors what questions to ask, what answers to expect, and how to approach any stock as a skeptical, common-sense business analyst. Above all, this fast-paced book provides investors with the tools they need to thoroughly value any business in which they might invest. A common-sense approach to investing, this book discusses: Three things investors must get from a financial statement Valuation examples from today's top companies including GE, Amazon, Microsoft, and Disney Why prices deviate from actual values

The Snowball

There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

The Warren Buffett Stock Portfolio

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

Security Analysis

Presents a summary of David Dodd and Benjamin Graham's original 1934 guide to value investing, with strategies and advice that are still relevant in the twenty-first century. Includes chapter-by-chapter

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

summaries, analysis, outlines, and themes found throughout the book.

Security Analysis 6E

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 *The Snowball* is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, *The Snowball* is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. *The Snowball* provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

50 Berkshire Hathaway Letters to Shareholders 1965-2014

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

Social Value Investing presents a new way to approach some of society's most difficult and intractable challenges. Although many of our world's problems may seem too great and too complex to solve — inequality, climate change, affordable housing, corruption, healthcare, food insecurity — solutions to these challenges do exist, and will be found through new partnerships bringing together leaders from the public, private, and philanthropic sectors. In their new book, Howard W. Buffett and William B. Eimicke present a five-point management framework for developing and measuring the success of such partnerships. Inspired by value investing — one of history's most successful investment paradigms — this framework provides tools to maximize collaborative efficiency and positive social impact, so that major public programs can deliver innovative, inclusive, and long-lasting solutions. It also offers practical insights for any private sector CEO, public sector administrator, or nonprofit manager hoping to build successful cross-sector collaborations. *Social Value Investing* tells the compelling stories of cross-sector partnerships from around the world — Central Park and the High Line in New York City, community-led economic development in Afghanistan, and improved public services in cities across Brazil. Drawing on lessons and observations from a broad selection of collaborations, this book combines real life stories with detailed analysis, resulting in a blueprint for effective, sustainable partnerships that serve the public interest. Readers also gain access to original, academic case material and professionally produced video documentaries for every major partnership profiled — bringing to life the people and stories in a way that few other business or management books have done.

Financial Statements

"As with his weekly column, James Montier's *Value Investing* is a must read for all students of the

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

financial markets. In short order, Montier shreds the 'efficient market hypothesis', elucidates the pertinence of behavioral finance, and explains the crucial difference between investment process and investment outcomes. Montier makes his arguments with clear insight and spirited good humor, and then backs them up with cold hard facts. Buy this book for yourself, and for anyone you know who cares about their capital!" □Seth Klarman, President, The Baupost Group LLC The seductive elegance of classical finance theory is powerful, yet value investing requires that we reject both the precepts of modern portfolio theory (MPT) and pretty much all of its tools and techniques. In this important new book, the highly respected and controversial value investor and behavioural analyst, James Montier explains how value investing is the only tried and tested method of delivering sustainable long-term returns. James shows you why everything you learnt at business school is wrong; how to think properly about valuation and risk; how to avoid the dangers of growth investing; how to be a contrarian; how to short stocks; how to avoid value traps; how to hedge ignorance using cheap insurance. Crucially he also gives real time examples of the principles outlined in the context of the 2008/09 financial crisis. In this book James shares his tried and tested techniques and provides the latest and most cutting edge tools you will need to deploy the value approach successfully. It provides you with the tools to start thinking in a different fashion about the way in which you invest, introducing the ways of over-riding the emotional distractions that will bedevil the pursuit of a value approach and ultimately think and act differently from the herd.

Value Investing

Paul Sullivan shows how people can make better financial decisions, and come to terms with what

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

money means to them. He lays out they can avoid the pitfalls around saving, spending and giving their money away, and think differently about wealth to lead more secure and less stressful lives. An essential complement to all of the financial advice available, this unique guide is a welcome antidote to the idea that wealth is a number on a bank statement.

Barron's Finance & Investment Handbook

Accounting by Joe Booth is a developer's guide to basic accounting. Written with business app development in mind, Booth discusses some of the most common accounting processes, including assets, multiple accounts, journaling, posting, inventory, and payroll. An appendix includes SQL code examples to get you started with several basic accounting transactions. This updated and expanded second edition of Book provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subject's core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject . We hope you find this book useful in shaping your future career & Business.

Laughing at Wall Street

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

lessons from that year. This book compiles those thirty years of wisdom for the first time.

Miracles and Other Reasonable Things

INVESTING PRINCIPLES FROM THE MASTER Ignore Sound Bites That Rattle Markets Treat Market Pessimism as Your Friend Do the Little Things Right Protect Your Capital When the Facts Turn Upside Down Rely on CEOs Who Nurture Healthy Corporate Cultures Remember That Large, Unfathomable Derivatives Are Still Financial Weapons of Mass Destruction Seek Simplicity and Candor Millions of people download Warren Buffett's shareholder letters, searching for tips from the world's greatest investor. Many miss the best part of his letter: his principles. It is their loss. Following these principles, Buffett has turned Berkshire Hathaway, a struggling textile manufacturer, into one of the most respected companies in the world. Early investors have become billionaires. This essential guide to Buffett's shareholder letters highlights what the pundits aren't telling you and what you can learn about building long-lasting wealth. Warren Buffett is one of the most successful investors in history. His annual letters to Berkshire Hathaway shareholders have attained legendary status among Wall Street and Main Street investors. Each informative and entertaining letter offers lessons about life, business, and the art of investing that are essential to creating long-lasting wealth. They are based on Buffett's dogged pursuit of the Golden Rule of ownermanager partnership: Treat shareholders the way you would want to be treated—if you were in their place. In Buffett's Bites, L. J. Rittenhouse, CEO candor expert and former Wall Street banker, serves up an in-depth look at Buffett's 2008 shareholder letter, highlighting 25 tantalizing nuggets of wisdom. These "bites" afford an inside look at Buffett's unconventional ways that have created Berkshire Hathaway's unrivaled success. With unflinching honesty and insight, the "Oracle

of Omaha" talks candidly about today's turbulent market: what makes a company worth investing in; why you shouldn't panic when experts insist "the sky is falling"; when to re-evaluate your portfolio; and how to invest safely and wisely for the long haul. Each savory bite is enhanced with practical information and a timeless moral that can be applied to your own wealth-building strategies.

The Essays of Warren Buffett

"A road map for investing that I have now been following for 57 years." --From the Foreword by Warren E. Buffett First published in 1934, *Security Analysis* is one of the most influential financial books ever written. Selling more than one million copies through five editions, it has provided generations of investors with the timeless value investing philosophy and techniques of Benjamin Graham and David L. Dodd. As relevant today as when they first appeared nearly 75 years ago, the teachings of Benjamin Graham, "the father of value investing," have withstood the test of time across a wide diversity of market conditions, countries, and asset classes. This new sixth edition, based on the classic 1940 version, is enhanced with 200 additional pages of commentary from some of today's leading Wall Street money managers. These masters of value investing explain why the principles and techniques of Graham and Dodd are still highly relevant even in today's vastly different markets. The contributor list includes: Seth A. Klarman, president of The Baupost Group, L.L.C. and author of *Margin of Safety* James Grant, founder of *Grant's Interest Rate Observer*, general partner of *Nippon Partners* Jeffrey M. Laderman, twenty-five year veteran of *BusinessWeek* Roger Lowenstein, author of *Buffett: The Making of an American Capitalist* and *When America Aged and Outside Director*, *Sequoia Fund* Howard S. Marks, CFA, Chairman and Co-Founder, *Oaktree Capital Management L.P.* J. Ezra Merkin, Managing Partner,

Have you ever tried to read "The Intelligent Investor"? It's not easy! With 100 page summaries, you'll finally find Benjamin Graham's classic investing text accessible to even the newest investor.

The Thin Green Line

Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. The incredible landmark portrait of Warren Buffett's uniquely American life is now available in paperback, revised and updated by the author. Starting from scratch, simply by picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century--an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett's investment strategy--a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces--and shows how it is a reflection of his inner self.

The Little Book of Value Investing

Buying a dollar's worth of assets for 50 cents isn't the only way to succeed on Wall Street. But it is how Warren Buffett got rich. Just as value investing never goes out of style, neither does the value investor's bible, *Security Analysis*, by Benjamin Graham and David L. Dodd, which has withstood the test of time as well or better than any investment book ever published. Now the Sixth Edition updates the masters' ideas and adapts them for the 21st century's markets.

University of Berkshire Hathaway

The author weaves pearls of wisdom from Warren Buffet into an engaging narrative, organized into business and management topics, in a book that provides direct hands-on information for entrepreneurs, business students and more.

Warren Buffett's Three Favorite Books

"Teaches essential accounting terminology and techniques that serious stock investors need to know." --
Preface

How To Think Like Benjamin Graham and Invest Like Warren Buffett

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

Provides an introduction to financial accounting for non-financial managers by way of a transaction-based, business training tool. Includes real-life examples of how financial statements are built and how they interact to present a true financial picture of the enterprise.

The Buffett Essays Symposium

Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia.

My Warren Buffett Bible

Free Copy Warren Buffett Accounting Book Reading Financial Statements For Value Investing

A clear, simple, and complete guide for beginning investors from bestselling author Mary Buffett and Sean Seah that explains Warren Buffett's techniques of Value Investing and his proven strategies to ensure long-term success. For twelve years, Mary Buffett was part of the Buffett inner circle. During that time, she studied Warren's investment strategies and techniques and observed his habits. Now, in *7 Secrets to Investing Like Warren Buffett*, Mary and Sean Seah provide a complete guide for beginning investors who want to understand how to invest like Warren Buffett. Mary and Sean walk readers through the process of assessing and buying stocks step-by-step. Their friendly and direct style and concrete examples make it easy to understand how to avoid common pitfalls and prosper in the stock market. The first section of the book discusses habits to adopt to begin a lifelong journey of wealth building. The second section examines specific stock-picking techniques inspired by Buffett's teacher Benjamin Graham and that are vastly different from the common Wall Street wisdom of trying to time the market. The authors look at timeless principles as well as latest ideas on where to find great investment ideas, and they share the specific financial indicators they look for in a good investment. Finally, Mary and Sean explain how to build and track a portfolio of stocks. From learning how to read financial statements to preparing both personal and professional balance sheets, *7 Secrets to Investing Like Warren Buffett* is a must-have companion for every investor. Simple questionnaires, charts, and graphs help illustrate specific strategies. The authors' personal stories provide a clear explanation of the theory behind Value Investing, as well as advice for developing the necessary "soft skills"—habits, mindset, loving what you do, taking care of your mind and body—that have made Warren Buffett and many others so successful.

Warren Buffett and the Interpretation of Financial Statements

"Fantastic Learning Tool Don't let this book title fool you. It is not an oversimplification of accounting and financial principles. It is, however, a serious and very effective examination of a very small but progressively complex business. There are not many books available on the market that make a complex and dry subject understandable and even fun. This book successfully does just that." -Amazon Reviewer

The Clearest Explanation Ever of the Key Accounting Basics The world of accounting can be intimidating. Whether you're a manager, business owner or aspiring entrepreneur, you've likely found yourself needing to know basic accounting but baffled by complicated accounting books. What if learning accounting could be as simple and fun as running a child's lemonade stand? It can. The Accounting Game presents financial information in a format so simple and so unlike a common accounting textbook, you may forget you're learning key skills that will help you get ahead! Using the world of a child's lemonade stand to teach the basics of managing your finances, this book makes a dry subject fun and understandable. As you run your stand, you'll begin to understand and apply financial terms and concepts like assets, liabilities, earnings, inventory and notes payable, plus:

- Interactive format gives you hands-on experience
- Color-coded charts and worksheets help you remember key terms
- Step-by-step process takes you from novice to expert with ease
- Fun story format speeds retention of essential concepts
- Designed to apply what you learn to the real world

The revolutionary approach of The Accounting Game takes the difficult subjects of accounting and business finance and makes them something you can easily learn, understand, remember and use! "The game approach makes the subject matter most understandable. I highly recommend it to anyone frightened by either numbers or accountants." -John Hernandis, Director of Corporate Communications, American Greetings

Buying Like Buffett: How to Find Undervalued Stocks and Invest Like Warren Buffett

"All investors, from beginners to old hands, should gain from the use of this guide, as I have." From the Introduction by Michael F. Price, president, Franklin Mutual Advisors, Inc. Benjamin Graham has been called the most important investment thinker of the twentieth century. As a master investor, pioneering stock analyst, and mentor to investment superstars, he has no peer. The volume you hold in your hands is Graham's timeless guide to interpreting and understanding financial statements. It has long been out of print, but now joins Graham's other masterpieces, *The Intelligent Investor* and *Security Analysis*, as the three priceless keys to understanding Graham and value investing. The advice he offers in this book is as useful and prescient today as it was sixty years ago. As he writes in the preface, "if you have precise information as to a company's present financial position and its past earnings record, you are better equipped to gauge its future possibilities. And this is the essential function and value of security analysis." Written just three years after his landmark *Security Analysis*, *The Interpretation of Financial Statements* gets to the heart of the master's ideas on value investing in astonishingly few pages. Readers will learn to analyze a company's balance sheets and income statements and arrive at a true understanding of its financial position and earnings record. Graham provides simple tests any reader can apply to determine the financial health and well-being of any company. This volume is an exact text replica of the first edition of *The Interpretation of Financial Statements*, published by Harper & Brothers in 1937. Graham's original language has been restored, and readers can be assured that every idea and technique presented here appears exactly as Graham intended. Highly practical and accessible, it is an essential guide for all business people--and makes the perfect companion volume to Graham's investment masterpiece *The Intelligent Investor*.

The Five Rules for Successful Stock Investing "By resisting both the popular tendency to use gimmicks that oversimplify securities analysis and the academic tendency to use jargon that obfuscates common sense, Pat Dorsey has written a substantial and useful book. His methodology is sound, his examples clear, and his approach timeless." --Christopher C. Davis Portfolio Manager and Chairman, Davis Advisors Over the years, people from around the world have turned to Morningstar for strong, independent, and reliable advice. The Five Rules for Successful Stock Investing provides the kind of savvy financial guidance only a company like Morningstar could offer. Based on the philosophy that "investing should be fun, but not a game," this comprehensive guide will put even the most cautious investors back on the right track by helping them pick the right stocks, find great companies, and understand the driving forces behind different industries--without paying too much for their investments. Written by Morningstar's Director of Stock Analysis, Pat Dorsey, The Five Rules for Successful Stock Investing includes unparalleled stock research and investment strategies covering a wide range of stock-related topics. Investors will profit from such tips as: * How to dig into a financial statement and find hidden gold . . . and deception * How to find great companies that will create shareholder wealth * How to analyze every corner of the market, from banks to health care Informative and highly accessible, The Five Rules for Successful Stock Investing should be required reading for anyone looking for the right investment opportunities in today's ever-changing market.

Buffett

Among the landmark occasions in the legendary history of Berkshire Hathaway and its iconic co-leaders, Warren Buffett and Charlie Munger, was a 1996 symposium held in New York at Cardozo Law School. The focus of the symposium was Warren's letters to Berkshire shareholders. The format was a series of panels with two dozen different experts dissecting all the ideas in the letters, about corporate governance, takeovers, investing, and accounting. Intellectual sparks illuminated the two-day affair, which drew unusual press interest for an academic convocation. While the principal tangible result of the conference was the publication of the international best-seller, *The Essays of Warren Buffett: Lessons for Corporate America*, the transcript of the symposium is now being made available with annotations and updated commentary that show just how timeless the topics are and how venerable the principles Buffett laid out remain. I had the honor of hosting the event, editing *The Essays*, and now publishing this archival treasure, with current assessments by such luminaries as Robert Hagstrom as well as several participants from the original symposium.
